

## Canadians in Drive on Lens Restore to France Productive Coal Mines

Cost In Casualties Far Less Than In Some Minor Operations—Gain Of Ground Greater Than In Any Action Since Capture Of Vimy Ridge—Coulette, Leavette and Almost All Avion Firmly Held—Result Due To Intimate Co-Operation Of All Arms of Service.

(By Canadian Overseas Correspondent)  
CANADIAN HEADQUARTERS IN FRANCE, Friday, June 29.—The value of the Canadian drive on the Lens front, which has been complete, at a cost in casualties far less than in some recent unimportant engagements has attended the drive of the Canadians along the valley of the Souchez toward Lens during the past week. The gain of ground is greater than in any action since the capture of Vimy Ridge, and the land restored to France includes some of her most productive coal mines. Coulette, Leavette, and almost all of Avion, are firmly held and on that part of the plain east of Vimy where, in the open, erect and unperforated, this result was obtained by the intimate co-operation between the infantry and artillery arms of the service, which has done so well to give the Canadians an honorable name at the front. A splendid physical condition of the men in the trenches, as well as their unquenchable spirit, has been of vital importance.

**Hand-to-Hand Fighting**  
Lying out in the water-soaked ground along the Souchez river this afternoon, still under fire are the troops who attacked the enemy at 2.30 o'clock on Thursday morning in the outskirts of Avion. The Germans put up a resistance so strong that some of the advanced parties were forced to retire. At seven o'clock in the morning they attacked again and after hard hand-to-hand fighting, the result of which was seen in the number of German dead remaining on the field, they pressed forward toward the western part of the village. The same men took part in a third attack with a result of twenty-four prisoners. This was launched at 7 o'clock last night, and after they had once again reached the goal set for them they laid themselves down to sleep the sleep of utter exhaustion amid a downpour of torrential rain.

Paul, speaking of the heroes of the

## FOUR LARGE CARGO BOATS TORPEDOED

Belonged To Cunard, Wilson And American Line—No Passengers.

(By Morning Bulletin Leased Wire)  
BOSTON, June 29.—The torpedoing and sinking of four large British cargo carriers was announced in a despatch to local insurance offices today. The steamer was the *Utopia* of the Cunard line, 10,400 tons; *Haverford*, of the American line, 11,645 tons; *Buffalo*, Wilson line, 4,105 tons, and the *Manistee*, another Cunard vessel, 3,869 tons. No details of the losses were given and no mention was made of the fate of the crews.

It was believed by steamship agents here that some or all of the steamships may have been included in the list of sinkings announced from London Wednesday night.

The *Utopia* and *Manistee*, it was said, were bound with cargoes of grain and other food supplies from New York for English ports and the *Buffalo* was returning from Hull for New York. The *Haverford* had been engaged in the Philadelphia-Liverpool service, but there was no information at hand tonight as to where she was bound when torpedoed.

NEW YORK, June 29.—Neither the steamship *Utopia*, nor the *Manistee*, reported torpedoed and sunk, carried other passengers or troops, according to representatives of the Cunard line, who had not been officially informed tonight of the loss of the two vessels.

American liner *Haverford*, which was under British registry, was said to be the targets American vessel which had yet fallen prey to a submarine. She was built at Clydebank, Scotland, in 1907, was 531 feet long, 59 feet beam and of 11,635 gross tons.

## OPPOSE FORCE WITH FORCE SAYS MARCEL

French Nationalist Agitator Addresses Anti-Conscription Meeting In Quebec.

MONTREAL, June 29.—Tancred Marcel, in his anti-conscription address in the suburb of Villiers, last night, for the first time in some weeks referred to the use of force as necessary to prevent the enforcement of conscription.

"It is not only necessary to say that we will take force, but we will oppose force with force," he said, "but there is something more needed. It is necessary to have moral courage, and determination and that the chief of the movement should always be on the spot."

Conscription, he said, would be passed; enforcing it will be another matter, he added.

Mr. Marcel talked considerably of his organization in opposition to conscription, "The Sons of Liberty," saying that it had ramifications in every province in the Dominion, and that it was prepared to do big work.

## REGINA BOY DROWNED

REGINA, Sask., June 29.—Claude Roberts, the 11-year-old son of Mr. Roberts, of this city, was drowned this afternoon in *Wassau* lake while swimming. He was in the water when a hail storm suddenly broke upon him and could not get back to the landing stage. The body was recovered ten minutes after the accident, but despite the efforts of four doctors and the application of a lung pump for an hour and a half, life could not be restored.

## Peace River Redeemed to Liberal Fold by Majority Likely to be Over 1000

PEACE RIVER, June 29.—Twenty-six polls out of 45 give W. A. Rae 849 majority. If the same rate of increase is maintained in the polls yet to be heard from the Liberal majority may be over 1,000. Both the Conservative and Independent candidates have lost their deposits.

W. A. Rae, who resides in Grande Prairie, has carried the riding by an impressive majority. The only matter for speculation is the depth at which his opponents have been buried in the political landslide which has not only redeemed the constituency from the Conservative column but placed it so solidly in the Liberal classification that hereafter it will not be accounted as even debatable territory.

H. Minchin, the Dominion government official of Grande Prairie, Conservative; and L. H. Adair, of Lake Saskatoon, Independent, together did not poll so large a vote as the Liberal candidate and carried only a few small polls.

Mr. Rae carried Peace River itself by 185 and he had more than two to one majority in the district west of this point.

At the last preceding election in the Peace River riding, September 2, 1913, the result of the voting was as follows: A. Patterson, Conservative, 475; W. A. Rae, Liberal, 437; F. W. Bredin, Independent, Liberal, 47.

Today's results show how complete the turn-over has been and links Peace River with Athabasca and all the northern constituencies in an emphatic endorsement, irrespective of party ties, of the administration of the Sifton government and its railway development policy.

## DEBATE MAY CONCLUDE IN COUPLE DAYS ALLENBY TAKES OVER COMMAND ARMY IN EGYPT

Divisions On Second Reading Conscription Bill And Amendments On Wednesday.

(By Morning Bulletin Leased Wire)  
OTTAWA, June 29.—Not so much headway was made with the debate on the conscription bill in the house today, the speeches delivered being fewer in number and considerably longer than those of yesterday. It was stated when the house met, however, by Sir Robert Borden that the debate could probably be concluded in a couple of days. This means that the divisions on the second reading and amendments are almost certain to take place on Wednesday next as planned.

The speakers today were George Bolvin, of Sherbrooke; Claude MacDonnell, of South Toronto; Captain W. F. Carroll, of Cape Breton, who is on leave of absence from overseas; W. A. Clark, of North Wellington; H. C. Ethier, of Quebec; and H. Achim, of L'Anse-au-Loup, who will be recalled, seconded the motion for the six months' hoist moved by Mr. Beaudette and R. Lanctot of La Prairie.

Mr. Bolvin, Captain Carroll and Mr. Ethier and Mr. Lanctot supported the bill. Mr. MacDonnell, while H. Achim favored the six months' hoist.

Mr. Bolvin said that the lack of recruiting in Quebec was largely due to the treatment which was being received by French Canadians. He said that the striking of regulations in the Ontario schools which would send more French-Canadians to the front than conscription would.

Captain Carroll asserted that the voluntary system had been a success in Nova Scotia and he believed it could be made successful elsewhere. He suggested that all the provinces should be asked to supply reinforcements to the battalions which they have at the front. Capt. Carroll said that labor would be much more favorably disposed towards the bill if the government would make a definite promise to conscription.

Claude MacDonnell and Mr. Clark both urged the necessity of passing the measure as a means of providing immediate reinforcements for the Canadian divisions at the front. Mr. MacDonnell said that recriminations should be dropped and that all the provinces and all classes should unite in an effort to meet the need for additional men. He did not think that labor leaders, including Mr. Verville, should be asked to supply reinforcements to the battalions which they have at the front. A general strike as a protest against the enforcement of the bill might be inaugurated.

## CLOSED TOWNS OF B.C. ARE TO BE OPENED

Labor Men And Business People Get Foothold In Unique Industrial Centres.

(By Morning Bulletin Leased Wire)  
VICTORIA, B. C., June 29.—Announcement is made that all the so-called closed towns of British Columbia are to be opened. The government will take over twenty per cent of the property in each of the townships. The latter were unique as industrial centres when they were first opened. They included the towns of Anxox, headquarters of the Granby Copper Company; Ocean Falls and Powell River, which contain paper mills, and Britannia, which is a copper mine headquarters. From three thousand employees are on the payrolls in each place. All are on the seacoast, approachable only from the waterfront.

In each case an uniformed officer on the dock allowed only those who were regarded as desirable to land from steamers. Not only were the companies thus able to control the class of labor they wished to employ, but they kept out industrial workers of the world agitators and bootleggers. If a workman arrived at Britannia with a bottle of liquor, he was promptly put aboard the steamer again, "company" stores did all the business ashore. All this is to be changed at the request of labor leaders and business people who wish to get a foothold in the new prosperous towns.

NINE HOURS IN OPEN BOAT  
NEWPORT NEWS, Va., June 29.—The captain and crew of two men of the Norwegian steamer *Sorland*, submerged off Ushant, about 150 miles off the coast of France, were brought into this port. Capt. John Ellington, master of the *Sorland*, says he and his men were in open boats nine hours.

## NEW WAY TO AVOID CONSCRIPTION IS NATIONALIST PLAN

Advertise For Men To Work In Mines—Company Not Consulted.

(By Morning Bulletin Leased Wire)  
MONTREAL, June 30.—Anti-conscriptionists have taken a new move. A campaign is now being launched to push those anxious to avoid military service into "protected trades." Advertisements appeared in a French paper today announcing that men are required for the *Thedford* asbestos mines, and that all who work in the mines will be exempt from military service. The advertisement states that "the League of the Sons of Liberty" as a powerful organization which will make itself known at the proper time and place."

## AMENDMENTS TO THE DOMINION LAND ACT

Provision Made For Borrowing Money For Payment Of Land.

(By Morning Bulletin Leased Wire)  
OTTAWA, June 29.—Hon. W. J. Roche, in the commons this afternoon introduced a bill to amend the Dominion Land Act. Its chief provision is one which was suggested by George McCrae, member for Saskatoon, and which Dr. Roche has agreed to include in the government measure. The amendment will give the owner of purchased homestead or pre-emption who has fulfilled all the requirements of the act except the payment of the land a period of twelve months in which he may borrow money for the payment of the land. Another amendment provides that when a homesteader who owes money to the government for seed grain abandons his homestead, the new entrant for the homestead must pay the government the money owed for the grain before he can secure possession.

## URGES CANADA NOT TO FALTER IN HER EFFORTS

Premier Issues Message To People Of The Dominion.

## ON ANNIVERSARY OF CONFEDERATION

Country Has Worthily Borne Part With World Democracies.

(By Morning Bulletin Leased Wire)  
OTTAWA, June 29.—The right Hon. Sir Robert Borden, on the eve of the celebration of the fiftieth anniversary of confederation of the Canadian provinces, issued a message to the Canadian people in which he utters the hope that the Dominion will not falter in her efforts to bear her part in the present struggle for civilization and human freedom. The message is as follows:

"To the People of Canada:  
"Amid the welter and horrors of a war which devastates civilization as well as the human race, the Dominion of Canada of half a century ago and the Canada of today. Much has been added to us; our boundaries have been vastly extended so as to embrace half a continent; our population has nearly tripled; there has been a measurable development of our resources; we have grown enormously in production, commerce and wealth, facilities of communication and transportation have been provided beyond all anticipation; in general conditions of life and standards of living have been conspicuously raised; education facilities have been greatly enlarged. In all these and many other incidents of the growth of Canada, there has been no doubt that the Dominion has more than held her own."

"All this is impressive, but still more inspiring is the thought that during the half century which now draws to a close Canada has come to a fuller knowledge of her heritage and of the responsibility which it entails. The Dominion has shown a national purpose and to a firmer confidence in her destiny."

"The greatness of any nation rests in the last analysis upon the character of its people as exemplified by their ideas and by their capacity for sacrifice and devotion in fulfilling the national purpose. Judged by this intangible test, Canada stands unequalled before the world. In 1867, the year before confederation was born, Prussia snatched from Austria the hegemony of the German states and took her first step along the awful path that has led her to the relentless issue which she forced upon humanity. The German people have shared the civilization and human freedom is being answered beyond the seas by the free democracies of the world. Among them Canada has worthily taken her place and proudly borne her part. Thus would they have wished it who in 1867 laid the foundation of our liberties. Let us with resolute spirit so maintain our purpose and our effort that in this last and greatest chapter of humanity's striving and triumph it shall be recorded of Canada that she first who never faltered, so to the end she never faltered."

"R. L. BORDEN."

## MOBILIZE WOMEN

PETROGRAD, June 29.—Minister of War Kerensky today issued an order creating a special commission to examine the proposed law providing for the mobilization of all women's labor. In issuing the order, the minister commented that the "Crisis through which Russia is passing demands the utilization of the entire national forces."

## SASK. GRAIN CROPS RAPID PROGRESS

Prospects Are Very Encouraging Say Reports To Department Of Agriculture.

(By Morning Bulletin Leased Wire)  
REGINA, Sask., June 29.—All grain crops in Saskatchewan are making rapid progress and prospects are very encouraging is the sum and substance of reports received by the department of agriculture and issued tonight. Wheat is now in the shot blade in a great many places, although the frosty weather retarded growth in some parts, but the majority of the grain is from eight to ten inches in height. Sufficient rain has now fallen to ensure good growth and warm weather is needed generally. Fifty per cent of the summer fallowing is already done and indications point to a slight increase in the area to be fallowed. The hay crop will be slightly below the average, owing to the want of moisture earlier in the season. Pastures are, however, improving since the rain came. Swine appear to be slightly on the decrease, owing, no doubt, to the high cost of feed, but good success is noted in raising of hogs and turkeys, the latter being well up to the average.

## NO INTERFERENCE WITH BEER AND WINE

Prohibition Leaders Asked By President Wilson To Drop Fight.

(By Morning Bulletin Leased Wire)  
WASHINGTON, June 29.—Intervention of President Wilson today checked the "bone dry" national prohibition movement in congress. Confinement of prohibition legislation to distilled beverages without interference with manufacture of beer and wines, it is generally agreed, will retard the fight against the manufacture of beer, wines and other light intoxicants. With a formal response from the "drys" deferred, senate leaders of all factions quickly reached an understanding to limit absolute prohibition to distilled spirits.

## DOCTOR GETS M.C.

LONDON, June 29.—Dr. M. C. Beattie, M. D., of this city, who is serving as a medical officer with the British forces in Palestine, has been awarded the military cross. He is a brother of Premier Martin of Saskatchewan.

## Germans and French in Bloody Fight at Cerny; Huns Losing Heavily

In Course Of Sanguinary Struggle Positions Have Changed Hands Frequently—Picked German Battalions Lead Attack—Fall To Force French Line Along Leon-Reims Road—In Operations On Lens Front British Capture Prisoners And Guns.

(By Morning Bulletin Leased Wire)  
The French and Germans are engaged in intensive fighting in the region of Cerny and Corbeny, in the Soissons-Reims sector, and around Hill 304 and in the Avocourt Wood near Verdun, while the British and Canadians continue their operations having the envelopment of Lens as their objective.

The battle around Cerny has been a sanguinary one, positions several times changing hands, but at the last reports remaining in the hands of the Germans, who, after several unsuccessful attempts won them from the French at the cost of heavy casualties. South-east of Corbeny the Germans along the Leon-Reims road also made several attempts to force the French line, but here they were repulsed, losing heavily among their men, who were led by picked battalions of storming troops.

**Germans Claim Captures**  
According to German reports along the Malancourt-Esnes road in the Verdun sector 2,000 metres in length a depth of 50 metres a front of French attacks delivered in an endeavor to regain the lost ground. The claim is also made that in the Avocourt Wood the Germans storming a French position over a front of 300 metres.

Field Marshal Haig's forces in an offensive in the region of Oppy, have taken German positions in the Persan sector, in the region of the Soissons river 247 prisoners and 12 machine guns were captured by the British.

Minor operations continue on the Russian, Austro-Italian and Macedonian fronts. Along the Persian Mesopotamian activity has been considerable in which the Turks have forced the Russians to recross the Abis Hirman river south of Baneh.

**Cost Many Lives**  
PARIS, June 29.—The following official communication was issued this evening: "The enemy, after a bloody defeat last night in the region of Cerny, directed some new attacks against our positions to the northeast of this village. After several vain attempts which cost them heavy losses, the enemy succeeded in gaining the first line elements whence they had been expelled."

"To the southeast of Corbeny the Germans in the course of the same night started an attack which was particularly violent. The enemy brought several battalions, led by

## GREECE PREPARING TO CO-OPERATE WITH ALLIES' ARMIES

Venizelos Perfecting Military Organization—Calling Out The Untrained Classes.

(By Morning Bulletin Leased Wire)  
ATHENS, June 29.—Premier Venizelos, in his speech to the people, after taking the oath of office at the palace yesterday, said that Greece's place was beside democracy. The nation was struggling for freedom, and the world was the theatre of a great struggle with whom Greece's hereditary enemies were allied.

"We realize," the premier said, "that unless we drive the Germans from eastern Macedonia, that part of Greek territory will be always exposed to great danger. Before, however, thinking of mobilizing that part of Greece which has not shared our movement, we must vitalize its military organization, which has fallen into such decay, and bring about a fusion of the two armies. In brotherly co-operation, therefore, we shall now call out the untrained classes of 1916 and 1917."

## CALGARY FAIR HAS BIGGER CROWD AND BETTER ENTRIES

Lieut. Governor Brett Opens Annual Exhibition—Live Stock Show Good.

(By Morning Bulletin Leased Wire)  
CALGARY, Alta., June 29.—The Calgary fair was opened today by Lieut. Governor Brett with a school children's day when children were admitted free. The opening day registered an increase in attendance over the corresponding day last year. The exhibits are larger and better than before and the entries in the live stock exhibits are excellent.

In the thoroughbred stallion class, 3 years and over, J. C. Bremner, Bremner, carried off first and second prizes. In the *Grand* class, Wainwright & Jackson, Strathcona, were first in single harness class.

## FOOD SITUATION IS SATISFACTORY

Voluntary Rationing Working Well And Crops Good Says Rhondas.

LONDON, June 29.—"While we should not be too optimistic regarding the food situation, for we cannot tell what the morrow may bring forth, there is no fear at present that the Germans will force England to compulsory rationing," said Baron Rhondas, the food controller, today. Baron Rhondas added that the voluntary rationing system was working admirably and that the crops of the country were doing well.

In regard to his plans for food control, he declared that he was first of all going to consider the interests of the consumer and he was very anxious that he would be able to abolish excessive profits in foodstuffs and reduce prices.

## CANNON VIED WITH HEAVEN'S OWN ARTILLERY

Spectacular Attack On Lens By British Troops In Raging Thunderstorm.

(By Morning Bulletin Leased Wire)  
FRANCE, June 29.—A correspondent of the Associated Press describing the operations near Lens, writes: "There had been an hour's lull in the artillery fire and almost complete silence reigned over the battlefields when, just after seven o'clock in the evening, tumult began. Dark clouds had hung low and menacing since late in the afternoon, and only a few moments after the heavy guns went into action, the storm broke with great fury."

The combined effect of cannon flashes and lightning bolts prevailed from well north of Lens almost to the River Scarpe, but the infantry attack was confined to the vicinity of the river. Just before the battle started, the air was filled with British airplanes and there was not a German machine in sight. Far back of the German lines, however, there were several of their observation balloons, but a smoke barrage and the heavy gloom of the storm soon blinded the German observers.

One British airplane played about amid the elements and the roar of the artillery as if the pilot were flying in great glee. He entertained the gunners and the waiting infantry with a variety of exhibition stunts, then he flew low over the British gun emplacements and trenches, waving his hand in salute and encouragement to his comrades.

## BUILDING TRADES STRIKE EXTENDING

Serious Situation In Winnipeg—Union Recognition And More Pay.

(By Morning Bulletin Leased Wire)  
WINNIPEG, June 29.—With the exception of the Painters and Paper Hangers the unions in affiliation with the building trades federation have decided to go on strike as a protest against the attitude assumed by the Builders' Exchange in regard to the building laborers' demands for recognition and increased pay.

At meetings tonight, three carpenter unions, plumbers, operative plasterers and cement finishers, and electrical workers connected with the building trades decided to go out on strike. The operative plasterers and cement finishers will quit work on Wednesday morning, while the others go out tomorrow.

## WINNIPEG REDUCES FLOUR

WINNIPEG, June 29.—Winnipeg millers have reduced the price of flour 50 cents, to \$12.50 a barrel, it was announced today.

**COMING EVENTS**

**Announcement of meetings (fraternal, religious, etc.), social and athletic gatherings, etc., which are of public interest, will be published in this column. Meetings of the Order of the Sons of the King, etc., are invited to send to the Office of the News Editor, 902-101st St., for information of the public. Announcements of meetings, etc., at which admission fees are charged, collection taken or articles sold will be inserted at 10 cents per line.**

A Red Cross tea will be held in the hall, Wabamun, on Monday, July 2. Sale of homemade bakery and confectionery. Everybody come. 7732

Commencing Tuesday, July 3, the barber shops will close daily at 6 p. m. excepting Saturdays, when they will close at 10 o'clock. 7728-160-c

The Argonaut Social Club are holding dances every Wednesday and Saturday evenings in the Separate school. Lynch's orchestra.

Chas. McMillan has moved two doors south. Number now is 10175 9th street. Me-14-c

Miss Billie Burke, the well-known star, is expected to make her appearance in Edmonton shortly.

Third annual Yeomen's picnic will be held at Bon Accord July 4th. The program of sports includes two baseball games, a basketball match and the usual races and concludes with a dance in the evening. Music will be furnished by Redgewick's orchestra. Meals will be served on the grounds.

All preparations have been made for the Sunday school excursion to the Hudson's Bay palm room Saturday, June 30th, at three o'clock. Members are earnestly requested to attend, as important business will be discussed.

Members of reserve militia ambulance corps are requested to attend at city market at 10 o'clock, opposite Nelson avenue, at 10 o'clock Monday morning, July 2nd.

Dr. W. H. Albright, Osteopath, 10116 Jasper avenue. Phone 4542.

Dr. Chas. A. Raver, dentist, 610 McLeod Building. Telephone 4746.

**\$40,000 FIRE IN MONTREAL**  
MONTREAL, June 29.—A large William Rutherford Lumber Company storehouse on the bank of the St. Lawrence River, near the bridge, was destroyed by fire this afternoon with damage estimated at about \$40,000. The blaze originated from the explosion of a barrel of dynamite.

**Strenuous Work Soon Tells On You**  
Business Men and Breadwinners the Victims of Nervous Exhaustion.

When worry is added to overwork men soon become the victims of nervous exhaustion—neurasthenia—the doctor calls it. Some have no reserve strength in their systems to bear the strain of overwork. Others have strength but they find that they are nervous and not sure of yourself, that you sleep badly, and wake up tired and aching, your nerves are out of order. Other signs are inability to take proper interest in your work; your appetite is tickle; your back feels weak, and you are greatly depressed. In all these cases the doctor's signs mean that you should take prompt steps to stop mischief by nourishing the nerves with the food they thrive on, namely, the rich, red blood made by Dr. Williams' Pink Pills. These pills have cured thousands of cases of nervous disorders, including nervous prostration, neurasthenia, and other ailments. Here is an example. Mr. P. H. Callan, a well-known business man in Coleman, P.E.I., says: "I owe my present health, not only to Dr. Williams' Pink Pills, but to the fact that I was an active man, and when I began to run down in health paid little attention to it. As time passed, however, I found myself growing weaker, and consulted a doctor, who said that I was not only run down, but that my nervous system was badly shattered. I lost flesh, my appetite was poor, I slept badly and notwithstanding the doctor's treatment grew so weak that I had to leave my business and was confined to the house. Time went on and I was steadily growing weaker, and my friends were all greatly alarmed for my condition. In the meantime I was strongly recommended to try Dr. Williams' Pink Pills, and as the doctor's medicine was not helping me I decided to do so. By the time I had used three boxes I could tell that they were helping me. When I had taken eight boxes of the pills I felt able to attend to my business again, and people were surprised to see me. I continued the use of the pills until I had taken twelve boxes, by which time I was feeling as well as ever I did, and was being congratulated by all my friends on my full restoration to health. I feel now that if I had used Dr. Williams' Pink Pills at the outset I would not only have saved much money spent in doctor's bills, but would have had renewed health sooner. I cannot speak too highly of this medicine, and would recommend it to every man who feels weak, nervous or run down."

**ANNIVERSARY CELEBRATION FAIR GROUNDS**

Attractive Program Prepared For Observance Of Jubilee Of Confederation.

Edmonton will uphold the reputation of the capital city by a celebration of the fifth anniversary of the Confederation at three o'clock in the forenoon. Principally through the efforts of the Canadian clubs an interesting program has been arranged. It will include the presentation of a resolution suitable to the occasion. The reserve militia band will provide music. The public school chorus of one thousand under the direction of J. N. Eagleson, supervisor of music, will sing national songs.

Mr. Richards of Oliver school, will present historical tableaux, depicting Indian chiefs, women and children watching the approach of vessels of Jacques Cartier and his arrival at Gaspé and taking possession of the country in the name of the King of France; the founding of Montreal by Maisonneuve; the establishment of the Hudson's Bay company. Incidents of the battle of the Plains of Abraham will be also shown in tableaux.

Folk dances by the children of the schools present a charming feature that nobody should miss. May Day being Red Cross Day by provincial proclamation, the energetic ladies of that society have been given the exclusive privileges for sale of good things, ice cream cones, lemonade and other soft drinks, candy, peanuts, cigarettes and cigars will be obtainable from the dainty helpers.

Souvenir programmes will also be obtainable from the ladies of the Red Cross. This patriotic entertainment and celebration is free to all, there being no charge for admission. All citizens, young and old, are expected to participate, and are cordially invited to be present.

Special car service is being provided and the horse show building is expected to be filled to its capacity.

**ARRANGE FOR AUTO PARADE**

Auto Club Committee Holds Meeting Friday Afternoon to Discuss Plans

The committee in charge of the proposed automobile parade in connection with the Edmonton exhibition held a meeting on Friday afternoon and completed arrangements, which will be expected to insure the complete success of this parade.

Two classes of entries are invited, those representing different businesses and pleasure cars, and three prizes will be given in each class, viz: orders to the value of \$35, \$15 and \$10, for first, second and third prizes, respectively.

The parade will be held on the afternoon of Friday, July 6th, all decorated cars, with driver, will be admitted free to the grounds. Other details of the arrangements will be given from time to time.

**GOLF AT COUNTRY CLUB**  
A golf competition for men will be the week-end golf feature at the country club. On Monday afternoon a two all foursome for men will be played.

**DOCTOR IS "STRUCK OFF"**  
TORONTO, June 29.—The name of Louis Charles Emile Herard, of Ottawa, is to be struck off the medical membership of the Ontario Medical Association. The association has received a report of a case of alleged substitution of birth in an Ottawa hospital.

**MACHINE GUNS FOR ELECTION**  
News correspondent at Ennis, County Clare, Ireland, says 500 infantrymen with machine guns have arrived for fighting the Clare election. Count Plunkett arrived today.

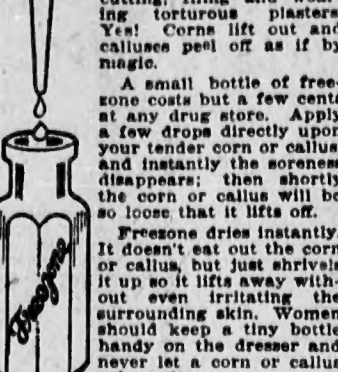

The correspondent adds that some excitement was caused during the day by the discovery that a wreath placed on the O.C. O. F. hall, had been removed by Sinn Feiners and the Republican colors substituted for it.

**TABLET TO DEAD HERO.**  
REGINA, Sask., June 29.—This afternoon at the general hospital a tablet erected in memory of the late Captain J. A. Sullivan, one of Regina's most popular men, who lost his life recently at the front, was unveiled by Lieutenant Governor Lake.

**HAIRLIFT AT REGINA.**  
REGINA, Sask., June 29.—A violent hairlift broke over the city this afternoon just before five o'clock. Damage was confined entirely to the city and many glass windows were broken in addition to damage done to garden stuff.

**LIEUT. H. W. OWEN WRITES LETTER FROM GERMANY**

First Direct Word Since Edmonton Man Taken Prisoner Received in City

Mrs. W. H. Owen, of the meteorological office, The Highlands, this morning received the first word from her husband, Lieutenant Owen, since he was taken prisoner some months ago in the fighting in France.

Lieut. Owen writes that his injuries, including a broken thigh, are rapidly healing, and he expects to be as well as ever again shortly.

**MANY DELEGATES ATTEND CONFERENCE**

**Seventh Day Adventists Have Camp Meeting At Lacombe.**

LACOMBE, June 29.—Already over 500 delegates and visitors are at the Seventh Day Adventist conference and camp meeting in session here, while only about 400 were expected. Pastor H. H. Human of Lacombe said that their provincial membership during the past year had increased over ten per cent.

Important addresses on Russia and the eastern question are to be given to the conference by Pastor J. T. Boettcher, who arrived last night. Mr. Boettcher was in Russia during the early months of the war, and for several years was in charge of Seventh Day Adventist work in that country.

The evening services of the conference are devoted to subjects of general interest. In his discourse, last night, Pastor C. F. McVagh, president of the Western Canadian union conference, emphasized the fact that the part acted by any nation or people or person in the work of God depends entirely upon the possession of personal godliness in the heart of the individual, and not upon race or blood or sect.

**MILITARY ORDERS**

Regimental orders by Lieut.-Col. F. A. Osborne, O. C., 101st regiment, E. F.  
Parade.—The battalion will parade at the armory on Friday, June 29th, 1917, at 7:15 p. m. sharp for recruit and company drill. The South Side company will parade at the South Side rink as usual.

One day's pay will be issued to all ranks of active and reserve militia. All units are to parade at full strength where possible, at no expense for transportation are to be incurred and parade will be held only in Calgary and Edmonton. The parade will be at the armory at 9:50 a. m., and in view of the special parade taking place on Monday, July 2nd, there will be no parade on Tuesday, July 3rd.

**MORE RECRUITS FOR NAVY FROM ALBERTA**

Twelve Sign On For Patrol Duty And Six More For Overseas.

Eighteen men in all have been signed on so far for the month of June by the Royal Canadian Naval Reserve at their recruiting office, under Petty Officer Duncan, in this city. Twelve of them are enrolled for duty with the Atlantic and Pacific patrols and the other six are destined for blue water service overseas.

Among the former class is Walter McLeod, boiler inspector for the G. T. P. He has been offered a position as engine-room artificer on the Atlantic patrol. Henry Brett, late sergeant-major of the 18th battalion, is still anxious to enroll, but unfortunately was disqualified on account of unfitness. Harold West, telegraph operator and station agent at Fernie, Alberta, is another good man who has joined the navy. Others on patrol service are: John Makareth, gasoline mechanic, Edmonton; James Clarke, farmer, Manola, Alberta; Henry Lassen, machinist, Ferintosh; Frank Derry, hotel clerk, Ferintosh; Edmond Tanton, cook, Edmonton; Cecil Mode, farmer, Pancras, Alberta; Robert Andrews, farmer, Bowden, Alberta; Allan Jacobson, bookkeeper, Lethbridge, Alberta; and James Reed, farmer, Lethbridge, Alberta.

Those who have enrolled for overseas are: William Turner, miner, William Huddell, farmer, William Uron, miner, Ernest Miners, cooper, all of Lethbridge; Alfred Third, hardware clerk, of Edmonton, and Ormond Crocker, farmer, of Lacombe, Alta.

**CELEBRATE DOMINION DAY**

Special services will be held in the Wye Road Mission hall, on Sunday next, July 1st, Dominion Day, when interesting addresses are promised at the afternoon and evening meetings. At 8 p. m. the speakers will be Messrs. J. E. Fraser and James McKibbin. At 7 p. m. the Rev. Mr. Bakin, pastor of the church, will take the service and the Honor Roll is to be unveiled and dedicated.

The Sunday school children will take part at the meetings. It is hoped that the residents of the district will muster in strong force on both occasions.

## CROP MAKING FINE PROGRESS IS REPORT OF C.N.R. AGENTS

Favorable Weather Conditions Have Brought The Grain Well Forward In Territory Around Edmonton—General Feeling Of Satisfaction—Damage From Cut Worms And Frost Is Scarcely Noticeable—Numerous Points Heard From.

Ideal weather, favorable conditions, sufficient moisture, grain in shot blade, and wonderful advancement, is the common chorus from the C. N. R. agents in the territory round about Edmonton this week. The slight damage in one or two places from cut worms and frost is scarcely noticed in the exceptionally optimistic reports coming from many points.

**Atlin—**Heavy rain last week has greatly improved prospects. Crops are looking fine.

**St. Albert—**Crops making excellent progress. Weather fine.

**Broderick—**Heavy rains and warm weather has promoted a very rapid growth. Crops are looking splendid.

**Chipman—**Crop conditions favorable. Plenty of moisture. Prospects good.

**Fort Crooks Two Feet Tall.** Ft. Saskatchewan—Crop conditions favorable. Some crops up 24 inches. Much in shot blade.

**Imperial—**Wheat almost in shot blade. Sufficient moisture now in ground. Slight damage from cut worms. General condition good.

**Vegreville—**Crops making rapid strides after heavy rains of last week. Weather conditions favorable.

**Islay—**Weather conditions favorable. Crops have been backward on account of dry weather, but now coming along nicely.

**Langham—**Crops looking fine after heavy rains of last week.

**Vermilion—**Weather very favorable during the past week. Some grain in shot blade.

**Big Valley—**Weather conditions favorable. Crops in excellent condition.

**Red Willow—**Crops making rapid progress. Weather ideal.

**Camrose—**Crops in excellent condition. Weather favorable.

**Donalds—**Crop conditions favorable. Heavy rain has done much good.

**Elberta—**Sufficient moisture now in ground. Crops are growing nicely.

**Meeting Creek—**Wheat and oats up.

**20 inches.** Crops in healthy condition. Weather fine.

**Stettler—**Crops coming along favorably. Weather ideal.

**Stony Plain—**Crops doing well and making rapid progress.

**Hanna—**Crops look fine. Weather is favorable.

**40 Per Cent.** Crop in shot blade. Sibbald—Crop conditions favorable.

**40 per cent.** wheat is in shot blade. Alliance—Crops in good condition.

**Weather warm with frequent showers.**

**LaSbourn—**Crops looking fine. Heavy rains have done good.

**Marshall—**All crops are doing fine. Ground has now sufficient moisture.

**Slight rain.** General conditions good. Crop coming along nicely.

**More required but nothing suffering.**

**First class.** Some frost but no damage.

**Heavy rains have done good to crops.**

**Excellent—**Crops coming along nicely. Ground has now sufficient moisture.

**Good.** Crops coming along nicely, after heavy showers.

**Roads leading to the Misericordia Hospital are bad.**

**Doctors And Ambulance Men Complain—Will Appeal To City Council.**

A vigorous complaint is to be made to the city council with respect to the condition of the roads leading to the Misericordia hospital. All who have occasion to traverse 110th and 111th streets between 9th and 9th street declare that they are in such a bad state that traveling over them is almost impossible.

The doctors who wish to visit the hospital claim they are obliged to leave their cars at the corner of 9th and 11th street and walk the remainder of the distance.

The ambulances also have great difficulty in reaching the hospital and patients are severely shaken by the unavoidable jolting to which they are subjected by the ruts and rough places in the roads.

It is confidently expected that the city authorities will take immediate steps to remedy this condition of affairs.

**LOCATION DAY NURSERY.** In the paragraph of Friday's issue which referred to the children from the day nursery being taken to the exhibition buildings during August, mention was made that the nursery was being carried on at the old Grand hotel on Fraser avenue. This was an unintentional error, as it should have read that the nursery is located at the old Caledonia hotel building.

**E. F. A. PICNIC AT CLOVER BAR.** Clover Bar and East Clover Bar branches of the U. F. A. will hold their annual picnic on Wednesday, July 4th. A G. T. P. train will leave Edmonton at 2:40 a.m., returning from Clover Bar for city at 3:30 p.m.

**Alex Stuart, K.C.,** has returned from a month's trip to the east, during which he attended the general assembly.

**SWANSON & KALINE.** Contractors for Cement Walks, Curbs, and Driveways, and all Concrete Work. Phone 3526.

**NEW MINISTER COMING**

**REV. G. H. COBBLEDICK,** who enters upon his new pastorate at Highland church on Sunday.

**NEW PASTOR AT THE HIGHLANDS CHURCH SUNDAY**

**Rev. G. H. Cobbledick Will Enter Upon His Work On Sunday Morning.**

The congregation of the Highlands Methodist church will welcome their new pastor, Rev. G. H. Cobbledick, M.A., B.D., tomorrow. A special program has been prepared for the morning service and Mr. Cobbledick will be introduced to the boys and girls. At the evening service he will speak on "The Jubilee of Canadian Confederation."

Mr. Cobbledick is a native of Middlesex county, Ont., was educated at Goderich high school and Victoria university, where he graduated in Arts and Divinity. His last two charges in the London, Ont., conference were Chatham and Central church, Woodstock. Immediately before coming west he was four years pastor of the "Historical Methodist church of Quebec City. While there he was the Methodist representative to meet all immigrants landing from Europe. He also represented the Canadian Bible society, superintending the colportage work and the distribution of Bibles to the newcomers.

In 1913 he received an invitation to Wesley church, Leithbridge, where he was for four years. During his pastorate there the membership has doubled and a new church was completed. Mr. Cobbledick took a keen interest in civic matters as well. Before he left very complimentary resolutions were presented to him, and Mrs. Cobbledick was presented with a filled purse, and Miss Cobbledick with a very pretty souvenir from the large music club of which she was the director.

Mrs. Cobbledick's closing service last Sunday night was very large and impressive. The Masonic fraternity attended in a body for their annual church services.

**PTE. JOHN PERRY KILLED IN ACTION**

**Former Dominion Surveyor Had Enlisted In An Edmonton Battalion.**

Official confirmation was received yesterday morning by Mrs. T. M. Perry, of Jasper Place, that her husband, Pte. John Perry, who left for the front with the 148th battalion, had been killed in action on June 9th, during the recent fighting on the western front in France. The announcement of Pte. Perry's death had been made in the press casualty lists Saturday but, through someone's error, the department notification had been sent to a wrong address. The first intimation that Mrs. Perry had of it was when she saw the name in The Bulletin Saturday morning, just after she had finished the perusal of a letter from her husband which had come in the mail.

Pte. Perry had been for seven or eight years in Canada and, previous to enlisting, was a Dominion government surveyor who had done much work in the north country, much of it in the Fort McMurray district. His widow, who before her marriage was Miss Murray, a school teacher, is well known to many Edmonton people, who deeply sympathize with her in her bereavement. Mr. and Mrs. Perry were married only six weeks before his departure for overseas. Pte. Perry signed on at West Edmonton, left Edmonton Nov. 17th, at the same time that Mrs. Perry's father and her brother, Hugh, went away. He was an old Imperial army man, having served in the 5th Hussars. He was also a veteran of the South African war. He was born at Burr, King's county, Ireland, 34 years ago and leaves a brother and five sisters in the old country.

Mrs. Perry has a father and two brothers now overseas. The former, Dr. J. K. Murray, is now in charge of Bramahott military hospital. He left Edmonton as a sergeant in the Army Medical Corps. One of the brothers, Pte. Lawrence Perry, lost an arm in battle and is now an inmate of the military hospital at Chatham, Eng. The elder brother, Pte. Hugh Murray, was wounded at Vimy Ridge, receiving seven shrapnel bullets in his shoulder, which will probably result in the loss of his arm. He is now at the military hospital at Epsom, Eng.

**FINAL ARRANGEMENTS FOR TRAVELLERS' DAY AT BEACH**

All arrangements have been completed for the commercial travellers' annual excursion to Alberta Beach, Lac St. Anne, on Dominion Day, and the only factor required now to make this year's outing an outstanding success is good weather. Several extra prizes have been donated, since the publication of the official prize list, which is expected to be put up for competition amongst returned soldiers and soldiers' wives.

The first train will leave the C. N. R. depot at 9 a.m. and will make a non-stop run to the Beach, while the second will stop at twenty-fourth street to pick up the west end trippers; this train will also stop at St. Albert for the convenience of the people there.

**TAX RATE FOR CITY MAY BE THIRTY MILLS**

**Rate Not Yet Definitely Fixed Awaiting Question of Civic Loans—Rate For Last Year Was 21 Mills.**

What the mill rate for taxation will be this year is a matter of considerable interest to many citizens. At the meeting of the Property Owners' Association on Thursday night it was announced that the rate would be something like 30 mills or over. This, however, is not official and City Assessor Walker says that it is impossible to give any correct estimate just yet until the question of the city loans have been settled and has been ascertained whether any extra levies will have to be made or not. The assessment last year was 21 mills.

Unless some special levy has to be made, probably the statement made at the Property Owners' meeting may be somewhere near the mark.

**Reason for Increase.** One feature which tends to some increase in the mill rate is the fact that assessments in the city have been largely reduced throughout the year. This is clearly shown by the assessment return prepared by Assessor Walker for the year assessments were carried out on the zone system, and the city being divided into three, an inner, central and outer circle, and assessments were made in each district according to the improvements carried and the presumed value of the property.

**Total Assessment.** The total assessment this year is \$100,493,080 against \$100,892,185, showing a reduction of \$398,655. The assessment for last year, included \$371,090 in property for school purposes alone, which is not assessed at all this year.

The new idea of the reductions will be gained if the radius of the different zones are given. District 1, includes the least property and is bounded on the north by Alberta Ave., on the west by 127th street, on the east by the Exhibition grounds. On the south side of the river the bounds are University grounds on the west, University avenue on the south and Mill Creek on the east. In district 1, this year's assessment amounted to \$76,784,120, whereas last year it stood at \$92,184,619.

District 2 is bounded on the north by the Grand Trunk right-of-way, on the west by 147th street, and on the east by 58th street, Kennedy. On the south side the bounds are, on the west 123rd street (Windsor Park), on the south by 59th Ave. (Parkdale), in the center by 58th street, and on the east is \$18,852,675 against \$25,789,885 last year.

District 3 includes all the property outside the above bounds to the city limits, and the assessment on this amounted to \$6,856,285 this year against \$12,926,740 on the same property last year.

**Tax Arrears.** Coming to the matter of tax arrears Assessor Walker states that tax arrears at June 26, 1917, stood at \$5,303,962.59 for 1913-14-15 taxes and \$1,890,606.81 was unpaid on the 1916 tax levy.

For the period from January 1st to June 26, 1917, the collections on tax arrears were: 1913-14-15 arrears, \$280,971.02; 1916 arrears, \$74,815.61. Tax arrears at December 31st, 1916, were: 1913-14-15 arrears, \$5,534,934.61; 1916 arrears, \$1,666,322.42.

**POSTOFFICE CLOSING MONDAY**

Monday, July 2nd, being a holiday, the postoffice will be closed during the day except the general delivery, registration and inquiry windows, which will be open from 8 a.m. till 10 a.m. only. There will be only one carrier delivery during the day, on Monday morning.

**ALBERTA CASUALTIES**

Only two Alberta names appear in the morning casualty list, those of Lance Corporal J. J. Simpson, Calgary, of the Mounted Rifles, and Pte. J. Holland (No. 436376), next of kin in England, who are reported to be wounded.

**LAST CHANCE TO REGISTER**

Today is the last opportunity of registering for the municipal vote, at the central offices, close at 9 o'clock this evening. They are located at the civic block on the north side and at the tip of the office, Whyte avenue, on the south side. Anyone not yet registered should not fail to do so today.

**Monday Delivery**

Our Office Will Close at 12.30 P. M. on Monday, July 2nd. We ask that Customers please place their Orders accordingly.

**Edmonton City Dairy LIMITED**

PHONE:—9261, 9262, 9264

**\$100 FINE IMPOSED ON J. SUTHERLAND**

**Fergus Case Still Pending In District Court Before Judge Crawford.**

In the district court yesterday James Sutherland was found guilty by Judge Crawford of being an inmate of a house of ill-fame and fined \$100 with the alternative of two months in jail. E. B. Cogswell for the crown, G. W. Massey for accused.

In the same court Fred Fergus is charged with stealing a seed drill, the property of F. D. Tucker, on or about March 10th. The case is still pending. E. B. Cogswell for the crown; J. Heffernan for accused.

**SUPREME COURT**

Mr. Justice Simms ordered the release of seizure made in the action of Lenora Sutherland and W. B. Sutherland vs. Edwin I. Clarke. The plaintiffs claimed \$1,000 damages on release of seizure. H. and H. Porter for plaintiffs, G. H. Bicer for defendant.

**THE SAVINGS CERTIFICATES ARE POPULAR**

**Fine Reception Being Given Alberta's Offer Of Unique Saving Plan.**

The deputy provincial treasurer reports that provincial savings certificates are meeting with a splendid reception from the public. Under this plan one may deposit his savings and be sure of receiving a good interest rate with the solid security of the government behind it. There has been a steady flow of deposits into the provincial treasury, the amounts varying from \$5.00 to sums representing a modest fortune. The average daily receipts continue to increase in amount as time goes on, evidencing the growing popularity of the idea, and the constitution of a tribute to the efficiency of the newspaper as an advertising medium, the advantages of the certificates having been presented to the public through the medium of newspaper advertising. As the savings certificates act was intended primarily for the benefit of residents of the province of Alberta, deposits from outside the province were hardly looked for, but considerable sums have been received from neighboring provinces, the cost of both making and withdrawing the deposit on demand without any unnecessary formality naturally appealing to investors, especially when interest is allowed for the full time the money remains on deposit, however short it may be. Another attractive feature is the opportunity of having interest compounded half-yearly, or, if preferred, of having it forwarded yearly or half yearly.

**ORANGEMEN WILL OBSERVE TWELFTH BY PICNIC IN PARK**

**Demonstration Will Be Followed By Concert In The Evening.**

At a meeting of the Orange association of Edmonton, held in the civic block on Friday evening for the purpose of making arrangements for the celebration of the twelfth of July anniversary, it was decided to hold a picnic in one of the city parks and a concert in the evening. Committees were appointed for the purpose.

A pleasing incident of the meeting was a resolution conveying to Bro. Henderson, past county master, Selkirk county, Winnipeg, the regret of the local order at his departure for Winnipeg, and best wishes in his efforts for the good of the order, and his future welfare.

**LT. E. H. T. MOSS KILLED IN ACTION**

Word was received by J. T. Gawthorpe Friday morning that Lieut. E. H. T. Moss, of this city, had been killed in action. Lieut. Moss, who was formerly in the west end branch of the Imperial Bank, enlisted in an Edmonton battalion and was later transferred to a Devon regiment.

**RED CROSS SOCIETY MAKES SPECIAL APPEAL TO PUBLIC**

**Ambulance To Be Sent To The Fighting Line—District Auxiliaries Asked To Provide Another—French Red Cross Asks For Help For Sick And Wounded Soldiers And Prisoners Of War.**

Ambulances are greatly needed at the front, and as Edmonton has been always in the forefront with good works since the war broke out, the Edmonton branch of the Canadian Red Cross has made the resolve that the city shall send an ambulance for use at the front, and which shall reflect honor on the city by being known as the Edmonton Ambulance. The ambulance will cost \$5,000 and it is hoped to raise the larger part of this today.

There is a special need for generosity during these two days, as a portion of the money collected is to go to the French Red Cross. The executive committee of the Canadian Red Cross society has received an urgent appeal from the London committee of the French Red Cross to take part in an empire-wide appeal for assistance for the sick and wounded soldiers of the French nation engaged in active operations in many parts of the world, and also for French prisoners of war. They have asked that July 14th be observed throughout Canada as a French Red Cross day.

In view of the Red Cross appeal which is being made throughout Alberta on July 2nd, in connection with the Jubilee of Confederation, it has been thought inadvisable to make a separate appeal for French hospitals on July 14th. The sub-executive committee of the Alberta provincial branch have therefore decided to give a grant of money collected on Alberta's Red Cross day to assist this fund, and it is urged on all branches, and it is urged on all branches, to make additional effort to ensure generous collections for the Red Cross on July 2nd.

**STORM PASSES OVER THE CITY**

**Downpour Of Rain And Hail Accompanied By Sharp Electrical Display.**

A heavy thunderstorm accompanied by a downpour of rain and light hail of small hail passed over the city at noon yesterday. The hail fell heaviest on the south side and it is thought that some gardens have been injured as a result. No damage from the lightning has been reported.

A ball of fire accompanied by a dense cloud of smoke traveling along the top of a street car on Namayo street, near Jasper avenue during the thunderstorm caused a momentary scurry on the street and in the car. The car was pretty nearly filled with passengers and was proceeding south when the ball of fire appeared. The car stopped and then stopped. No damage was done.

Reports from country districts around Edmonton indicate that there has been no damage. Rain continued to fall at intervals during the evening.

**PLANS MADE FOR MONDAY PARADE**

**All Local Military Units Beside Returned Veterans To Participate.**

The parade to be held in commemoration of the semi-centennial of Canadian Confederation will be called to attention by the officer commanding, Lt.-Col. E. G. May, A. A. G. military district 13, at 10:30 on Monday morning on the City Market Square, north of the Post Office. The units for whose participation arrangements have already been made are the R. N. W. M. P., the Great War Veterans Association, the M. H. C., the 10th Alberta Dragoons, the 101st Regiment E.F. the Edmonton Battalion Reserve Militia and the Women's Volunteer Reserve. These units will parade independently at their several headquarters and will march to the Market Square at or before 10:15 a.m. After inspection they will march eastward along Rice Street to Namayo avenue, then south to Jasper Avenue and west on Jasper to Third Street at the corner of which the Brigade Commander will take the salute. The units will then march to their headquarters and disband. The authorities hope that there will be a large turn out of all the units.

**STREET CAR TOOK FIRE**

Street car No. 18, on the low level route, took fire Thursday evening as the result of a short circuit. The car had broken down and was being pushed to the barns by cars 21 and 24 when smoke began to issue from underneath. A call was sent for the fire department, while the motorman and conductors got busy with sand and water, and before the department had arrived the fire was extinguished. No great damage was done.

**RUN SPECIAL TRAIN**

In order to suit the convenience of holiday seekers, the E. D. & B. C. are running a special train from Lac La Biche at 6:30 Monday night, reaching Edmonton 11:30. The Saturday train for Lac La Biche will leave at 1:30 p.m. instead of 2:30 a.m., as announced. Parties wishing to avail themselves of the usual week-end rates can do so on this train.

# Social Side of City Life

EDITED BY MISS MARION REYNOLDS

PERSONALS, MEETINGS, CLUB ACTIVITIES, WEDDINGS AND SOCIAL EVENTS

Mr. and Mrs. C. H. Reed left town Thursday to open up their cottage at Wabamun.

Mrs. J. G. M. Sloan and family left Friday for Tashanua, New Zealand.

Miss Stella H. Little leaves on Saturday for the East to spend her holidays.

Mr. Rathbone Smith and Dr. McLellan returned from the north country Thursday night.

Mr. and Mrs. Ernie Calder will spend the holidays at Lac La Biche.

Hon. C. R. Mitchell returned from the north Thursday night.

Mr. A. F. Ewing returned to the city Thursday night.

Mrs. R. L. Nicholson was the hostess of a delightful veranda tea in honor of Mrs. N. McLeod's guest, Mrs. Cameron, of Winnipeg, on Thursday afternoon. Mrs. Nicholson's home is so situated that it was a bower of wild roses and with wild roses for decorations a more charming spot could not have been desired.

Mr. and Mrs. W. Sinclair and family left Friday for Gull Lake to spend the summer.

Mr. and Mrs. A. G. Harrison and family, motored to Cooking Lake, Friday where they will spend the month of July.

Mr. Dantes Belleau leaves Monday for the coast taking the boat from there to Los Angeles before returning to town.

Mr. and Mrs. Fred Robertson leave Friday night for their cottage at Cooking Lake. Miss Hazel Auld, Mrs. Gretha Hawkins and Mr. Corning will be guests for over the holiday.

Mr. and Mrs. H. H. Robertson and family left Friday for Cooking Lake, accompanied by their son Scott, who has just returned from school in Winnipeg.

Miss Violet Campbell and Miss Wilson, nurses of the Royal Alexandra

## The Daily Poem

JUNE.

Who can find a fault with June—  
Tossy checked and cheerful?  
Never singing out of tune,  
Never sad nor fearful;  
Flowers in her sunny hair,  
Sunshine all around her;  
Flinging roses everywhere,  
Where the whin has found her.  
Buds all bloom at sight of her,  
As she passes near them;  
When she speaks the breezes stir  
Softly—you can hear them;  
"Lovely" just describes this maid,  
Dancing amid the flowers,  
Smiling sweetly, unafraid,  
Of the coming hours.  
—Anne H. Woodruff.

hospital, leave on Monday for the coast to spend their holidays.

Miss Kate Ryan, 124th street, left Friday for Calgary. Mr. Jim Ryan expects later on to join his sister who has taken a house for two months. Mr. and Miss Ryan will close their house in town for the summer.

Mrs. R. H. Batty has returned to her home in Edmonton, after spending a few days with Mrs. W. Showers. Mrs. A. R. Groff of Edmonton arrived yesterday to spend a month with her son, Mr. C. G. Groff, and Mrs. Groff.—Lethbridge Herald.

WOMAN'S  
Mrs. James Loucks, wife of Mr. Loucks of Calgary Normal school, is visiting Mrs. J. H. Horner for a few days.

Miss Beardow entertained a few of her friends at a social evening in her room, Armstrong block, on Thursday evening.

Mr. and Mrs. Howard Ritchie have gone to Banff for a short visit.

Mrs. Lodge, of Calgary, returned to her home Friday night after a visit in the city.

Mrs. P. C. Engle left this morning for Gull Lake for the summer.

Mr. and Mrs. J. R. Matthews left on Friday for Calgary for a short visit.

Mr. and Mrs. C. F. Bacheider leave the city today for North Battleford where Mr. Bacheider has been appointed to his former position with the C. N. R.

Mrs. M. B. White, of Edmonton, is visiting the coast in company with her sister, Mrs. E. B. Allott. They are expected to stay some time when they arrive here.—Victoria Colonist.

Mrs. William Dean with her little son, Lester, arrived this week from her home in Gadsby, Alta., to spend the summer with her parents, Mr. and Mrs. James Irvine, Pacific street.—Vancouver Province.

Rev. T. F. Lund and wife arrived from Holden on Friday. Rev. Lund is the newly appointed pastor of the Methodist church and preached his initial sermon last Sunday, evening, taking for his subject "Friendship." The orchestra played and the choir sang two anthems.—Viking News.

The following articles were made by Mrs. M. C. Berry and Mrs. Custard, of Westlock, and returned to Red Cross society, Edmonton: 12 service shirts.

## CUTICURA HEALS SORE HANDS

That itch, burn, crack, chap, and bleed, in a wonderfully short time in most cases. Soak the hands on retiring in a hot suds of Cuticura Soap, using plenty of the Soap. Dry and rub Cuticura Ointment gently but freely into the hands for some time. Wear old gloves or softer bandages during night or remove surplus Ointment with soft tissue paper as preferred.

Free Sample Each by Mail  
For free sample each address post-card: "Cuticura, Dept. N, Boston, U. S. A." Sold by dealers throughout the world.

**SOMMERVILLE'S**

Mrs. T. J. West and daughter Eleanor, are visiting with Mrs. Chennick in Edmonton. L. B. Courtwright having secured a position in Edmonton, moved his family to the city last week.—Ponoka Herald.

Mr. William Williams announces the engagement of his daughter, Margaret, to Mr. W. J. Morrison, formerly of Edmonton, and brother of Sgt.-Major F. Morrison, also of Edmonton.—Calgary Herald.

12 suits pyjamas, 72 handkerchiefs, 36 P.P. bags.

Miss Frederick, of Portland, Ore., and her sister, Mrs. J. McConbrey, of Calgary, are in the city renewing old acquaintances and are the guests of their sister, Mrs. S. C. Pollard.

Mr. and Mrs. Allen Jeffers, of Edmonton, were entertained at the home of Mr. and Mrs. R. W. Pincott. Mr. Jeffers is architect for the new school building.—Tofield Advertiser.

Mrs. Easton-Herrald and little son, of Edmonton, are guests at the Fairlair for a few days, visiting Lieut. Easton-Herrald of the Engineers.

Mr. and Mrs. J. H. Gorman, of Edmonton, spent yesterday in Calgary en route home from Portland, Ore., and were the guests of Mr. and Mrs. Jack Gorman, Hillhurst.—Calgary Herald.

R. H. Douglas and family leave for their summer home at Aspen Beach today for a two months' stay.

Mrs. W. R. Brown, who has been residing with her sister, Mrs. E. Mingay, left last night via G. T. P. for Vancouver and Victoria on an extended visit with friends.

Mrs. Stewart Matheson entertained delightfully Friday night at an informal dance for her sister, Miss Hazel Lyons. About thirty guests enjoyed the hospitality of this charming hostess. Dancing was enjoyed in the large drawing room and at midnight a supper was served from the pretty dining room.

All the pupils who took part in the annual closing recital of Alberta College North on Friday night in McDougall auditorium did exceptionally well and showed the results of intelligent tuition in both the departments of music and expression, reflecting much credit on a painstaking and competent staff. Principal McCall made a few interesting remarks at the close of the first half of the program, regarding the efficiency of the present staff of the college, and especially emphasized the particular departments of music and expression.

That the first duty of the dress economist is not only to select wearable fabrics, but to select those that will wear in her own eyesight.

That in France, because of the shortage of paper, people are asked to fold their letters in the old-fashioned way, so that they can be mailed without envelopes.

That there is a sudden spasm for clover leaves as designs for embroidered effects upon blouses and natural; it must be the four-leaved variety for good luck.

That an Indiana bride asked that no rice be thrown when she was married, desiring to do all in her power to conserve the food supply.

That the reliable old utility automobile is now taking to the road a fanciful decorations and is becoming a work of art as much as a necessity.

## THE WOMEN'S EXCHANGE

In accordance with requests made by a number of readers, The Bulletin has decided to run the questions and answers the same days in future in this department instead of as at present. As in the past all inquiries addressed to this department of the Bulletin will be given the most careful attention.

### TODAY'S INQUIRIES.

1. How can pie crust be nicely browned on top?

The crust will be nicely browned on top if it is brushed over with milk before placing in the oven.

2. What is the best way to clean an iron sink?

Water in which potatoes have been boiled is best for cleaning an iron sink.

3. How can a sink which is coated with grease be easily cleaned?

When a sink is coated with grease, a pound or more of washing soda should be put in a colander or strainer, then held over the sink and pouring water poured through it.

4. Is it necessary to wear a hat to an evening wedding?

When an evening wedding is held in a church a hat should be worn; if in a private house or a hotel, it is not necessary.

5. What kind of gown should be worn at an evening wedding? Is the gown regulated by the wearing of a hat?

An evening gown can be worn to an evening wedding, whether a hat is worn or not.

6. What is meant by a curling fluid for the hair? How is it applied?

A curling fluid is applied to the strands of hair when they are being twisted on curlers to keep the curl in.

Washing Fluid for Overalls.

To the Editor of Woman's Page:

Dear Madam—What kind of washing fluid can I use to clean overalls and shirts that get very much soiled? (Mrs.) LOUIS M.

Equal quantities of turpentine, kerosene and lime water, shaken well, will make a good mixture for this purpose. Soak the clothes an hour in it, then wash in warm suds.

Setting Color in Linen.

To the Editor of Woman's Page:

Dear Madam—Please tell me how I can set the color in a buff linen dress which has not yet been washed.

N. N.

Soak a few minutes in strong black pepper tea before washing it.

Attractive Rag Rug.

Dear Madam—I saved my worn black silk stockings and combined them with the best parts of an old red petticoat, using two strands of

excellent technique. The vocal numbers were all most pleasing and introduced some fine talent. The violin number was good and the organ very well played indeed. The teachers represented were Mr. Rutland, Miss Howey, Mr. Shildrick, Mr. Hendra, Mrs. Burns, Mr. Grant and Miss Crawford, and are to be congratulated on the great success of the evening.

Mrs. J. H. Jackson, Victoria avenue, and her two daughters, Evelyn and Marion, left last night for Victoria, B. C. They will be away a couple of months.

The program of the Macdonald orchestra for Sunday evening is: March, "The Whip," Holman; Fantasia of Neapolitan Airs, Boccherini; Waltz, "My Dream," Waldteufel; Midsummer Night's Serenade, Albeniz; Request, "Air de Ballet," Hebert; "Cannonetta," Selection "The Merry Widow," Lehár; Characteristic, "In a Pagoda," Bratton; God Save the King, Earle C. Hill, Music Director.

## SOUTH SIDE DIARY

Mrs. J. M. Atkins and little daughter, of the south side, leave today to spend the summer with her people. Mr. and Mrs. George McMaster of Westlock.

Miss Helen White left Friday morning for Muskoka for a short holiday later visiting friends on Lake Huron and then proceeding to New York to visit relatives, for the remainder of the summer.

Miss Fraser, 84rd avenue, has as her guests Miss Anna Fraser and Miss Franklin of Winnipeg, who are en route to the coast cities.

Mr. and Mrs. Fred Parkinson of Thornbury, Ont., were the guests of Mrs. Skinner 104th street, for a few days this week.

Miss Jean McWhirter of Gull Lake, Sask., is the guest of her brothers.

## ON DIT

That a male writer says: "Do nothing in great haste except get out of the way of automobiles driven by women."

That the first duty of the dress economist is not only to select wearable fabrics, but to select those that will wear in her own eyesight.

That in France, because of the shortage of paper, people are asked to fold their letters in the old-fashioned way, so that they can be mailed without envelopes.

That there is a sudden spasm for clover leaves as designs for embroidered effects upon blouses and natural; it must be the four-leaved variety for good luck.

That an Indiana bride asked that no rice be thrown when she was married, desiring to do all in her power to conserve the food supply.

That the reliable old utility automobile is now taking to the road a fanciful decorations and is becoming a work of art as much as a necessity.

Welsh Ladies' Aid.  
The Welsh Ladies' Aid will meet at All Saint's schoolroom next Tuesday afternoon at three o'clock.

## French Students' Club

The French Students' Club, which was started just a month ago, has met with the greatest success.

The monthly fee of \$1.25 entitles every member to take home a newspaper, magazine or book and to attend any or each of the five classes held weekly as follows:

Elementary grade, Thurs., 7 p.m.  
First grade - Wednesday, 8 p.m.  
Second grade - Friday, 7 p.m.  
Third grade - Monday, 7 p.m.  
Conservation class, Tuesday, 9 p.m.

The elementary course lasts one month and is started again on every first Thursday of each month, so there will be a fresh start on July 6th. Beginners wishing to join kindly apply to Prof. De Savigne, 309 C.P.R. Bldg., who is in charge of the classes, or phone to Mrs. V. V. Holman, secretary of the club, No. 81833.

## The Social Side of City Life

### CUPID'S COURT

**ANSELL-GRANT.**  
On Wednesday afternoon, at 5 o'clock, a very pretty wedding was solemnized in St. Andrew's church, Prairie Park, Killam, when Miss Jessie Grant, youngest daughter of Wm. Grant, one of the pioneers of the district, became the bride of Fred C. Ansell, of Galahad. The bride was supported by Miss M. Attridge, while Jas. M. Grant, brother of the bride, acted as groomsmen. The bride's bridesmaids, Jessie and Elsie Hill, acted as ring-bearer and flower-girl respectively, whilst the ushers were Messrs. F. E. Nichol and N. Cooper. Rev. A. T. Hart, B.A., B.D., of Killam, assisted by Rev. Wm. Hamilton, of Wetaskiwin, officiated. Amongst out of town guests were Miss S. Ansell, Mr. and Mrs. E. Yull and Mrs. Jones, all of Edmonton.

**Mann-MacKay.**  
A June wedding of more than ordinary interest was celebrated on Thursday evening, June 28, at the home of the bride's parents, Mr. and Mrs. Geo. B. MacKay, 11301 67th street, The Highlands, when their eldest daughter, Jessie May, became the bride of Alexander Mann, of Mervin, Saskatchewan. The ceremony was performed by the Rev. R. H. Leitch, Ph.D., in the presence of a number of intimate friends.

The bride was given away by her father and attended by her sister, Miss Nannie. Mr. Alexander MacKay attended the bridegroom. After the hearty congratulations of the guests were extended the happy couple were seated at the wedding cake was passed, in accordance with a time-honored Scotch custom. The company then sat down to a tempting supper. Many handsome gifts testified to the popularity of the bride.

Mr. and Mrs. Mann will make their home in the farming section of Mervin, Saskatchewan. The ceremony was performed by the Rev. R. H. Leitch, Ph.D., in the presence of a number of intimate friends. After the hearty congratulations of the guests were extended the happy couple were seated at the wedding cake was passed, in accordance with a time-honored Scotch custom. The company then sat down to a tempting supper. Many handsome gifts testified to the popularity of the bride.

### Women Who Are The Next of Kin To Soldiers Organize

A meeting of the wives and other dependents of soldiers was held on Thursday evening at the Great War Veterans' Association rooms for the purpose of organization. The chair was occupied by Mrs. Margaret McDonald and there were about 400 women present.

A constitution was submitted and it was decided to call the organization The Great War Next of Kin Association. Bylaws were also submitted and approved. Following this a large number of members were enrolled. The enrollment fee is twenty-five cents and ten cents monthly thereafter.

The provisional committee was retained until the 1st Thursday in July, when the officers and executive will be elected.

### LOOKING LAKE

Dominion Day, being celebrated on Monday this year, gives the week-end holiday makers an additional day, making two, and in the case of the more fortunate three clear days' holiday, Saturday, Sunday and Monday. All is bustle and activity at the lake in anticipation of the big influx of visitors. Storekeepers, boat owners, tent proprietors, etc., are all busy getting their houses in order to cope with the busy season now opening.

Mrs. McMenomy has just completed extensive operations and improvements in her establishment, immediately below the G. T. P. station. T. E. Taylor, Edmonton, put up a handsome veranda overlooking the lake, also a flight of steps in front of the main entrance and extending for a considerable way around. The entire building has been painted and renovated by the men from Mr. J. Henderson's establishment at 102nd street, Edmonton. The whole edifice now presents quite an imposing appearance as seen from the station or from the water.

can be hired by the day or hour. The postoffice is also situated here with a seven-day mail delivery. This ensures visitors being able to get their Bulletin regularly each morning. A money order office has recently been opened in connection with the postoffice, which is proving a great convenience to the district. Visitors should be careful, in giving their address to put North Cooking Lake, otherwise the mail will go to the south side and considerable delay will be caused, etc.

Further on we come to the well-appointed establishment of Chris Saks, which occupies a commanding position on the lake front. Chris made very considerable alterations and extensions in his premises last summer to meet the demands and requirements of his rapidly increasing business. The building now includes store, restaurant, tea room, ice cream parlor and pool room. The store is newly stocked and is replete with every requisite for a high-class family trade. Boats and canoes can be had for hire at reasonable rates. Chris also has an automobile, which he uses for the conveyance of passengers to and from the lake as occasion may require.

Mrs. Robt. Mitchell has had a very busy week getting things into shape at the "Old Country Restaurant" on the hill. She has a large number of tents and bungalows all now in readiness for the reception of visitors, with or without board. Mrs. Mitchell also caters for picnickers, who carry their own baskets and supplies to the lake, and coffee, etc., to such parties. Boats and canoes can be had at moderate charges.

Carl Henningsen is getting his comfortable and up-to-date business at Military Point in proper shape for the reception of visitors and will accommodate parties by the week or arrange on any conditions desired. The location of this establishment is an ideal one, convenient for boating, bathing, etc.

The city schools are closed this week for the months of July and August. This event always means business for the lake and many families have arranged to leave the city at the earliest possible moment, some coming out this (Saturday) morning. Everything is in readiness to afford them a good time, swimming, boating, picnicking, etc.

The Y. M. C. A. have again arranged to have their camp for boys this year at Albin Beach. The boys have their camp here two years ago and so well pleased were all parties that the management decided to lay the venue for this year's holiday at the same place. Albin Beach is beautifully situated about two and a half miles from Cooking Lake Railway station. There is an extensive tract of ground suitable for all kinds of camping and the location is particularly favorable for bathing.

Mr. Alf. Brown and Dr. McInnes were out on the island for the past week end.

Mrs. Mackie had Mr. and Mrs. Davidson and Phyllis were at Cross Roads cottage for the week end.

Mr. and Mrs. Robertson and Mr. G. Brown were down during the week. Mr. and Mrs. Chris Saks and babies are staying at the lake at present.

Mr. H. E. Smith, 114th street, Edmonton, has rented the Goodridge cottage for the season.

Rev. H. and Mrs. Alderwood, married during the week, are spending their honeymoon at the lake.

Mr. and Mrs. W. I. Crafts, who have been at Cooking Lake for some weeks are present in town, but intend returning Saturday to spend the summer here.

Mr. and Mrs. Claude Gallinger and family leave today for Cooking Lake to remain until the end of the summer.

The farmers in this neighborhood were busy during the week on the roads of the district. A very useful new road has been made from the Deville station with the Tofield road which it joins close to John Morrow's house.

Also, Morrow is road boss for the Deville district and Wm. Gibb for Uncas district.

Cooking Lake school closed Friday for the summer holidays and is to remain closed for seven weeks, reopening on Monday, August 20th. The other schools in the neighborhood remain open for the present, as they were all closed for the winter months. Some of them will close for two or three weeks for harvest time.

John Morrow had a very busy time this spring as he put in the crop in less than four farms—his own. Sergeant Harry Kidney's, who is at the front, Pte. Jack Coleman's, also at the front, and George Morton's. The Edmonton and Tofield roads were pretty rough after the heavy rains of last week, but Andrew Ferguson was over them with the scraper during the week and they are now in first-class condition for the holiday motorists.

The Epworth League, Clover Bar held their annual picnic at the lake Thursday. They had a splendid day and all enjoyed the outing immensely. The majority of the excursionists spent the day in boating. Amongst the party were the following: Mrs. E. P. O'Hewell, Masters Frank and Fred O'Hewell, Mr. W. F. Wilkinson, Miss Ivy Wilkinson, Miss Ula McGowan, Miss Stant McGowan, Masters Cliff and Clayton McGowan, Miss Edna Lindsay, Mr. Ivan Lindsay, Mr. Harry Gels, Mr. Ted Gels, Mr. and Mrs. Van Camp and Mrs. Wilma Van Camp, Miss Florence Daly, Miss Annie Daly, Miss Margaret Daly, Mr. Andrews Masters Laurie and George Andrews, Mr. Bel Schrauder and Miss Schrauder, Mr. Roy Marler, Miss Nellie Hutton, Miss Mabel Hutton and others.

At Cooking Lake and Deville, to the east of the city, crop conditions are extremely satisfactory. The heavy rains of last week did a world of good. The dry, sandy soil in this district quickly absorbed the much needed moisture, while the general warmth of the past few days has supplemented the improvement effected by the rich rains.

### Say Egg-O

### Best by Test

lary favorable for bathing. The holiday was immensely enjoyed by the boys two years ago, and it is expected to be equally popular this time.

The G. T. P. are running a special week-end to Cooking Lake for Dominion Day at the moderate charge of sixty-five cents return.

Miss Margaret Kelly, who has been in the Royal Alexandra Hospital, Edmonton, suffering from a severe attack of pneumonia, is much improved and is expected to be able to be moved Saturday to the home of her sister, Mrs. Dan Blake, at the Cooking Lake Reserve.

An interesting local wedding was celebrated at Edmonton last week when Miss Alice Wozniak, Linbrook, became the bride of Mr. George Weatherill, Tofield. Rev. C. U. McClellan officiated.

Mrs. Jim Gray and children, Deville, left last week on a two month visit to Brainerd, Mich.

E. H. Finlayson, district inspector of reserves, Calgary, paid an official visit to the Cooking Lake forest reserve during the week.

Mrs. McMenomy went to Edmonton Monday night and she and her daughters, Mabel, Clara and Gertrude, accompanied by Mr. William Mitchell, motored down Tuesday evening.

Mr. and Mrs. Aird and children have been at the lake for the past two weeks.

Mr. Reeves and little son and Mrs. Thomkin and two children are out for the summer at Pte. L. Aalmsworth's farm.

Mrs. Salignon and family were down at their cottage, Military Point, for the week end.

Mr. and Mrs. H. L. Ross motored down during the week.

Mrs. Fulcher and daughter, Kathleen, have taken a cottage here for the summer.

Mr. Frendergast has returned from Calgary, where she was visiting her son, Willie, for the past two months. Mrs. Frendergast is now staying with her daughter, Mrs. W. A. Ross. Mr. Ross has rented her cottage on the hill to Mrs. Ross and family, Strathcona.

Mr. and Mrs. McLean have opened their cottage at the lake.

Mr. and Mrs. Thomas Young Strathcona, have taken Mr. Ed. Owens' cottage "Bryn".

Mr. and Mrs. Gibson and her sister Miss Burton, were out at their cottage for the week end.

Mr. Alf. Brown and Dr. McInnes were out on the island for the past week end.

Mrs. Mackie had Mr. and Mrs. Davidson and Phyllis were at Cross Roads cottage for the week end.

Mr. and Mrs. Robertson and Mr. G. Brown were down during the week. Mr. and Mrs. Chris Saks and babies are staying at the lake at present.

Mr. H. E. Smith, 114th street, Edmonton, has rented the Goodridge cottage for the season.

Rev. H. and Mrs. Alderwood, married during the week, are spending their honeymoon at the lake.

## Economy

Many people think they are saving money by buying cheap tea, forgetting that it is not the cost per pound but the cost per cup that determines a tea's economy.

You may pay 5 or 10 cents more per pound for Red Rose Tea than for common tea. But because Red Rose Tea is a blend of Indian-Asam teas with Ceylons, consisting of the choice tender shoots and buds—the parts of the tea plant that yield the largest amount of liquor and the finest flavor—one-third less is required in the pot to make the same number of cups.

The cost per cup between Red Rose Tea and common tea is then practically the same. But the flavor—what a difference.

And this distinctive and delightful flavor and rich strength is protected by the Red Rose sealed package. No air, odors or dust can get in to injure Red Rose Tea's splendid quality and economy.

Order a package from your grocer.

In sealed packages only.

Red Rose crushed coffee is as generously good as Red Rose Tea and just as easy to make.

**Johnstone Walker Ltd**

**JOHNSTONE-WALKER'S DAILY STORE NEWS****Special Purchase of Women's and Misses' Smart Middy Suit Dresses**

**Priced for Selling at \$2.95**

WOMEN will scarcely be able to credit buying such smart outfitting apparel as this for such a trifling price, and except for the fact that we contracted for them in the manufacturers' quiet season, we certainly would not be able to offer them at anything less than \$3.95.

They are made of good serviceable quality white Indian Head suiting fabric, in a two-piece effect, having middy coat trimmed with smart sailor collar, neat cuffs and jaunty belt, and pockets of striped gabardine. The skirt has shirred back, and is relieved with deep fold of the striped gabardine. All sizes 14 to 44 for women and misses. Excellent value at \$2.95. Specially priced, at \$2.95

**Women's \$1.25 Outing Skirts at 90c**

Those who have been pricing materials suitable for separate skirts this season will fully appreciate these smart styles, ready to slip into at this remarkably low price. They are of good quality Indian Head or repp cloth in two very smart practical styles. One an open front style, and the other opened half way. Both trimmed with smart patch pockets. Assorted lengths with varying waist bands. Sizes 22 to 29. Regularly \$1.25. Special Saturday, at 90c

**50 Only Women's and Misses' Smart and Stylish Cloth Suits Clearing at \$14.95**

A grouping that includes some of the smartest styles we have shown this season at \$14.25 and \$22.50, and except for the fact that they arrived a little behind their schedule time, they certainly would not be available today at anything like this low price. So, if contemplating the purchase of a cloth suit to meet present need or for Fall wear, do not fail to come and see this noteworthy clearance grouping. They are tailored in all the smart styles of wool serge, shepherd check and tweed, in reseda, green, tan, brown, copen, hunters green, navy or black. The coats are the pleated, belted and semi-fitted tailored styles, with large collars and fancy out pockets trimmed with over collars of silk or broadcloth. Skirts are the flare and shirred effects. All sizes. Regularly \$18.00, \$22.50 and \$25.00. Clearance price \$14.95

**Plan to do your Saturday Shopping Early. Monday, Dominion Day, the Store will be Closed.**

**Outclearing of Women's Trimmed Hats, Reg. to \$7.50, Sat. \$2.95**

MODELS which includes the season's most successful types for all occasions. Small, medium and large shapes, in great profusion, are shown, presenting a wide variety of shapes, colors and embellishments, all notable for individuality and becomingness. Regularly up to \$7.50 each. Saturday special, at \$2.95

Also a large assortment of straw and wash hats for boys and girls. Regularly up to \$1.00, Saturday, at 50c

**Attractive children's Muslin and Voile Dresses**

**Specially Priced at \$1.95**

The little girls cannot have too many of these little muslin and voile dresses during the summer months, and mothers will certainly be glad of an opportunity of buying them at this moderate price. They are made of good quality muslin or voile in the Empire or French style, with round or square yoke, trimmed with Valenciennes lace and insertion; have puffed sleeves threaded with ribbon. Full skirt with fine tucks and full of self. Edged with lace. Saturday special at \$1.95

**Regular 65c Baby Bonnets, Bibs and Yokes Priced at 39c Each**

Don't overlook this opportunity of getting Baby an extra bonnet when they can be secured at such a moderate price, as 39c. They are made of fine Swiss muslin hand embroidered, and are semi finished with fold back from face embroidered in neat design, scalloped edges. Hand embroidered bibs and yokes worked in neat designs. Regularly 65c each. Saturday special, each 39c

**Amazing Value in Women's Blouses Priced \$1.95**

Few women will leave our Whitewear Section without first securing one or two of these blouses for themselves. They are in a good selection of dainty voile, pongee or habutai, fashioned with large round or square collars, fronts are embroidered in neat floral or panel effects, hemstitched or tucked. Sizes 34 to 44. Leader value, at \$1.95

**Serviceable Umbrellas Priced at 89c Saturday A.M.**

If you are still without that umbrella you intended to get the last time you were caught in the rain, Saturday is your chance to get it and save 35c in the bargain. They are made in full size with good wearing rainproof cover, with straight and crooked handles. Regularly \$1.25. Special Saturday 8:30 to 12, each 89c

**Women's and Misses' White Middies Priced at \$1.19**

WITH the middy so much in vogue this season this Saturday morning special will certainly appeal to most women. They are made of good quality white middy drill. Fashioned with square collar, cuffs, belt and pockets of copen and white. Navy and white, or rose and white stripe. Another style is of all white middy drill with stitched straps, down front, all round belt. Come in all white or white with collar and cuffs in copen, navy or red. Sizes 34 to 44. Saturday A.M. \$1.19

**Children's Knitted Combinations Priced at 25c**

If you prefer the knitted underwear for the children you should visit our Whitewear Dept. on Saturday morning and secure a supply of these combinations at this moderate price. They are of fine knitted cotton, made with short sleeves and loose knee. Sizes 20, 24, 26, 28 and 30. Saturday A.M. 25c

**A Rousing Saturday Clearance of Women's and Girls' \$4 Oxfords, \$1.65**

The assortment includes pumps, slippers and oxfords in patent leather, gun metal and vicid kid in black, brown and tan. The pumps are trimmed with bows or buckles, and are with or without straps. The oxfords are in two, three and four-hole lacing, while the slippers are in two and three-strap styles. Generally speaking, they are in the latest summer styles, and have light or medium weight soles with high or low heels. Sizes 2 1/2 to 4 for women and girls. Regularly up to \$4.00. Saturday, at \$1.65

**Women's High White Outing Boots at \$2.50**

**SATURDAY, JUNE 30, 1917.**

**NONE.**  
From the tone of his remarks it is gathered that H. H. Crawford, M.P., has no intention of offering his seat to Mr. T. M. Tweedie, ex-M.P.P.

**FOR CANADA**  
The fiftieth anniversary of the founding of the Dominion finds an army of the sons of Canada holding the trenches on the field of death that the principles embodied in the British North America Act may continue to be the principles on which Canada shall be governed, and that free civilization shall not perish at the hands of a military dictator. And if the need be may the one hundredth anniversary of its founding find an army of the sons of Canada holding the bulwarks of liberty against the forces of the autocracy as valiantly as the men of today are holding them. Greater heroism the world has not seen than that of the men who have gone out from the cities and farms of Canada to die that Canada may live. If their memory is not a perpetual inspiration to those who come after them to do and die like them for the sake of the same principles they will have died in behalf of a country that was not worthy to call them its sons.

**CANADA FOREVER**  
The Canadian Confederation has stood the strain for fifty years. The generation has passed away which saw it created as the means of breaking a political deadlock, and another generation has grown to maturity which only knows by reading that the British North America Act was as great a political experiment as the Constitution of the United States. The history of the Dominion has justified the misgivings of its founders that the inharmonious forces which brought it into being might also bring it to destruction. Fortunately it has also justified their faith that the structure would be able to withstand the stress, and that the growth of mutual interests would discount the influence of antagonistic ideals. Confederation stands today unquestionably better than anything that preceded it and better than anything that could replace it. Despite the rumblings and the ravings in Quebec, it may be taken that the Dominion of Canada has passed the experimental stage, and is numbered among the permanent national structures of the world.

**A PROCLAMATION**  
His Excellency the Governor-General has issued the following proclamation:

"Whereas seeing that the British Commonwealth is engaged in war in defence of rights and liberties unjustly attacked, and to fulfil pledges solemnly given it is fitting that the people of Canada should be enabled to make a public and solemn avowal of duty to Almighty God and of need of guidance; and furthermore that Sunday the first day of July next, being the fiftieth anniversary of the Confederation of Our Dominion of Canada, is an appropriate day for that purpose;

"Now Know Ye that by and with the advice of Our Privy Council for Canada, We do hereby proclaim and declare by this Our Proclamation that Sunday, the first day of July, in this present year, be appointed to be throughout the Dominion of Canada a day of humble prayer and observance to Almighty God on behalf of the cause undertaken by the British Commonwealth and the Allies, and for those who are offering their lives for it, and for a speedy and enduring peace;

"And We do invite all Our loving subjects throughout Canada to set apart the said day for this purpose. Of all which Our loving subjects and all others whom these presents concern, are hereby required to take notice and govern themselves accordingly."

**A Song Of Ireland**  
"For North is North, and South is South,  
And never the twain shall meet,"  
Thus did they speak of Ireland  
In a creed worn out, effete.  
For the Ulsterman and the man from Cork  
Who've met on the battlefield,  
Know well that the rest is only talk,  
And the ancient wound is healed.

"For North is North and South is South,  
And never the twain shall meet."  
'Tis a lie for already the two have met  
Side by side in the battle's heat.  
For men from far Killarney's shores  
And men from the mountains of Mourne  
Have fought cheek by jaw in this war  
For the scrap of paper torn.

"For North is North and South is South"  
Is a fiction that truth now shatters.  
Out there there is neither North nor South,  
But a comrade—that's all that matters.  
—London Chronicle.

## DO IT NOW.

No one can vote at the civic elections this fall who has not registered, whether property owner or not. The registration lists close Saturday night at nine o'clock. If good city government is to be had in Edmonton next year those who want it must get their names on the list. Those who want the other sort will all qualify to vote for it, and they will get what they want unless those who stand for civic decency discharge their duties as citizens by going to the registration booths.

## SORRY BUT IMPENITENT.

Mr. Crawford, member of the Legislature for South Edmonton, is moved to wrath at the failure of Mr. Tweedie's unfair attempt to stampede the electors with the cry that the Sifton Government should disfranchise citizens who came from enemy countries. It is not that the cry was raised that arouses his ire, but that it failed, and even "kicked back," to the damage of the Opposition party. So long as there was a chance of it accomplishing the purpose it was intended to accomplish, there was no repudiation of the issue by Mr. Crawford—or any other Opposition member. Only when he found that it didn't pay did he get sorry that it had been raised. It is not that he regrets the "crime," but only that he regrets that it was also a "blunder."

## ALIEN ENEMY MINERS?

The Calgary News-Telegram says that a large proportion of the miners whose strike has tied up the mines in the Crow's Nest country are Austrians, meaning, apparently, that they have not even taken out naturalization papers. If that is the case it alters the aspect of the problem decidedly. The question in that case is not how to get them to go back to work, but whether they should be allowed to go back. A supply of coal is too vital a necessity to be dependent on the goodwill of alien enemies, and a coal mine is too easily put out of business to be left at the mercy of possible agents of enemy States. As the Government is taking control of the mines, and thereby becoming responsible both for the coal supply and for damages to the mines, it should vigilantly exclude alien enemies from the mines, and replace them by miners of Canadian, British, Allied or friendly nationalities.

## CONTROL BY ADVICE?

The new food controller has issued some advice to the Canadian people. It is splendid advice—none better could be given—and it is to be hoped that it will be acted upon. That, however, is hoping for much. We have been admonished for a couple of years now on the necessity of producing more food and of stopping the waste of food; by members of our own Government and of that of Great Britain. It is to be suspected that advice has accomplished about all in the directions indicated, and that if we are not now producing as much food as we could or using it as sparingly as we should, some regulatory authority will have to be applied to bring us to time. So far as production is concerned, the controller's advice comes a little late in the season to be of much use anyway. And so far as consumption is concerned, if the public are not voluntarily denying themselves now the chances are that they will never do it. With the best intentions in the world it is doubtful if the controller can control to any purpose by handing out statements. That has been tried. If it has succeeded there is no need of a controller. If it has not succeeded it is time to try something else.

Out there there is neither North nor South,  
But a comrade—that's all that matters.  
—London Chronicle.

## THE LOYALTY OF LAURIER.

Sir Wilfrid Laurier is accused by the newspaper supporters of the Government in the English-speaking provinces of having created the anti-conscription agitation in Quebec—or at least of being responsible for its existence. The question of conscription—meaning conscription for overseas service—first came under public discussion in Canada in 1910. The occasion was the passage of the Naval Service Act by the Laurier Government. This was the first occasion in Canadian history when the principle of participation of Canada in the Empire's wars was recognized by Canadian legislation. For having passed this measure the Laurier Government was bitterly opposed in the province of Quebec by Bourassa and his followers—called Nationalists. First, and chiefly, on the ground that Canada should not render war service, either on sea or land, to the Empire, except for the direct defence of Canada. And second, because the establishment of a Canadian navy for the express purpose of taking part in the general defence of the Empire was only a cloak for ultimate conscription for overseas service.

This campaign was financially aided by the Conservative party, then in opposition, and in other respects received the active cooperation of that party. It was so successful that as a result of the elections of 1911 the Liberal representatives from the province of Quebec—elected on a policy of voluntary service in the Empire's wars—was reduced to 37, as against a representation of 28 Nationalists and Conservatives, all elected as opposed to conscription for overseas service, and nearly all equally opposed to voluntary participation by Canada in the Empire's wars. During this contest it was possible for the Liberal leader and his followers to carry a majority—although only a small majority—of the Quebec people with them on the principle of voluntary service overseas. It is obvious that that would not have been possible had they advocated compulsory service. Against the combined attack of Tory and Nationalist, in order to carry the voluntary principle, they were compelled to definitely oppose conscription. There was no reason why they should not. There was no prospect of conditions as they exist today. No one had foretold or anticipated those conditions.

Under these circumstances, and for these reasons, the great Liberal leader and his loyal following in the province of Quebec pledged themselves against conscription. Their position was absolutely sound and their reasons were those of loyalty and service to the cause of the Empire and of liberty. New conditions have arisen. The unexpected has happened. The Empire and the world's liberty are in danger. The question of conscription of men for overseas service comes up. The Liberal leader is confronted on the one hand by his solemn pledge to his people, given in 1911, and on the other by the urgent need of the hour for the conscription of men. On one hand are the same forces that co-operated so successfully in 1911 against the defence of the Empire still in active co-operation, and carrying on a precisely similar campaign—one section openly preaching sedition and the other financing them in doing so—while on the other are those who trusted him yet, that the pledge he gave shall stand good. His position is: "I cannot, I will not, break my promise. Once given it is sacred. But as a loyal citizen of Canada and speaking for my French-speaking Liberal friends of the province of Quebec—also loyal citizens of Canada—if the electors of Canada by their votes declare for conscription for overseas service, I and my friends will accept the decision of the majority, and will give our loyal support to its fulfilment."

Sir Wilfrid Laurier did not create the Quebec difficulty in regard to conscription. It was created by the present Government and its friends when in opposition, for the sake of attaining power. Sir Wilfrid Laurier offers a solution of the difficulty, which does not touch or affect their hold on power; a solution absolutely in accord with the foundation principles of Liberalism, and with his own honor. If there is a Quebec difficulty, as Sir George Foster has said there is, the blame should be placed on those who created it, not on those for whose destruction it was created, and who have offered a proper and obvious solution of it.

Miss Billie Burke, the well-known star, is expected to make her appearance in Edmonton shortly.

## JUST TO REMIND YOU THAT WE CLOSE

## ANSWERS

This department does not pretend to be infallible. It will endeavor, however, to answer questions sent to it by readers. Each letter must be accompanied by the name and address of the writer, but such information will be treated as confidential. Correspondents should remember that brevity is at all times desirable.

## R.N.W.M.P. and Acreage.

To the Bulletin: Could you kindly inform me, through the pages of your valuable paper, what are the present duties of the R.N.W.M.P., who were withdrawn from their former duties in the western provinces last March? Also, what were their numbers at date of withdrawal?

2. Would also be pleased if you could give me the estimate in acres of the land in Alberta, and also in the western provinces this year, and also last year. If you have not the figures for the whole, would appreciate those for Alberta.

3. Premier Borden in a letter to western farmers' organizations, who asked last winter for the retention of the R.N.W.M.P., gave the new duties of the force as follows: (1a). To provide a strong and efficient patrol of the international boundary. (1b). To provide closer supervision of alien enemies in the country. (1c). To take as large concentrations as possible at the border in order to meet any breach of the peace. The force at the time it passed from the control of the province numbered about 750. It was the intention to recruit 2,000 strength, but is said that this is not now as large as when the change was made.

4. No figures have yet been issued as to the total acreage under crop this year, but in Alberta alone it is unofficially stated to be about four millions, slightly larger than last year.

**Gladstone's Premiership.**  
To the Bulletin: How often was William Ewart Gladstone Prime Minister of Great Britain and at what age did he die? CANADIAN LIBERAL.

Mr. Gladstone became premier for the first time in 1868, second time in 1880, third time in 1886, and fourth time in 1892. He was born in 1809 and died in 1898.

**Women's Votes.**  
To the Bulletin: Will you please answer in your paper if women can vote in municipal and school elections if their husband or father own one hundred and sixty or more acres of land? (The women are asked to pay the land and working to help pay the taxes or rates, as they are called here.) W. D. C.

All women over 21 years of age are entitled to vote in Alberta, except in cases where money bylaws are being voted upon they must be owners of realty in fee.

**To Learn Auto Running.**  
To the Bulletin: Could you please tell me which would be better, garage or school training in order to learn auto running and repairing? Would you also kindly give me a list of some of the garages in Edmonton?

A READER, Killam.  
The general opinion seems to be that practical work in a garage is preferable. There are over forty garages in the city. The names of the more prominent ones can be secured by consulting the advertising columns, especially in the Saturday issue.

## LEGAL INQUIRIES

Legal questions will be answered in this column by the Bulletin's legal representative. Write on one side of the paper only. Be brief. Send stamped envelope for reply.

**Legality of Transfer.**  
To the Bulletin Legal Department: A farm, situated in the small town of Hays, is being sold by the owner. The owner is a woman. The farm is being sold to another woman. This was before Dower law. Patent was issued after Dower law came in force. Is transfer legal without wife's assent?

We think that you had better get a new transfer dated after the patent was issued and have it signed by the wife. The Dominion Lands Act provides that any transfer or assignment or agreement to assign or transfer a homestead or pre-emption before the patent is issued is void. The wife and the person assigning or transferring is liable to have his patent cancelled.

## With The Humorists

**Blame the Kaiser.**  
"Pa, what is an income tax?"  
"Anything we buy at the present prices, my son."

**So They Are.**  
Burglars and bookkeepers are alike in one respect—they are both used to making entries.

**The Only Way.**  
Mrs. Youngbridge—I don't want to have any trouble with you, Bridget.  
Cook—Then, ma'am, let me hear no complaints.

**The Essential Thing.**  
Mother—That young man of yours is simply impossible. He doesn't like Shaw; he doesn't like Ibsen; he doesn't like Galsworthy. Whom does he like?

Daughter (demurely)—Me.

**Matched the Cruelty.**  
A company of German soldiers having entered the small town of Hays, one of the officers swaggered into a hotel, hailed a waiter and called for a meal, at the same time laying his drawn sword on the table. The waiter returned with a pitchfork, which he placed beside the sword.

"What does this mean?" demanded the officer.  
"That," replied the waiter, "is the only fork I could find to match your knife."

## Bulletin's Mail Bag

Letters on subjects of current or general interest will be published in this column. Each letter must be accompanied by the name and address of the writer, but such information will be treated as confidential. Correspondents should remember that brevity is at all times desirable.

## CASE OF THE WEST.

To the Bulletin.  
Sir: It is very pleasing indeed to me that we have at least one local paper that is willing and able to state the case for the west against the particular conscription bill as introduced at Ottawa. After what the westerners have done, it is about time their cause was championed. Though to judge from the talk of some of the government supporters one would imagine that the westerners were quite ignorant as to the existence of a war in Europe and to the fact that our help has been and is still needed. When one comes to consider that the four western provinces have all done far more than their proportion, it seems like an insult for Ottawa to propose conscription and make conscripts of us westerners. Again, look at the recruiting figures of today and you will see that Alberta anyway still needs a goodly number of volunteers daily.

During the National Service campaign, we were led to believe that by cultivating the land to our fullest extent to raise an increased number of live stock and help feed the empire—that we were doing as much useful service as by shouldering a gun. In fact, the British minister of agriculture along with other statesmen this very same statement today.

To judge from the Dominion government's proposal, the National Service campaign must have been extremely successful. It is no use to send men stumping through the country urging others to don the khaki when they would make suitable recruits themselves.

I think conscription should have been applied in the early stages of the war and this should have been universally applied and embraced the industries most essential to a successful win the war campaign.

After the west has given of more than its share now is the wrong time to adopt a partial conscription measure aimed to hit the working man and the struggling business man. The conscription bill as it now stands is a class measure aimed at labor and exempting the wealth of their riches. If we are to conduct our end of the war on a fair and equal basis, everyone should be made to bear their share of the burden. Apparently this is not the government's desire, which is to abuse the power which the people have placed in their hands.

As one who has already offered his services to the country, I am, yours truly,  
EDMONTON, JUNE 25th.

**HIGH COST OF LIVING**  
Editor Bulletin.

Sir,—If you can spare space in your paper I would like to say a few words about "High cost of living and conscription." Not that I expect to make a deep or lasting impression on the readers of your paper, "because I am neither rich nor highly educated," but simply to express the feeling of at least one working man and I feel safe in saying the sentiments of many.

We read much about the shortage of foodstuffs which the conscription may appear true, but on closer examination it would seem that all who have the price can purchase as much as they need and more, therefore it is the poor who must suffer and are stirring up much discontent amongst the working class, in fact, much more than appears on the surface as the shortage of food and high prices are used as a weapon to discourage people from eating or wasting too much, the producer, not the rich manipulator, is endeavored the excess profits; therefore the government should set an example of frugality and apply this money on war debts, thereby giving the poor man the benefits of high prices as well as a surplus.

I read an editorial in the "Farmers' Advocate" where the editor actually said the best cure for high cost of living was high cost of living, as it was the only way to make the people realize that there was a shortage of food and thereby help to speed up production. I am not, personally or otherwise, acquainted with this editor, but it is evident he is either on the wrong trail or a rich man, as a poor man very seldom in this or any other country gets more to eat than he needs and never of too high a quality, nor at high prices; so if on account of high price he gets less it is certain that he gets less than he needs and the rich man gets just as much as he needs.

Why didn't this bright editor suggest cutting the wages, as it was just as sure a means of making him eat less, thereby conserving the supply, but, of course, it would not look good, especially to the rich, or would be rich party, or we might honestly say, parasite, who wants to pocket the extra profits.

My opinion is the high cost of living is not caused by any shortage but by the wrong system of selling. Why should supply and demand set price? Is it not more reasonable to have a production as a basis for selling price and then the producer who is entitled to it and not the profiteer, who gets the fruits of his labor. To illustrate my meaning, let us suppose that a certain city or number of people were dependent on some party for their supply of potatoes and this party secured a sufficient supply at a reasonable price but by careless production or some other reason caused half the supply to be destroyed, he would according to the present system have increased the price 100 per cent, and the consumers, through no fault of their own, would have to pay twice as much as the potatoes were worth. But many of our present day financiers can easily beat this by buying up large quantities and storing them in the more correct, hiding it until a scarcity of whatever they hide appears and then like Joseph of old they appear on the scene with their wares and tell the people that it is not because of their foresight they, the unthoughtful people, would have had to starve, but of course, unlike Joseph, they do not forget to at least double the price. The profiteer beats the producer and the consumer and does nothing for his country only was rich and becomes a menace. There is no room these days

for this class as they are as bad for this country as German culture or militarism; yet Sir Robert Borden wishes to impose a further burden on the working man in the shape of conscription without the slightest offer of relief for high prices; neither does he suggest conscripting wealth, which, by the way, some people are accumulating at a rapid rate. Perhaps he thinks we are willing to accept his promises to be fair, but if this is so, I venture to say that he has made a rather serious mistake, because, had he and his associates (I almost said friends) kept their promises and done what was right for the working classes instead of protecting the profiteers, conscription would have been unnecessary. Therefore I think what our present government could not accomplish by persuasion it will fail to get by force.  
Yours truly,  
EXLEY L. BINKO.  
Vegreville, June 20th.

## Current Comment

**Ottawa to Blame Some.**  
From Calgary News-Telegram.

According to the morning paper, one of the Conservative members of the Alberta Legislature blames Mr. T. M. Tweedie's statement with respect to the party at the recent election in this province. Mr. Tweedie's statement probably had something to do with it. But it may be pointed out that a certain policy of the Conservative government at Ottawa had more to do with the defeat of the Conservative opposition in Alberta than anything else. Conscription of men without wealth is not likely to be very popular in a province such as this, which has given more men per capita to the war than any other province in Canada. There has been secured under compulsion in Great Britain. And, if there is to be any further sacrifice of manhood from this province in the coming campaign, we believe, are fully determined that that money shall be dealt with similarly.

**Vimy is New Post Office.**  
From the Toronto Globe.

Alberta folks take a keen interest in the war, judging from the latest bulletin of the post office department, which records the opening of a new post office near Edmonton to be called Vimy. The postmaster is Beart Benoit.

**Advance, Ye Knights!**  
From the Calgary Herald.

The protest against the extension of military in Canada and especially against the instituting of hereditary titles, is so widespread and general that it is a wonder the governments of Canada and of Great Britain do not pay more attention to it. It is getting so in Eastern Canada now that if a man is at all prominent or has done some good public service, he receives an added distinction from the fact that he has not been knighted. The trouble is that so few escape the infliction.

**Montreal Names.**  
From the Montreal Star.

Moscovitch, Neiderhopen, Ostroff, Ofshitzer, Rabinovitch, Salamonovitch, Schleifer, Stetkoff, Abrams, Bloom, Bernstein, Hosenstein, Hircowitz, Kalmannovitch, Liebof, Shuster, Coseiberg, Nadler, Yarovoslovak—It might be part of the new voters list in Petrograd or an extract from the street directory of Jerusalem. Instead of these it is just a few names at random from the examination results in Montreal schools. And it is to be noted the names are generally on the honor roll as well.

**Recruiting in Toronto.**  
From the Toronto Telegram.

The only responsibility that Sir Robert Borden should shoulder for mistakes that have occurred in voluntary recruiting "when voluntary recruiting was in full swing" is Sir Robert Borden's responsibility for the retention of Sir Sam Hughes for two years after the poor who must suffer the choice of a new Minister of Militia.

Toronto is an example of how recruiting was made successful without help from the Militia department at Ottawa. Toronto's face was slapped. Toronto's ears were cuffed by ministerial words and actions of insolence and apathy.

Toronto's recruiting record was established without help and against many a hindrance from Ottawa. Sir Robert Borden could have helped voluntary recruiting by a timely decision to change the leadership of the Militia department.

## Lac La Biche

AND

## How To Get There

Lac la Biche is Alberta's most scenic and attractive lake. The sandy beaches afford a safe, shallow and convenient place for bathing, especially for children. Boats and gasoline launches in service at reasonable prices. Excellent fishing.

## LAC LA BICHE INN

This fully modern hotel is located so as to afford a panoramic view of the lake. Billiard room in basement and tennis courts in connection with the hotel. No better service can be had anywhere and the rates are reasonable, both per day and by the week. Reservations can be made by applying to H. Cole, Manager, Lac la Biche.

## .. TRAIN SERVICE ..

GASOLINE MOTOR CARS leave Edmonton 8:30 a.m. Thursdays and Saturdays, arriving Lac la Biche 1:30 p.m. Mondays and Fridays, leaving Lac la Biche 8:30 a.m. Mondays and Fridays, arriving at Edmonton 1:30 p.m. Special excursion trains will be run on Saturdays if required.

## .. FARES ..

Round trip tickets, good for three weeks from date of sale, \$5.10.  
Special week-end round trip, good from Saturday until Monday, \$3.40.

Tickets sold at City Office, Edmonton.  
Motor Bus Service to and from E. D. & B. C. Ry. terminals.

For further information apply to  
**ALEX CAMPBELL,**  
Traffic Manager, E.D. & B.C. Ry.

## WORK ON CHASERS SOON SPEEDED UP; AHEAD OF PLANS

**New York Navy Yards Have Completed Domes Wooden Bottoms**

Washington, June 29.—Rapid progress is being made in the construction of the hundreds of submarine chasers recently ordered by the navy department. At the New York navy yards alone a dozen of the 110 foot wooden hulls have been completed already, although the original plans called for the production of only one during the month of June. In August the yards will begin to deliver hulls at the rate of three a day and keep that up until the big order has been filled.

**Sacrifice from All Needed.**  
From the Calgary Herald.

Conscription of men is a serious step. Why insist upon the life sacrifice from a portion of our people unless we make as complete a sacrifice as possible from all the rest?

NEXT WEEK'S  
ATTRACTIONSEDITH STOREY  
WILL EXHIBIT  
HORSEMANSHIP

Will Be Leading Feminine Character in "An Enemy To The King."

Edith Storey, the versatile Vitagraph star, who plays the leading feminine role in "An Enemy To The King," the fourth Blue Ribbon feature, with the renowned E. H. Sothern, and which is the attraction at the Empress theatre the first three days of next week; is once more able to offer the public glimpses of her horsemanship. Miss Storey made her first appearance before the camera in the old days when motion pictures comprised wild rides over the prairies and flights from marauding bands of Indians, but since that time she has adapted herself to the drawing-room society drama with remarkable success.

This film masterpiece, however, again offers her opportunities of mastering mighty steeds, which she thoroughly enjoys. When she first learned that she was to ride horseback in the story she admitted a little fright, owing to the fact that she had not been on a horse for years; but the moment the prancing horse galloped into the Vitagraph yard she forgot her fear and was ready to mount and enjoy the taking of the scene.

Later the story calls for her to journey home in one of the vehicles of the day—that is, a carriage which is suspended between two long rods. A horse is attached in front of the carriage and another behind, while their riders direct the horses in the way they are to travel. Miss Storey looked with disdain upon this fantastically painted and luxuriously upholstered vehicle, and declared that she preferred the other means of travel. She entered as she was bid, however, making grimaces at the fellow players who had gathered around to watch the taking of the scene.

This vehicle was built especially for the production, and is an exact reproduction of a similar carriage which the director located in one of the museums.

FAVORITES IN  
FEATURES AT  
THE EMPRESS**"The Last Man" And "Battle Of Hearts" Are Masterpieces Of Film Drama.**

Manager Hazza's methods of choosing from the entire market of America for his feature films has resulted in this theatre enjoying during the past month a series of pictures that have never before been equalled in Edmonton. Next week he is again able to announce two masterpieces of the motion picture industry, "The Last Man," a Vitagraph Blue Ribbon feature, and "Battle of Hearts," a wonderful production from the studios of William Fox, with the first feature a Chaplin comedy, "A Gentleman of Nerve." Little "Sunshine" Mary Anderson, who is a universal favorite through her clever and delightful portrayals in the Vitagraph films, plays the leading role in "The Last Man," which will be the attraction for the first three days of the week. Opposite her is William Duncan, whose friends are too numerous for any person to mention.

They have all been won by his splendid, virile characterizations in the various attractions in which he has been starred. Although not so well known in Edmonton, the management can guarantee that all who see him will be more than pleased with his work. As a story "The Last Man" tells of a fickle woman who is not content with the love of one man, who is an army officer, and seeks another. Apparently she seems to be getting along famously, but in the end loses them both.

The happenings incidental to the story provide thrills, love and pathos aplenty and generally it is one which will be especially attractive to the public. Vitagraph does things right, and this feature is no exception. It is that quality that induced the Empress management to book the film.

That ever popular man, William Farnum, comes the last three days of the week in "Battle of Hearts," one of the few big pictures he is to make during the present year. In this feature Mr. Farnum acts the part of a noble sailor character, brave and capable of great self-sacrifice. He is in love with a sea captain's daughter, a part taken by Eida Furry, his new leading woman, but through the plots of the villain of the story the girl does not realize the capacity of his love until the end of the play.

CHILDREN'S MATINEE  
AT THE EMPRESS  
\*\*\*\*\*

At 10:30 this morning a special children's matinee will be given at the Empress Theatre, when "The Crisis," the big Civil War feature film, will be exhibited. With the three exhibitions today, 1:30, 2:30 and 8:30, "The Crisis" will conclude its local engagement.

A ROMANTIC DRAMA OF THE SEA

RUSSIAN STAR IS NOW TO BE  
FEATURED BY PARAMOUNT

Mme. Olga Petrova in "The Undying Flame" at Monarch Theatre Next Week

The distinguished Russian actress, Mme. Olga Petrova, will make her first appearance as a Paramount star at the Monarch theatre next week in "The Undying Flame," which is said to be a startling combination of the ancient and the modern—a story of Egypt and the Sphinxes, with all the alluring, witching mystery of that fascinating country in present day times as well as centuries ago when "Father Nile" swept on his way across the desert but through a land as yet untraversed by the steam train or the automobile and undisturbed by the whistles of factories and the honking of motors.

Pagan jewelry, mandala and queer, filmy garments are worn by Mme. Petrova who is a gloriously beautiful woman. She is also one of the most

talented actresses on the screen and has an enviable international reputation on both screen and stage. The fact that she is appearing in pictures produced by the Jesse L. Lasky company for Paramount, recalls the fact that it was Mr. Lasky who first introduced this great actress to America. A few years ago, while Mr. Lasky was making his customary trip to Europe in search of new talent for his "Follies Bergere," he heard of a remarkable young girl at the Tivoli, London, who had created a sensation by her singing. He attended the performance, was greatly impressed and proceeded to negotiate for a contract with her to make her American debut under his management. Mme. Petrova proved to be a phenomenal success in the "Follies" and later went into vaudeville and also appeared in the serious drama.

The company supporting Miss Petrova consists of Edward Mordant, Herbert Evans, Mahlon Hamilton, Warren Cook, Charles W. Martin and Violet Reed.

SHOT SNAKE  
WHILE CAMERA  
WAS TURNING

Sensational Episode During Filming Of "The Last Man," At The Empress.

Corinne Griffith and Jack Mower play with William Duncan, "The Last Man," the Vitagraph Blue Ribbon feature showing at the Empress theatre the first three days of next week. Miss Griffith and Mr. Mower are forced to descend a high and very steep embankment in order to carry out one of the main points of the story. When the slope as it was practically straight, so it was agreed that Mr. Mower fasten a thick rope to the little straw hut at the top of the hill and tie it about Miss Griffith, gradually lowering her to the valley below. When she was safely landed she was to untie the rope so that Mower could hoist it to the top once more and descend in the same manner.

Everything went as planned. The director shouted his directions through a megaphone and the camera man started his faithful grinding. When Miss Griffith was little more than half way down the slope, Mr. Mower, who was holding the rope from above, heard a peculiar rattle, and, looking in the direction from which it came, he discovered a rattlesnake coiled and ready to spring. He tried to think quickly to stand still, but he had meant danger and to let go of the rope would have meant serious injury to Miss Griffith, which as lightning, Mower still holding the rope, jumped aside and reached for the revolver he had in his pocket.

After the filming of the scene the company went back for the skin of the snake, which now hangs in a conspicuous place in the California studio.

**BOMBING ATTACKS SHOWN IN OFFICIAL BRITISH PICTURE.**

One of the old-fashioned modes of warfare which has been revived in this most modern and terrible of wars, is the use of hand grenades. The new war film to be shown here next month will enable the public to see what has often been described, but which a schoolboy is more likely to understand than a student of history.

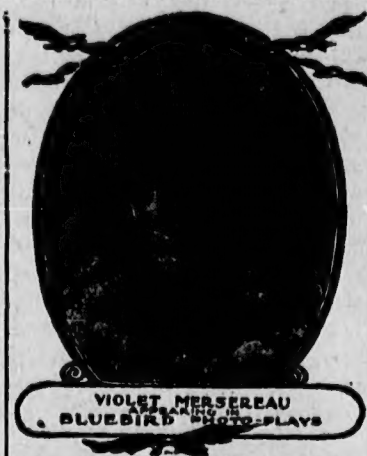

The modern hand bomb is a very deadly "snowball." The trench takes the place of the snow fort. But otherwise the difference between the schoolboy fight with snow forts and snowballs is not very different from the bombing attacks and counter-attacks which take place nowadays in France. Young men, only recently schoolboys, hurl deadly missiles in the same old way as a few years ago they hurled snowballs. A bomber he himself is quick in taking aim and getting his bomb out of his hands then he needed to be when it was simply a snowball he was throwing, for the fuse is lighted before he throws, and he only has a few seconds before the explosion. And when the bomb falls and bursts it shatters the earth and men within range are blown to pieces.

"The Fall of Bapaume," the new film of the British front, shows bombing flights. Canadians, as might be expected from their experience with snowballs and more particularly, perhaps, with baseballs, make splendid bombers, and the bombing attacks of the soldiers on the enemy have had a great deal to do with the success which culminated in the break-up of the German line, which had stood solidly for two years or more.

The new film will be shown at the Monarch Theatre during the week of July 9th, by Messrs. Jule and Jay Allen.

**VIOLET MERSEREAU BEAUTIFUL BLONDE A SCREEN QUEEN**

Orphaned in early youth and reared to drudgery and oppression, the heroine of "Little Miss Nobody," to be presented in Bluebird photoplays at the Majestic theatre on Monday and Tuesday, rises to a state of happiness and contentment through conquering unequal forces that have conspired against her. Violet Mersereau plays the role of the little drudge—a hardy girl who knows no evil and thus overcomes the elements that conspire against her. It is her perfect innocence and frankness that saves her from crushing defeat and in the end bring the village wail into the full joy of living. Sidney Mason heads Miss Mersereau's supporting company with handsome Clara Beyer also playing an important role.

BLUEBIRD PHOTOPLAYS

Who will be seen Monday and Tuesday next in "Little Miss Nobody" at the Majestic Theatre.

TOURNEUR TO DIRECT  
SECOND PICTURE OF  
MADAME PETROVA

Mme. Petrova, the celebrated Russian actress, who is appearing next week in "The Undying Flame" at the Monarch theatre will spend half of each year at the Lasky studio in Hollywood, California, and the other half in New York City, according to the terms of her contract with Jesse L. Lasky. This travelling back and forth does not in the least disturb the great actress, however, for she is one of the most cosmopolitan actresses of the screen, having been born in Warsaw, Poland and travelled between the chief cities of Europe and America most of the time since then.

Maurice Tourneur, the noted director of Mary Pickford in her famous success, "A Poor Little Rich Girl," and of Mme. Petrova, in "The Undying Flame," has made a contract with the Lasky company to make pictures exclusively for Paramount for one year. It has been announced that Monsieur Tourneur will direct Mme. Petrova's next picture, the title of which has not yet been made public.

THRILLING WESTERN  
DRAMA AT MAJESTY

For the last time today Harry D. Carey is to be seen in a western drama which will cause the blood of every red-blooded individual to fairly tingle. The play is set on the Mexican border and is entitled, "The Fighting Gringo." This week's episode of "The Voice on the Wire" is a thriller, working up to a very unusual climax. A two-reel comedy featuring Una Curran and Eddie Shields furnish lots of laughter and the latest Universal Weekly rounds out a good full two-hour show.

## GARLAND MAC CLASHED WITH IDLE DIRECT

Opening Day Races At Calgary  
Fair Featured By  
Accidents.

CALGARY, June 29.—Driving like mad in the final and most sensational race held on the Calgary exhibition course this afternoon, Robertson, on Sporting Life, went to the front in the stretch of the six and one-half furlong race and won by a nose from Marcus, J. D. Ferguson's fast horse. The race was run in 1:23 1-2 and was the best contest of the afternoon from a spectator's viewpoint.

In the first race, the 2:35 pace, or 2:30 trot, exceptional class was shown by The Wilkmer, who won handsily. This horse is from the Tonkin stable at Port William and was driven by McCranor. Calgary Earl, the local bred and owned by S. H. Roe, was the odds next best horse in the race.

**Some Snaps**  
In the first heat Garland Mac, driven by Knowles, locked wheels with James McGuire, driver of Idle Direct, causing a bad upset at the first turn of the track. None was injured. McGuire's bad luck pursued him. In the second heat Idle Direct fell and Garland Mac went right over the sulky, upsetting Knowles again. His sulky was smashed and he was unable to finish.

Owing to the accident being of an unavoidable nature the horse started in the third heat. Mace McGuire was driving, but Idle Direct was so badly shaken up that no class was shown. He finished fifth.

In the second race Tom Falls, of Brandon, was fined \$25 for lagging with Guy Boy, the horse of James Stewart of Calgary. The judgment of the stand was verified in the next heat, when Guy Boy won handsily.

Robert Leighton of Vancouver is preceding Judge over the running races. Summary:

First race, 2:35 pace or 2:30 trot, 3 in 5, purse \$600:  
The Wilkmer, b. s., James Tonkin (McCranor) ..... 1 1  
Calgary Earl, s. s., S. H. Roe (Keener) ..... 2 2  
Real Patch, b. m., G. A. McIntosh (Wagner) ..... 3 3  
T. R. McGregor, b. s., J. V. Shaw (Shaw) ..... 4 4  
Maxine W. b. s., B. W. Cap. (Caywell) ..... 5 5  
Time, 2:18 1-4, 2:16 1-4, 2:18 1-4.  
Second race, 2:25 trot, 3 in 5, purse \$500:  
Jessie Waters, b. m., George Rutledge (J. Stewart) ..... 1 2  
Expat, s. s., H. B. Somerville (Stewart) ..... 2 2  
Guy Boy, b. s., James Stewart (Falls) ..... 3 4  
Peter R. b. s., George Miller (Thomas) ..... 4 4  
Time, 2:29 1-4, 2:26 1-2, 2:22 1-4.  
Third race, 2:20 pace, 3 in 5, purse \$200—Foeman won, Northern Light second, Little Bill

## 'PEGS' CONTINUED WINNING STREAK

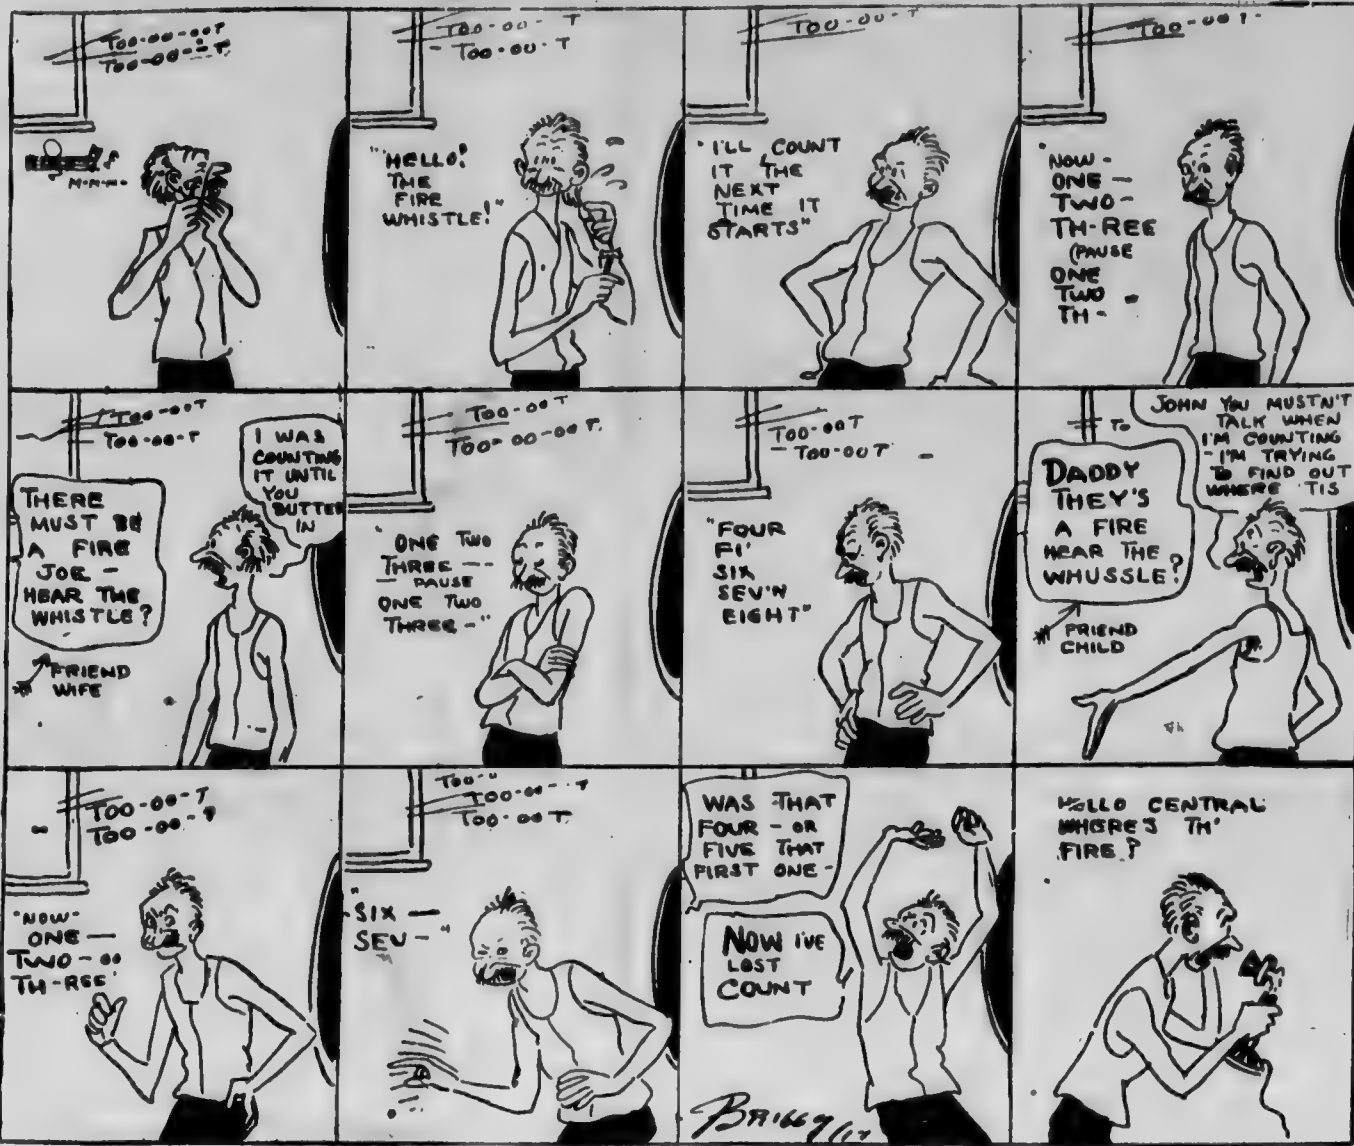

Take Two More Games From  
Fargo—Local Player  
Fined \$35.

WINNIPEG, June 29.—The Pegs continued their winning streak at the expense of Fargo-Moorhead, from whom they took two games, the afternoon game resulting in a shut-out for the league leaders, 4 to 0 while in the evening the result was 5 to 3 in a short game. Malone had the visitors at his mercy in the matinee performance while the visitors bunched their errors with the Pegs' hits to allow Thomas in a hard-fought game, the locals bunched their hits for four runs in the third which decided the game. Wright of the Winnipeg club was put out of the game and fined twenty-five dollars for disputing a decision of Umpire Shuster. Scores:  
Afternoon game: R. H. E.  
Fargo ..... 0 0 0 0—0 3 5  
Winnipeg ..... 201 001 002—4 5 1  
Johnston and Bachant; Malone and Moore.  
Evening game: R. H. E.  
Fargo ..... 001 002—3 2 1  
Winnipeg ..... 004 010—5 7 3  
Thomas and Bachant; Kearns and Moore.

## AQUEDUCT RESULTS

ACQUEDUCT, N. Y., June 29.—Summary:  
First race, 5 furlongs—Lady Longfellow, won; Sun Rose, second; Frolic, third. Time, 1:02 3-5.  
Second race, 6 1-2 furlongs—Pansaretta, won; Rhine Maiden, second; Fairy Wand, third. Time, 1:22.  
Third race, mile—Ludius, won; Gloomy Gus, second; Nashville, third. Time, 1:41.  
Fourth race, mile and a sixteenth—Bayberry Candie, won; Plittfield, second; Garbage, third. Time, 1:48 2-5.  
Fifth race, mile and a furlong—Brickley won, Madame Herrmann second, Stalwart Helen third. Time, 1:58.  
Sixth race, five furlongs—Declivis won, Chief Lilly second, Prince Ed third. Time, 1:02 3-5.  
Seventh race, 1:03 3-4. Fanga Dottie, Sunflower also ran.  
Fourth race, four furlongs, purse \$200—Yowell won, Fair Ella second, Vodka third. Time, :54. Halloween, Royal Irish, Yorkist and Chantou also ran.  
Fifth race, six furlongs, purse \$200—Low Hill won, Willina second, Rocks third. Time, 1:18. Killarney Bell, Fairwell and Santa Call also ran.  
Sixth race, five furlongs, purse \$200—Running Chokio won, Snap Shot second, Yackamini third. Time, 1:05. Gildray and Doctor Tom also ran.  
Seventh race, six furlongs, purse \$200—Sporting Life won, Marcus second, Trieste third. Time, 1:23 1-2. Ada, Gerds and Marta Mack also ran.

## DOG SHOW WILL BE BEST EVER IN EDMONTON

Kennel Club Working Hard To  
Make Summer Exhibition  
A Success.

A very enthusiastic meeting of the Edmonton Kennel club took place on Thursday evening in the council chambers. Every member of the club is putting forth a special effort to make this year's show the best yet. They have secured a good building in the exhibition grounds, close to the Alberta avenue entrance, and visitors to the exhibition this year will have an opportunity of seeing some of the best dogs in Canada. Some very fine animals will be shown for the first time in Edmonton.

J. C. Fletcher of Winnipeg will be the judge. The secretary of the club, E. W. Finch, is ready to give any information about the show if called upon on the phone No. 1763, during the day and 7312 after 7 o'clock in the evening. He will supply entry forms.

The catalogue will all be numbered and on the last day of the show, a number will be selected, and the owner of the catalogue bearing this number will be given a fine Boston terrier puppy. Entries close July 6th.

**HAMILTON RESULTS**  
HAMILTON, Ont., June 29.—Summary:  
First race, five furlongs—Sincerity won, Dalmood second, Saint's Bridge third. Time, 1:06 3-5.  
Second race, six furlongs—Ender won, Miss Fox second, Armine third. Time, 1:18 1-5.  
Third race, mile and sixteenth—Comacho won, Tite second, Mathew third. Time, 1:35 4-5.  
Fourth race, six furlongs—Lay Lou won, David Craig second, Blaise third. Time, 1:16 1-5.  
Fifth race, one and one-sixteenth miles—Gold Crest Roy won, Jack Reeves second, Alpena third. Time, 1:51.  
Sixth race, mile—Corn Broom won, Tom Caro second, Requiram third. Time, 1:46 4-5.  
Seventh race, mile—Lady Ward won, Beauty Spit second, Aprim third. Time, 1:45 1-5.

## POOR PLAYING

PHILADELPHIA, June 29.—Poor playing by Washington in the ninth inning gave Philadelphia the victory today, 4 to 3.

**CHICAGO WON**  
CLEVELAND, June 29.—Chicago today defeated Cleveland 3 to 1. Cleveland filled the bases after two were out in the ninth, but Faber ended the game by striking out Pinch Hitter Allison.

**LE GOOCH RELEASED**  
PHILADELPHIA, June 29.—Pitcher Le Gooch was released by the Philadelphia Americans to the Springfield, Mass., club.

## Sporting Facts and Fancies

The best investment that the Cincinnati Reds ever made was Christy Mathewson. Since he has taken up the management of that team, the Reds have been drawing big crowds, especially at home. "Big Six" is one of the most popular players that ever operated on the diamond.

Frank Gilhooly is still on the sick list and reports are that he will be out of the game until the fall. The Yankees have certainly had hard luck in not having the services of this crack outfielder.

They're still discussing John McGraw's row with Umpire Byron. Nobody knows just exactly what brought on the fist encounter and the details will probably never be known to the general public.

Now, boys, just sit back and watch Mr. Dumont of the Washingtons operate on the mound. See how he puts 'em across. Dumont is certainly some boy and the American League hasn't a pitcher this year who is better than he. If only the rest of the team could show something, there might be some interest in the doings of the gentlemen from the national capital.

Speaking of the Washingtons, it is interesting to note that this team has lost the majority of its games this season by just one run. Ain't it funny what a difference just a few hits make?

Frank Baker's work with the Yankees is arousing the enthusiasm of the fans, as usual, and winning the approval of his employers, who paid \$37,000 for his release to Connie Mack, and they're glad they did. It is just lately, however, that Frank is showing that he still has the goods with him. In the beginning of the season there were considerable doubts on this point. But he has come back and it looks as though he were back to stay.

Eddie Cicotte has taken a leaf out of the book of Alexander the Great. He has mastered control, and that's what is winning games for him.

Speaking of swimming, as we have not been doing in a long time, don't overlook the fact that Duke Kahanamoku, the Hawaiian swimming marvel, is in the pink of condition now and is doing better than ever at his favorite occupation, according to the latest reports from the region where they're wearing 'em higher. He engaged in a peristaltion with the best swimmers of the island recently and beat all comers very easily. The best indication of his speed lies in the fact that he defeated George Kuhna, Clarence Lane, John Keu and Harold Krueger, all crack speed artists in the water.

What will Joe McGinnity ever do out of baseball. It must make him feel mighty lonesome not to be on the lot day after day, which he has been for these many years. The "Iron Man" of baseball, despite the fact that he has sold out his interest in the Butte club of the Northwestern league, will very likely be seen hanging around on the outskirts of the diamond for the rest of his days. It's in his blood and he just can't help it.

## Today In Pugilistic Annals

1908—Bailor Burke defeated Jim Savage in three rounds at New York.

1909—Jack Johnson outpointed Tony Moss in six rounds at Pittsburgh.

1910—Ray Bronson defeated Jack Britton in a fast ten round bout at New Orleans.

### BEST LEADERS

NEW YORK, June 29.—New York and Boston broke even in a double header today. The first game was a closely contested one and was won by the Giants, 3 to 1, while the second was a farce which Boston won by a score of 13 to 0. Magee was put off the field in the first inning of the second game for protesting a called strike.

### PITCHER'S DUEL

PITTSBURG, June 29.—In a pitchers' duel between Maxwell and Mannaux, Cincinnati today won 3 to 0. Maxwell won his own game in the second, when he singled with two men out, went to second as Groh was passed and scored on Kops' single.

### A HOME RUN

CHICAGO, June 29.—Hornaby's home run in the sixth inning gave St. Louis a lead which Chicago was unable to overcome and the visitors won today, 9 to 2. The visitors clinched the victory in the ninth inning by scoring six runs on four hits and two errors.

Joe Wood, billed as a stellar attraction in the Cleveland pitching outfit, has been a costly investment so far. Cleveland club paid \$15,000 for his release and signed him up at a salary said to be over \$7,000 per annum, which is some salary, all will agree. So far Joe has done most of his performing as a bench warmer.

### American League

## LAWN BOWLING TOURNAMENT IS PLAYED MONDAY

City And Out-of-Town Teams To  
Contest For Hingston-Smith  
Cup In All Day Event.

The first lawn bowling tournament to be held in North Alberta will be played in this city on Monday. The Hingston-Smith cup is the trophy to be played for. There are a large number of keen bowlers in Edmonton and nearby cities and interesting contests may be looked for. It is proposed to inaugurate a general revival of interest in this fine game and to make the tournament an annual affair.

Three teams from the Edmonton civil service club are entered, together with teams from the Edmonton, the Highlands and the Westsaskw clubs. The draws are as follows:

### 10 O'CLOCK DRAW

Parliament Buildings

Civil Service No. 2 vs. Oliphant.

Topping vs. Ramsey.

At Edmonton Bowling Lawn (South Side)

Civil Service No. 1 vs. Wilson.

Knox vs. McTavish.

1:30 DRAW

At Parliament Buildings

Marion vs. winner of Civil Service No. 1 vs. Wilson.

Civil Service No. 3 vs. winner Knox vs. McTavish.

At Edmonton Bowling Lawn (South Side)

Baker vs. winner of Civil Service No. 2 and Oliphant.

Loge vs. winner of Topping and Ramsey.

Draws for semi-finals and final to be played at 4 o'clock and 7:30.

### A PROMINENT ATHLETE

Following the recent report of his illness in England, now comes the news that Arthur Jamieson, the well-known Indian marathon runner, has passed away. Jamieson was one of the recent runners of prominence, and during the past few years took part in practically every important distance race, and was invariably home in front or very close to the winner. He went overseas with the 114th battalion, and while a member of the king's uniform took part in numerous military races against Tom Longboat, Jim Corkery, Ted Woods and others. Jamieson went to Hamilton from Woodstock, where he made his athletic debut in the Oxford marathon six years ago. His older brother, Levi, was also an accomplished long distance runner, but did not achieve the same success as Arthur.

### PITCHERS COMPLIMENTED

Manager Rowland of the White Sox attributes the success of his team to the steady work of four pitchers. Cicotte, Russell, Scott and Bena are the boxmen who are doing practically all the work. Faber has been laid up with a strained ligament, but as soon as his arm becomes fit he will take a regular turn with the men named above. Rowland is holding Danforth, Williams and Wolf-gang in reserve. They are used as relief pitchers whenever the regulars are roughly handled. Rowland believes that practice makes perfect and that a pitcher becomes more effective if he knows when he is expected to face the enemy. The reformation of Death Valley Jim Scott this year has helped the White Sox materially. Scott was suspended and fined last summer for breaking the rules of discipline, but he has seen the handwriting on the wall and now is earning his salary.

### TWO TERRIFIC HITS

The two "longest hits ever made" were lined out May 26. In the Cardinals-Braves game at Boston, Cruise of the Cardinals, hit a ball into the right field bleachers, a distance of 50 feet, the first time the feat has been accomplished at Braves Field. In the Cubs-Giants game at New York, Robertson hit a homer into the right field bleachers, the first time it ever was done at the Polo Grounds since the Brush Stadium was built in 1911.

### RUNS BY ERRORS

BOSTON, June 29.—Boston defeated New York, 3 to 1, in ten innings today. Both of the local's runs were the result of errors.

## Sporting Jottings

Waiving all rights to exemption because of wife and baby, "Steve" O'Neill, catcher for the Cleveland American League club, forwarded his registration card to the United States authorities.

It is estimated that there are 3,500 new gun clubs all organized in America. A total of 600,000 enthusiasts tried their hand at smashing the targets during the 1916 season and the sport is spreading.

Manager "Bill" Donovan has released on optional agreement to the Toledo club

This is a new photograph and the best ever taken of the family of President Yuan Shikai.

Emma Goldman and Alexander Berkman, notorious anarchists, who may be deported from United States because of their alleged conspiring against the American army registration law.

Another return to the arms of old. A screen like visor, fitting on the front of the French trench helmets, has been devised as a protection for the eyes of the French soldiers. The visor is shown lifted and lowered and resembles greatly the visors of the helmets worn in the days of chivalry.

Paris midnettes, who are striking for a Saturday half-holiday and a 20 per cent. increase in pay, and have adopted the Stars and Stripes as their emblem. The picture shows one of the "striking" midnettes, with a hat band of the Stars and Stripes.

Empress Zeoditon is probably the youngest ruling a country. She has just been established on the throne of Abyssinia, the negro empire in Africa. Zeoditon is the granddaughter of the late King Menelik. His son was debarred from succeeding to the throne because of religious difficulties. Zeoditon is a Roman Catholic and as such acceptable to the large part of Abyssinians, who are Catholics.

When the military registration station in Mulberry street, New York, opened for the day on June 24th, more than a hundred Chinese, residents of New York's Chinatown, were in line to register for the military draft. The sons of the Celestial Kingdom were anxious to answer the registrar's questions and receive their little blue

## \$3300 From Year's Swine Sale; Part of Profit on Fine Farm of Luther J. Samis at Excelsior

Pioneer Homesteader Has 230 Pigs in 50 Acre Hog Pasture—Pigs Cheques Pay For Another Farm, New House And Barns—Owner Rides in Auto, But Pigs Thrive Best in Open Air And Straw Stack.

"That sow has eleven Duroc Jersey grades, and there are somewhere in or around this fifty-acre hog pasture 175 little Durocs just like them," remarked Luther J. Samis to The Bulletin representative this week, as they looked over the bunch of big and little pigs that came in response to the familiar feed time call of this pioneer farmer of the Excelsior district.

About a year ago the writer called at the Samis farm and found the boys hitching up the team to the sower with a similar group of fat frisky little pigs playing tag around the yard. "How many little pigs like this have you?" asked the reporter.

"Oh, about a hundred," replied one of the Samis boys.

"We have a hundred and twenty-five," spoke up the other.

"How many will they weigh when they are sold?"

"About 200 lbs. each, and at ten cents per pound, it will make \$20 per pig," replied the lad who was good at arithmetic.

"That's \$2,000 for this bunch of little fellows," came an afterthought.

"Where is your father?" asked the reporter.

"Way up north to buy another farm," replied the lads, who started off to the grain field to finish the seeding of the grain crop, much of which was to go to feed this bunch of 175 little pigs in the fall and winter that is just now past.

The conversation with the boys was repeated to Mr. Samis later. "Well, I bought the other farm," replied the father, and as a further example of the profit available from pork, he added, that a few days before he had received a "pig cheque" for \$1,400.

So it was with considerable interest that another visit was paid to the Samis farm a few days ago to see what had been made from the sale of the little fellows that had been running around the sower about a year ago. The price of pork in the meantime had soared higher than the mathematical had anticipated.

**\$3300 For Year's Pigs.**  
The bulk of the bunch of 125 had thrived under the open air treatment that Mr. Samis favors, and had grown fat and heavy, so that with the increased market price, the 90 that have already been sold realized about \$30 each, or a total of \$2,700. A bunch of late pigs are expected to add \$600 to the swine department of his farm for the crop of 1916 harvest, which has been fed to them.

To say nothing of the sale of grain, cattle, poultry, butter or eggs, the swine department of this mixed farm for its one year's output realized \$3,300 for the successful mixed farmer who came from Nebraska and located in the Excelsior district on a homestead about twenty-four years ago.

Luther J. Samis now lives on the quarter which was homesteaded. His father John Samis and also farms the C.P.R. quarter, which he bought just across the road. The Samis family were among the first to settle in the Excelsior district.

Over a hundred bushels of oats per acre have been grown at three different seasons by L. J. Samis during the 24 years he has farmed at Excelsior. Wheat has yielded as high as 50 bushels per acre, and barley as high as 40 bushels per acre. When asked about the prices during that period, he replied that the lowest he had seen was 17 cents, and the highest 68c per bushel. He has sold wheat as low as 50c. The lowest price he ever got for live pigs was 3 1/2c per pound.

However, since he homesteaded in the district, he has always kept a few pigs, and each year as he found it more profitable to feed his grain to stock, he has kept larger herds. Besides the 230 big and little pigs in his pasture, there are ten litters yet to come, and with the average luck that would make 70 more little fellows to be fattened for market. The latter number he has raised per litter has been 11 pigs, but the average runs about seven per sow.

Besides helping to pay for the farm, which now totals 640 acres, the proceeds from the pig crop has assisted in the erection of the fine frame house, two frame barns, and a snug poultry house, which now adorn the farm.

One day Mr. Samis was asked by a visitor where his hog house was. In reply he simply waved his hand over the yard. The open air treatment and straw stack shelters in the winter or bluffs in the summer, and his carelessness to raise all his own pigs and not to buy disease with stockers, has kept his herd free from disease. He believes there is luck in the open air treatment for hogs which are thereby given a strong sturdy healthy constitution, which enables them to withstand disease.

He has now a farm of a half section at Excelsior with fine painted frame buildings, and another half section at Jeffrey P.O. The Excelsior farm has 175 acres in crop this year, with 60 acres of summer fallow, and the balance of his 250 acres cultivated land seeded to timothy and broom grass.

**Neighborhood Threshing Crew.**  
He also owns and operates a steam thrasher. Last year for himself and his neighbors he threshed 55,000 bushels of grain, and was never more than four miles from home. The bulk of the threshing was done within a

## WINTER FED STEERS BRING \$100 PER HEAD

Elk Point Farmers Succeed With-  
out Previous Experience in  
Handling Stock

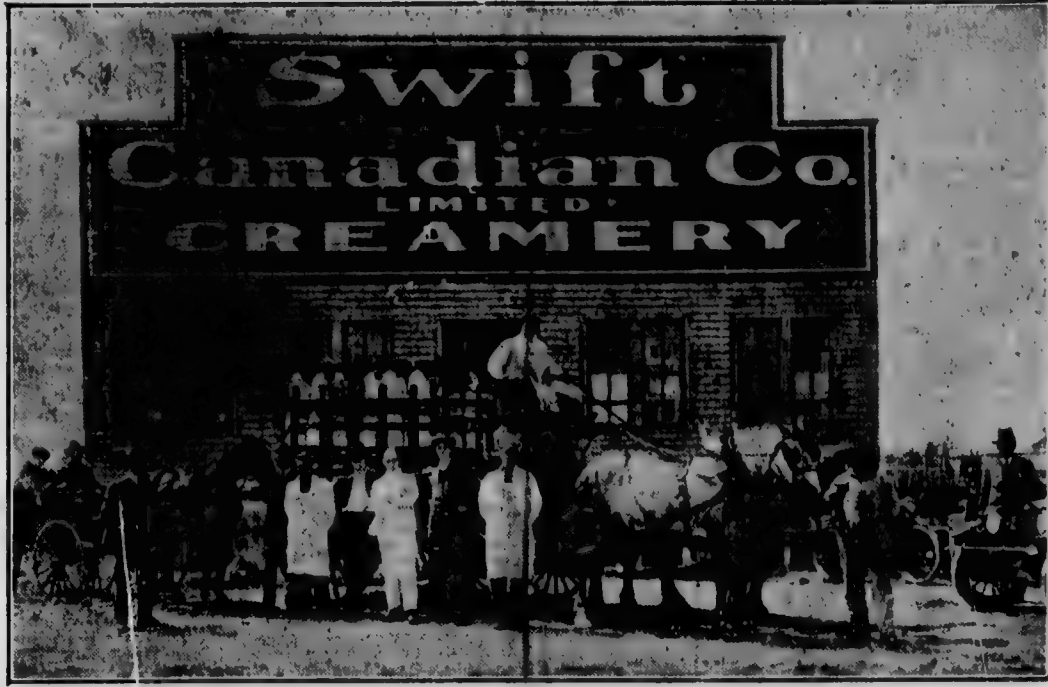

The achievement in the feeding of steers, which should prove of interest to many who are making their first attempt at mixed farming, is reported from Elk Point, a progressive settlement on the north side of the Saskatchewan river, north of Vermilion. Richard Jenkins and son recently sold a bunch of steers which netted them over \$100 a head. To some this may not seem an extra large price, but it must be considered that this was their first attempt at winter feeding, and the result was very encouraging, indeed.

The fact is all the more remarkable when it is remembered that Messrs. Jenkins knew absolutely nothing about farming when they came here four years ago. They tackled the problem as they met them, and with such determination that success was inevitable.

They are well satisfied with the result of last winter's feeding, and they are encouraged to continue this very profitable department of mixed farming.

**\$18,000 FARM SALE.**  
\$18,000 was paid by Phyllis Simard, of Montreal, for the W. H. Way farm, 3 miles from Chauvin. Mr. Simard entered into occupation at once and intends to practice mixed farming in this district, of which he has a most favorable opinion. Having made necessary arrangements he left for the east and will return quickly as the train service will permit, accompanied by his wife and a healthy family of nine children. The W. H. Way farm consists of three quarters of choice land of which 225 is now needed to wheat, in all 400 acres will be cropped. W. H. Way, who is enthusiastic for this district, having made money every year since his arrival, is now able to retire and live in comfort and leisure.

**PROPOSED PLOUGHING BEE.**  
It is proposed to hold a ploughing bee July 11th on the farm of Pte. Donald McKenzie, who is now in the trenches. Mrs. McKenzie is doing her best to keep the home fires burning on the farm, section 28-44-1. Everybody is invited to come and "Do a Bit," Chauvin Chronicle.

Arrival of Cream Wagon at New Creamery of Swift Canadian Company, Edmonton.

## SWIFT CANADIAN CO. DAIRY HAS NOW 75 CREAM BUYING STATIONS

New Industry is Well Under Way at Hudson's Bay Reserve, North of Victoria High School—Has Up-to-Date Equipment—Creamery is in Charge of P. N. Beyers, Who Has Had Experience in Denmark.

An account of a visit to the new creamery of the Swift Canadian Co., on the Hudson's Bay Reserve, north of the Victoria High School, will be of interest to Edmonton people, and all those interested in the development of the dairy and butter-making industry of the province of Alberta. Already the Swift Canadian Co. have established 75 cream-buying stations, and more will be opened up as required, and the prospects of cream from any locality indicate they are warranted.

The Bulletin representative was courteously received by P. N. Beyers, an expert butter-maker, more recently from Portland, Oregon, but latterly from Denmark, whom the Swift Canadian Co. have secured to manage this branch of their industry at Edmonton.

The building is 50x80 feet, and two storeys high. It was formerly the Podmore Creamery, but the structure has been remodelled and equipped with the latest type of butter-making machinery.

The management are justly proud of the up-to-date appearance of the whole building, the personnel of the staff and the sanitary condition of the apparatus and equipment.

The equipment of this new creamery is most modern, and includes two perfect draught churns and butter-workers, each with a capacity of 1,000 lbs. every two hours, or a full capacity of 5,000 lbs. in a ten-hour day. The butter-making output is 3,000 lbs. per day.

The cream, upon being emptied from the cans in which it is transported from the farm to the butter factory, is put into the sterilizing tank, where it is thoroughly pasteurized.

and all germs killed, by heating the cream up to a temperature of 145 degrees. It is kept this hot for 30 minutes, then gradually cooled to 48 degrees.

This sterilizing tank has a cork-screw pipe line through which steam passes during the heating process, followed by city water, which reduces the temperature to 72 degrees, and an icy brine which cools the cream to 48 degrees. Neither the steam, the city water nor the brine come in direct contact with the cream, through which it passes in the cork-screw pipe.

The Improved Houdahl starter can has 100-gallon capacity, and the Jensen ripener has a capacity of 600 gallons. The sterilizing pasteurizing process makes it necessary to raise a starter for the same purpose as yeast is used in bread-making.

**Neutrality of Cream.**  
In the testing laboratory all the cream is tested for its neutrality, and every separate can is thus treated. The cream is tested for acidity, both before and after churning. All the butter is tested, both for churn moisture and pack moisture.

The butter is packed in cubes, 66 pounds in a box, and placed in cold storage until ready for shipment.

**How Cans are Washed.**  
The cream cans are washed by being turned upside down over a steam jet, and dried over a lot of hot dry alfalfa. They are thoroughly washed and sterilized before being returned to the dairymen on the farms.

Swift's cans are all painted with a blue top and red cover, and will no doubt be soon quite conspicuous on the depot platforms along the many railway lines radiating round about the city.

Immediately and from then on no weed is allowed to show its head. As soon as the plowing is finished the disc and the big six-horse cultivator is set to work and cultivation is kept up uninterruptedly until freeze up. Mr. Kraft does not believe in stubbling land, there is no other way out of it, but when he does put in stubble he has every month in the year and ascribes to the fine degree of cultivation that he land is always in.

Marquis wheat was grown exclusively at first but Red Fife is claiming more and more of a place in his efforts.

**Windmill Pumps Water.**

The water for house and barn is procured from a large well and is pumped by windmill to a tank from which it is distributed to wherever needed. The barn is built with three floors of boards, and in warm and dry, no frost appearing even on the coldest days of winter. Above the horses is a huge loft and a hay lifting apparatus that unloads and mows a full load of hay at a time. From this loft the hay is shoveled down chute to each team, running water is there, that they may drink at any time, and the pulling of a slide brings oats in any quantity. A large harness room is also provided and is equipped with everything necessary to do quick jobs of repairing.

Every fall Mr. Kraft slaughters two or more hogs, and upwards of a dozen fat hogs. He cures and smokes his own bacon and hams. Near the house is a well kept garden and grouped about the big barn are numerous sheds, a blacksmith shop and other shops together with nearly a score of portable grain bins that are hauled to and from their various places in the fall and spring.

## 40 New Cooperative Elevators Require 400 Carloads Material; \$75,000 Wages From Builders

Alberta Farmers' Co-operative Co., Limited, Increase Elevator Capacity By 8,000,000 Bushels For Handling 1917 Crop—Business Done So Satisfactory That 50 Per Cent Increase Ordered By Directors To Help Handle Larger Crop—Many Coal Sheds Added Also.

About \$75,000 dollars in wages is being paid out this season for the construction of new buildings and the erection of additional to the part of Alberta from Red Deer north by the Alberta Farmers' Co-operative Elevator Co., Ltd. About eight million feet of lumber will be required. Each elevator will require about seven cars of lumber, one car of cement, one car of hardware, and one car of machinery. This means about 400 carloads, or sixteen trainloads of material needed. The storage capacity of the elevators varies from 35,000 bushels to 55,000 bushels; but during the season a considerable larger amount of grain passes through these elevators.

In 1915-1916, the Alberta Farmers' Co-operative Elevator Co., Ltd., handled approximately 20,000,000 bushels through 37 elevators.

In 1916-1917 to date, they have handled approximately 15,000,000 bushels in part of a year through 103 elevators. The new additions being constructed this season about amounting to 50 per cent. to the grain-handling business of this ever-growing busy company.

The additional storage represented by these elevators added this year will be approximately 6,000,000 bushels. An effort is being made to complete all buildings on this year's program, so as to be ready for handling the new crop. Six elevators are already completed and seven crews are now at work. It is expected that twelve more crews will be employed in the near future.

**Big Construction Program.**  
The construction program of the Alberta Farmers' Co-operative Elevator Co., Ltd., is exceptionally large this year, as a result of the service which the company has been giving to its patrons and shareholders. This year the company officials have been besieged with applications to build farmers' elevators, and to do the directors have given instructions for the construction of thirty-seven new elevators and the purchase of elevators already erected at three other locations. A number of applications have also been received for the company to provide additional storage at various points and it has already been decided to construct annexes of about 15,000 bushels capacity at Fort Assiniboine, May and Three Hills.

In connection with the construction program, arrangements have been made for the completion of 125 coal sheds adjacent to grain elevators with a total storage capacity of 20,000 tons of coal.

Another idea of the development of this farmers' business organization is the employment of an office staff of about one hundred at their head office at the Loughheed Building, Calgary. On their permanent staff and exclusive of the expenses of erecting new elevators, this company has throughout the whole province about 235 employees.

**On C. P. R. Lines.**  
Magrath, Lacombe, Many Berries, Nisku, Barnwell, Taber, Parkley, Cluny, Nakam, Carleton Place, Dalfour, Nanton, Parkland, Penhold, Erskine, Halkirk, Manitow, Camper, Camrose, Lethbridge and Athabasca.

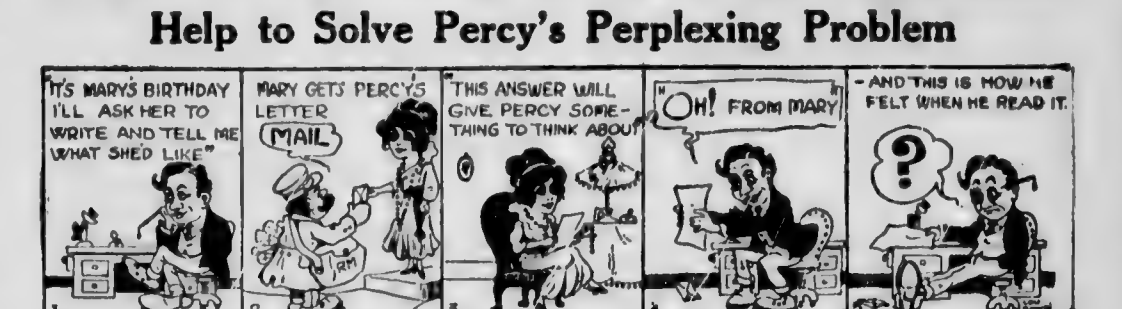

**On C. N. Lines.**  
Moosehide, Kampl, Kelsey, Ross, Lind, Alliance, N.E. of Edmonton on River-St. Paul branch, Scottford, Millville, Legal, Clyde and Athabasca.

**On G. T. P. Lines.**  
Spruce Grove, Tarron, Dorence and Elora.

On the Alberta and Great Waterways, an elevator is being erected at Bon Accord.

In the Peace River district, two elevators are being erected by the Alberta Farmers' Co-operative Elevator Co., Ltd. at Clairmont, both on the Grand Prairie branch of the E. D. and B. C. railway.

## Prizes Doubled! Ford Car Added!! Help to Solve Percy's Perplexing Problem

MARY'S letter is surely a puzzler. She has so mixed up the letters in the names of things she would like Percy to give her for her birthday gift that they spell something different entirely. Sometimes she has even made two or three words out of one name, as in number five, which undoubtedly is "Diamond Ring".

Each of the names in Mary's letter represents a present that any girl would like to receive for her birthday. You know one of them; now try to solve the remaining names, and when you have written Mary's letter, substituting the correct names and send your solution to us. In this interesting contest we offer

**A 1917 Ford Touring Car (value \$495.00) as Added Grand Prize and \$510.00 in Cash Prizes**

1st Cash Prize.....\$150.00	14th Cash Prize.....\$5.00
2nd Cash Prize.....75.00	15th Cash Prize.....5.00
3rd Cash Prize.....50.00	16th Cash Prize.....5.00
4th Cash Prize.....25.00	17th Cash Prize.....5.00
5th Cash Prize.....25.00	18th Cash Prize.....5.00
6th Cash Prize.....20.00	19th Cash Prize.....5.00
7th Cash Prize.....15.00	20th Cash Prize.....5.00
8th Cash Prize.....10.00	21st Cash Prize.....5.00
9th Cash Prize.....10.00	22nd Cash Prize.....5.00
10th Cash Prize.....10.00	23rd Cash Prize.....5.00
11th Cash Prize.....5.00	24th Cash Prize.....5.00
12th Cash Prize.....5.00	25th Cash Prize.....5.00
13th Cash Prize.....5.00	26th Cash Prize.....5.00

and Fifty Cash Prizes of \$1.00 each

Each cash prize carries a doubling bonus by which the winner may receive twice the amount given above, making

**\$1020.00**

THE first thing Percy did was to walk through the stores and make a list of all the things that would make nice presents for a girl, so that he could compare his list with Mary's and see how many names were left in the puzzling words. He was surprised to find the number of nice things one could get for a girl, for very few of the things he had listed were in the list of names. He decided to make a list of the things he had listed, and to see how many names were left in the puzzling words. He was surprised to find the number of nice things one could get for a girl, for very few of the things he had listed were in the list of names. He decided to make a list of the things he had listed, and to see how many names were left in the puzzling words.

**How to Send Your Answers**

UPPER side of the envelope in which you send your answer, write the name of the person to whom you are writing, and the address to which you want your answer sent. Do not send your answer to the publisher of the magazine, as they will not be able to give it to the person to whom it is addressed. Do not send your answer to the publisher of the magazine, as they will not be able to give it to the person to whom it is addressed. Do not send your answer to the publisher of the magazine, as they will not be able to give it to the person to whom it is addressed.

**Me Expense is Attached to This Great Contest—Any One Can Win a Fine Prize**

THIS interesting contest is conducted from this month's issue of EVERYMAN'S WORLD, Canada's Greatest Home Magazine. IF YOU OPEN TO ALL, you can enter and win a big prize without any expense. You can enter and win a big prize without any expense. You can enter and win a big prize without any expense.

**How the Prizes Will be Awarded**

AS soon as your answers are received, we will write and tell you the number of names solved correctly, and you will receive a free copy of the magazine and the big list of cash prizes and rewards that you can win, as well as names and addresses of hundreds of winners of big prizes from EVERYMAN'S WORLD.

THE judging of the entries will be the hands of three independent judges, who will be chosen from the names of the winners of the contest. The awards will be given to the winners of the best set of answers qualified according to the rules and conditions of the contest. In judging the entries to the puzzle, points of merit will be taken having most correct answers, in general interest and appearance of the contest. Handwriting, spelling, punctuation and style will be considered. All answers must follow the form of Mary's letter. But containing the solution for the proper names as called for above. Answers in any other form will not be considered. Send Mary's letter to the publisher of EVERYMAN'S WORLD, 24th Street, New York City, U.S.A. Answers in any other form will not be considered. Send Mary's letter to the publisher of EVERYMAN'S WORLD, 24th Street, New York City, U.S.A.

Two modern mammoth churns and butter-workers at the Swift Canadian Creamery, Edmonton

# SAXON "SIX"

A BIG TOURING CAR FOR FIVE PEOPLE

## Consider the many ways Saxon "Six" excels

It is not in one way alone that Saxon "Six" surpasses other cars.

In every phase of performance you'll find it matchless.

In pulling power on hills and through heavy going, in high-gear work, and in acceleration it duplicates the ability of costly cars.

By constant betterment the power-flow has been made smoother and more supple than ever before.

And in achieving this continuous power-flow, vibration has been virtually eliminated.

So that now Saxon "Six" has longer life—a greater period in which its efficiency remains unimpaired through wear.

As nearly as can be estimated its endurance is somewhere around 20% greater than any other car in its class.

And the economy of Saxon "Six" in gasoline has kept pace with its other abilities.

206 stock model Saxon "Sixes" recently ran 300 miles apiece without stopping and averaged 23.5 miles per gallon of gasoline.

Judging from present day sales it will be hard to get prompt deliveries on Saxon "Sixes" before long. For the demand is practically abreast of production now.

So we urge you to come in at once. Saxon "Six" is \$1425 f.o.b. Edmonton.

## Peace River Campaign Hard One; Both Sides Covered Riding Thoroughly With Their Speakers

Special to the Bulletin.

Peace River, June 28.—By the time this is published in the Bulletin the polls in the Peace River constituency will be just ready to close their doors and the last of the deferred elections will be over. In spite of the predictions made freely in other parts of the province that "of course Peace River will decide for the government," there has been a hard, but unusually clean campaign fought. The leading men of both the government and opposition have thoroughly gone over the constituency. It may be said that the politicians have been conquered by the charm of the great north country and when the next railway proposal comes up in the house many members on both sides of the speaker's chair will have a clearer conception of the country for which the roads are proposed.

The question of the establishment of a high school in Peace River was discussed at the meeting of the school board on Tuesday afternoon. There are a number of pupils who will this month finish grade eight, and some provision must be made to enable them to further continue their education. Principal Russell, will probably go on with the work in grade nine when the school reopens, but the details have yet to be arranged.

Crop conditions throughout the Peace River district continue to be absolutely ideal. There has been both sunshine and rain, during the past week. Just enough rain to keep the ground moist, with twenty hours of sunshine nearly every day. Farmers from the west side of the river have brought in some bunches of rye, already in head, while the wheat and oats are well on to two feet in height in some fields. There is an especially fine stand of grain at the mission at Shafshury and with the continuance of good weather will be ready for the binder inside of 30 days. Old timers declare that it is one of the best seasons so far that they have ever seen in this country.

The cable was stretched across the Peace River on Monday at the bridge site which will enable the crew to continue with the work upon the mid-river piers as soon as the water falls. At present the top of the piers, which were laid last winter to the surface of the ice, are about ten feet under water. As soon as the water lowers work will be rushed with two shifts of workmen.

W. A. Rae, Liberal candidate for the Peace River constituency, and Hon. J. R. Boyle addressed the largest and most enthusiastic political meeting yet held in this district last Saturday night. It was Mr. Rae's only visit to Peace River during the campaign.

but his ability to discuss the political questions of the day in a strong and convincing manner, was amply proven and the audience left the hall feeling that they had a right to be proud of the man who would represent them in the legislature.

Mr. Boyle centered their discussion upon the question of railway development in the Peace River district. Without a threat of any kind, yet in a manner that was convincing, the speakers stated that the issue of the campaign as far as this constituency was concerned was simply, "do you want railways or do you not?" They showed that the government's stand had always been for railways and for opening up this new country and that the opposition had always been opposed to railways in the north, although it had not voted against railways in other parts of the province.

A feature of the meeting was a short speech made by Dr. Featherstone, who, as he said, "had been a life-long Conservative" but who was going to support the Liberal candidate in this election because the Liberal government had always stood for railways in the north and it was to the interest of those living in the north to support the government that had done so much for it.

The election campaign in Peace River was brought to a whirlwind close on Thursday night when two big meetings were held. In Dominion hall the Conservatives held forth while the Liberals with Hon. Wilfrid Garfield and Hon. Chas. Stewart as speakers, had a large crowd in the Empire theatre.

## DISTRICT COURT TO MAKE TOUR OF NORTH COUNTRY

Judge Morrison, Sheriff Gunn and Clerk of Court to Visit Northern Points

Justice F. W. Morrison, Stettler, and Peter Gunn, sheriff of the Peace River district, leave Thursday for a very extensive trip into the north country. With A. Laurencelle, clerk, they form a district court and will proceed first to Grande Prairie where a session will be held, then on to Spirit River, and later Peace River will be visited. After the work is wound up at these points the court will go to Fort Vermilion, then to Fort Chipewyan and in case a call is made to Fort Smith near the Slave Lake, Mrs. Peter Gunn and Mr. McLain will go with the party as far as Peace River.

This trip of the court will cover close to fifteen hundred miles and will be made by rail and river steamer; about half the distance by rail and half by water.

The method of carrying the law to the far away points is distinctly British and though costly in many instances, it beyond doubt accounts for the success in handling the native people of all the frontiers.

Both the whites and natives of the north have a wholesome regard for the laws of Canada and seldom do the courts visiting the points in the upper country have many cases come before them. Justice Morrison and court will return by way of Fort McMurray and the Great Waterways.

The dates set for the different sessions are as follows: Grande Prairie, July 4th; Lake Saskatchewan, July 6th; Peace River, July 10th; Fort Vermilion, July 16th; Chipewyan, July 23rd; Fort McMurray, July 26th.

## HIGH PRAIRIE.

Bulletin Correspondence.  
Several new settlers have arrived recently.

All in preparation for a big picnic and concert on Red Cross Day. It is expected to be one of the biggest days in the history of this place.

The I.O.E. are working overtime packing and forwarding boxes of good things to the boys overseas. Thirty boxes went in one week.

W. Keay writes from hospital in England to his brother, Orin here, stating that he is slowly recovering from wounds in the abdomen and right arm.

## NOTED SCIENTIST DEAD

London, June 28.—George Hurdwood, scientist and author, died yesterday, aged 85 years.

## NEW BUILDINGS BEING ERECTED AT GRANDE PRAIRIE

Work Commenced on Number of New Structures in Past Few Days

Special to the Bulletin.

Grande Prairie, June 27.—Several new buildings have been commenced during the past week among them being a residence, owner Geo. Crummy, estimated value \$3,500. The Boulevard, Mrs. C. Crowe, residence, 2nd avenue south, \$3,000; Edwin Cook, warehouse, 3rd avenue south, \$1,000; J. M. Hamilton, residence, 2nd avenue north, \$1,000. It is expected that the contract will be let for the immigration hall in the course of a few days. Contract for the third elevator has been let to the B. C. Warden Construction Co. of Grande Prairie.

The election of the 29th is causing a great deal of interest throughout the whole country, both the Liberal and Conservative candidates being local men. A number of prominent men have appeared on the platform here during the last two weeks, among them being the Hon. C. R. Mitchell and Messrs. Michener and Ewing, of the opposition. Mr. Marshall's speech, dealing largely with agriculture and stock raising, was a real treat and the most ardent Conservatives went away satisfied that at least one department of the government is in good hands. Both of the local candidates deserve credit for the clean campaign they are conducting.

A local branch of the Boy Scouts has been organized and about twenty boys have enrolled. They are at present spending considerable time practicing signalling. It is proposed to form a bugle band in connection with the organization.

## Peace River Briefs

Mrs. T. C. Bruce of Calgary is visiting her daughter, Mrs. R. A. MacLeod.

Mrs. Arthur Lewis of Calgary has come to Peace River to speak in the interests of the Liberal campaign that is being conducted in the district.

Miss Crombie, who has been visiting Mrs. McGavin, has returned to her home in Medicine Hat.

Miss Jean Williams, who has been writing her grade X examinations at Tofield, has arrived at Peace River to spend the summer with her parents, Mr. and Mrs. H. N. Williams.

Mr. McGavin entertained on Monday night at cards and dancing for her guest, Miss Crombie.

Arrangements are under way for an organization of a Ladies' Aid to be formed with the United Church.

The first of the school's term is being held at the school house.

Miss Olive Johnson of Mallowdale is visiting her aunt and uncle, Mr. and Mrs. D. J. Johnston.

Miss Ada MacLeod, daughter of George MacLeod, has returned to her home, where she was visiting her sister.

A number of women in Peace River are meeting together, at the invitation of Mrs. H. E. Grimshaw, for the purpose of forming a chapter of the Daughters of the Empire.

The residents of the Peace River district were all sorry to hear of the death of Mrs. Floyd Gilliland. She is survived by her husband, three small children and her mother, Mrs. Bouck, who has been here for many years. The funeral took place last Sunday.

About thirty passengers left on the D. A. Thomas for Hudson's Hope last Saturday. These included E. H. McLean and his family, Mr. W. Nicholson and party of six, J. H. Moncreath and party of three, and a number of landseers.

W. H. Hobbins, who is D. J. McLennan's visitor in the village for the week-end.

A. Marzaro, Dominion Land Inspector, spent a few days at Peace River and has gone up country.

## PAPER DIVIDEND 6 PER CENT.

Montreal, June 29.—Directors of the Howard Smith Paper Company today declared an initial quarterly dividend of 6 per cent. on common stock, placing it on an 8 per cent. basis, and also the regular quarterly 1 1/2 per cent. on the preferred. The common dividend is payable August 1st and the preferred July 20.

## RECOUNT ASKED FOR.

A recount of the votes in the Provincial election at Red Deer has been asked for and at date set for the counting of the ballots is said to be on Thursday the 19th day of July, before Judge Mahaffy.

## THE BLESSING OF A HEALTHY BODY

Has Not Had An Hour's Sickness Since Taking "FRUIT-A-LIVES."

MR. MARRIOTT

73 Lees Ave., Ottawa, Ont.,  
August 9th, 1915.

"I think it my duty to tell you what 'Fruit-a-lives' has done for me. Three years ago, I began to feel rundown and tired, and suffered very much from Liver and Kidney Trouble. Having read of 'Fruit-a-lives,' I thought I would try them. The result was surprising. During the 3 1/2 years past, I have taken them regularly and would not change for anything. I have not had an hour's sickness since I commenced using 'Fruit-a-lives,' and I know now what I haven't known for a good many years—that is, the blessing of a healthy body and clear thinking brain."

WALTER J. MARRIOTT.

50c a box, 6 for \$2.50, trial size, 25c. At dealers or sent postpaid on receipt of price by Fruit-a-lives Limited.

## CROP PROSPECTS IN PEACE RIVER ARE VERY BRIGHT

Optimistic Reports Come From Every Section of Big Cultivated Area

Parties arriving lately from different parts of the Peace River district tell of wonderfully good crop prospects in the new country. Although the season has been a backward one the crops, owing to plenty of moisture and an occasional warm day, have grown along with as much rapidity as they do in a normal year. This season's good indications extend all over the planted area, from Pouce Coupe and Grande Prairie to the north side of the Peace. The wheat, especially, shows a healthy condition.

Various figures and guesses are given by the men from the north regarding the acreage in crop, and while they vary much, it is safe to say at least one hundred and fifty thousand acres are in grain. The season now has settled down to good growing weather and the long hours of sunshine will soon do the work and send the crops rapidly along.

## EUNICE.

Bulletin Correspondence.  
On Sunday last, June 24th, in Westlock, Mr. Andrew Christenson of Eunice, was married to Miss Hendrine Seatter, also of Eunice. The happy pair returned to their new home on Monday, June 25th and in the evening a party of friends visited their home to wish them good luck and to offer their congratulations. The party was a merry one and dancing and refreshments were enjoyed until four o'clock the next morning.

Mrs. John G. Hastings went to Edmonton on Sunday to spend a few days in town.

Mr. Horace G. Nutt went to Westlock on Tuesday and returned in the evening.

Mrs. Wildmann went to Edmonton for a few days' stay in town.

The road going past Mr. P. D. Larson's house is being repaired. Messrs. Larson, Feldmann, Flint, and Hunt were engaged in the work on Monday, Tuesday and Wednesday of this week. The intense and sudden heat has stopped the work for a time.

Mr. Russell of Fawcett was in Eunice on Wednesday on his way to Pouce Coupe.

Alton Gowing is now in Togo, Sask.

Asa Irwin has a fine crop of wheat appearing on his homestead.

## Drinking Tea Upset Nerves

Mr. Burroughs Compares Canadian Customs With Those in Old Land, and Tells How Nerves Were Set Right.

Orillia, Ont., May 18.—"How to be well and strong is the question many are asking at this time of year, and in this letter you will find the answer. It tells something of the blood-forming, nerve-toning, and health-giving influence of Dr. Chase's Nerve Food, the great restorative which is causing so much talk here just now.

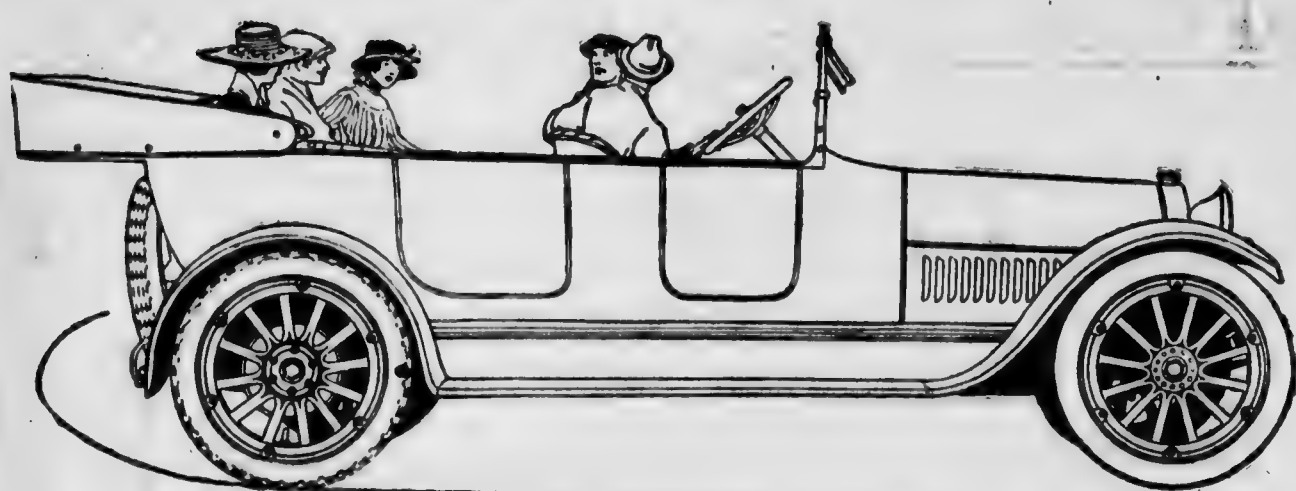

Nature's way of curing disease is by building up the vitality of the body, and this is exactly what Dr. Chase's Nerve Food does. The blood is made rich and red, and it nourishes the exhausted nerves back to health and vigor.

The experience of Mr. Burroughs as described in this letter is similar to that of hundreds of others in this community who have recently put this well-known food cure to the test.

Mr. George Burroughs, 38 Peter street, Orillia, Ont., writes: "A few years ago, after coming out to this country from England, the change of customs seemed to have some effect on me. In the old country the habit of drinking strong tea was prevalent, and I had become very nervous. I had used Dr. Chase's Nerve Food, and found that it healed the skin very quickly. In fact I find all of Dr. Chase's medicines good."

Dr. Chase's Nerve Food, 50 cents a box, a full treatment of 6 boxes for \$2.50, at all dealers, or Edmonson, Bates & Co., Limited, Toronto. Do not be talked into accepting substitutes. Imitations only disappoint.

# Studebaker

## The Studebaker Car More Reasons for Its Leadership

**THE** Series 18 Studebakers are the best cars Studebaker has ever produced. They have been perfected by four years' experience with the same basic design.

They embody ninety distinct improvements in mechanical construction, convenience and comfort over the Series 17, which made such a great record for Studebaker in 1916.

They offer what are probably the best automobiles values in Canada today.

They are made of carefully selected materials, tested and developed in the great Studebaker laboratories.

Their workmanship is experienced, painstaking and carefully supervised.

The inspections are rigid and exacting in the extreme.

For these reasons Studebakers are probably the most powerful cars on the market in ratio to their weight.

For these reasons they are most economical in the consumption of gasoline.

For these reasons Studebaker owners frequently get from 8,000 to 10,000 miles on a single set of tires.

For these reasons Studebakers stand up on the hardest, hilliest drives in the Dominion and under the most racking tests of Canadian roads at a minimum cost for upkeep.

For these reasons Studebaker is enabled to guarantee its cars for a full year against defective workmanship and material.

Let us prove the quality and economy of Studebakers, let us give you a Studebaker demonstration.

# Automobile News of Local Interest

## "HOT WEATHER" THEORY FALSE SAYS EXPERT

Air Pressure Should Not Be Reduced In Hot Weather.

(By E. W. Johnson, Manager of Goodyear Service Department.)

With the return of the summer months come the days that are costly to thousands of motorists. Due to the belief that prevails among hosts of car owners as to the effect of hot weather on automobile tires. It is surprising how many motorists still believe that in hot weather the air in a tire expands to the danger point. Why this wrong impression should have gained such wide circulation is difficult to explain. There is nothing in the "hot weather" theory.

It is true, of course, that on a hot day, the air in a tire expands somewhat—but so slightly as to be negligible in its effect. Internal tire heat does not result from the temperature of the outside air, but from the constant bending of the tire as it rolls along the street. And no season is exempt. Whether in winter or summer, tires generate the same degree of heat. In winter the effect is not so prominent because of the more rapid equalization of temperature within and without the tire.

The practice of running tires at less than recommended pressure in warm weather to overcome expansion tendencies, instead of saving tires and money, has cost the motorists of the continent many millions of dollars.

The modern pneumatic tire appears to be a pathetically frail structure to many car owners—so the advent of a hot day is a signal to them to reduce air pressures. But tires are not so fragile as some car owners imagine. They are built to withstand four and five times recommended pressures. Recently a boy attempted to inflate a set of tires on his father's car with an air hose, and had actually put 400 pounds air pressure on one tire, before discovered.

When tires are run under-inflated in hot weather to combat air expansion, there is increased bending or flexing of the sides of the tires, which incidentally, creates more heat, which is just the condition to avoid. Soon the strength of the cotton fibres is broken down and the motorist is treated to the unwelcome sound of the blowout.

Whatever expansion occurs in a tire while running, is lost again after the car has stood for a short time—and if air has been removed from the tires in the meantime, they are then subject to all the dangers of under-inflation.

Hundreds of tests have proved that no tire is in danger of blowing out because of hot weather expansion of air, when tires are inflated to recommended pressure. Motorists should refuse to be misled by the "hot weather" theory—there is nothing in it worth mentioning.

### 24 VETERAN CARS.

A dozen autos are now owned by residents of Veteran and another dozen by farmers of Veteran district. This is an index of the prosperity in and around Veteran.

## MOVIE OF A MAN AND A SELF STARTER

By Briggs

## 16-AUTO OWNERS AT HORSE HILLS

Use a Road Much Travelled By City Autoists

A list of twenty auto owners who use the Namas road was published the other day, and there are sixteen auto owners in the Horse Hills list, four of them on the 4 1/2 miles connecting the Fort Trail with the correction line. The correction line is used by the auto owners from Namas, in addition to about twenty more from the Sunny Side and Bon Accord districts to the north. A fraction of the

auto licenses which are paid by those who travel this route would go a long way towards paying for keeping this road route in first-class shape for autos all summer and the prevention of the formation of ruts and rough spots by their eradication once a week or after each heavy rain.

The names of the sixteen auto owners of the Horse Hills district are: Ildoro Paradis, Ernest Lamoureux, Bert Walker, E. G. Leonard, Emeline Paradis, W. H. Best, E. Paradis, H. Vizini, M. Gowan, D. Shilleto, J. Rounnell, C. Borgwardt, A. Clark, D. Corbett, A. Corbett, and W. Clark.

The local road councillors are always assured of the support of auto owners in any move for the better up-keep of the roads. In some districts also the auto owners make a strong united appeal to the Government to use part of the auto license fees on the dragging of roads in their locality. Even city auto owners would support a request for the up-keep of a

belt line auto road from Edmonton to Way House. It would make a nice Namas, east along the correction line rural route for city autoists on a summer and south to the Fort Trail at Half-Jumper's day.

## SHIPPING LOSSES CALLED SERIOUS BY TIMES' EXPERT

Will Be Some Time Before Preventive Efforts Can Mature.

London, June 29.—The Times' naval correspondent says of the latest report of shipping losses:

"In the whole, the ratio of vessels escaping to those attacked is slowly improving when the figures are compared from month to month. This may be attributed to greater efficiency in the methods of evasion which the navy is now applying. It must be sometime, however, before the efforts of the allies in this direction can fully mature. On the other hand, although the loss of ships is not increasing, even at a rate for which the public was prepared, yet the total loss continues to accumulate. Therefore, as regards shipping it must be continued to be regarded as serious. The fact that no fishing vessels have been confirmed the idea that greater attention is now being given to the larger vessels."

## TORONTO Y.M.C.A. RAISES MILLION FOR WAR NEEDS

All Cities and Towns Exceed the Amounts Suggested as Their Share of Fund

Toronto, June 29.—Following a special meeting of the executive committee of the national council Y.M.C.A., Captain Charles W. Bishop, general secretary, made the announcement that the results of the Y.M.C.A. appeals for its military and other national work had realized approximately \$1,002,000. The amount that was asked for in connection with the budget for this year was \$750,000. The reports showed that almost all of the cities and towns in which campaigns had been held had exceeded the amount requested. Montreal led in giving \$280,000.

No matter what make of car you have, you should wear a

Put Your Battery in the Hands of its Friends

It is too vital a part of your car to be handled by anybody. It gives you power to crank your engine, the spark that keeps it going, and light at night.

Upon it depends the successful operation of your car.

Bring it in twice a month, and we'll test it—for expert testing is the first rule in battery care.

If you haven't distilled water at hand, we'll fill it.

If it needs repairs or recharging we'll do the work as you'd expect factory-trained experts to do it. And you won't lose the use of your machine the while, for we have a rental battery for your use while we're working on yours.

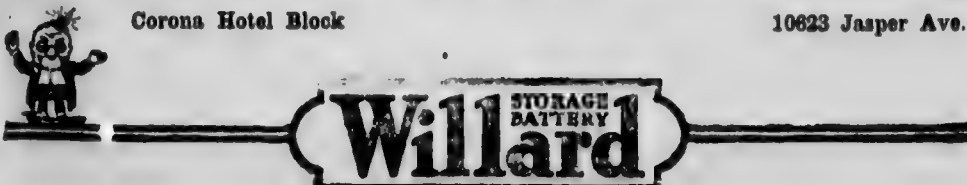

We're your battery's friend. Our job is to keep it on the job to your satisfaction.

## Sunday Services in City Churches

### Anglican

**At Christ Church**—Cor. 116th St. and 102nd Ave. There will be Communion services for the Jubilee of Confederation, combined with a memorial service for those of the parish who have fallen in the great war. Services will begin with morning prayer and Holy Communion at 11 a.m. Evening service will be at 7:30 p.m. Mr. W. McKim, M.A., will preach morning and evening. There will be no Sunday school held during the months of July and August.

**St. Luke's Church**—8 a.m. Holy Communion; 11 a.m. and 7:30 p.m. Sunday school; 2 p.m. Sunday school; 7 p.m. Evening service and sermon. Mr. W. McKim, M.A., will preach morning and evening. There will be no Sunday school held during the months of July and August.

**All Saints Pro-Cathedral**, 103rd St. The services for July 1st will be as follows: Celebration of the Holy Eucharist at 8 a.m. Morning prayer and Holy Communion (with sermon) at 11 a.m. Children's service in place of Sunday school, 2 p.m. Holy Baptism will be administered at 4 p.m. Evening service and sermon at 7:30 p.m. Daily service and intercession for the Empire and our troops at the front at 12:15 lasting about ten minutes. All are invited to join in this important work.

**St. Paul's Church**—Cor. 96th St. and 109th Ave. Services next Sunday will be as follows: Morning prayer and Holy Communion at 8 a.m.; Matins and Holy Communion at 11 a.m.; Sunday school at 2:30 p.m.; Evening service and sermon at 7 p.m. The Rev. Canon Towcroft will preach at both services. The evening service will be of a patriotic character.

### Baptist

**Alfred Baptist Church**—Services will be conducted by A. L. Marks. The subject will be "Patriotism and Consecration." As several important items of congregational business will be discussed, a full attendance is requested.

**McDonald Baptist Church**—Corner of 3rd street and 10th Avenue. Prayer meeting and lesson discussion, 10 a.m. Services at 11 a.m. and 7:30 p.m. will be conducted by the pastor, Sunday school and Bible classes, 2 p.m. The Ordinance of the Lord's Supper will be observed at the close of the morning service.

**Delton Baptist Mission**—11902 85th street. Sunday school and Bible class, 2 p.m. Morning service at 11 a.m. and evening service at 7:30 p.m. will be conducted by Mr. Adzehead. During the remainder of the holiday season the Sunday evening service will be postponed, the congregation being asked to assist with the McDonald Baptist church, Sunday school and the Thursday evening prayer meeting will continue as usual.

**First Baptist Church**—102nd street and 102nd Avenue. Oliver A. Carey, pastor, at 11 a.m. morning worship and Bible school. Sermon on "The Triumph of the Trivial, or Save the Waste and Win the War." Study period, 12 to 12:30. Evening worship at 7:30. Sermon entitled, "A Cure for the Blues." Solo by Mrs. Fred Howman and anthem by the choir. Celebration of the Lord's Supper after the sermon and kind of fellowship given to new members. Prayer meeting Wednesday evening at 8 p.m. Reports will be received from the delegates to the Baptist convention.

### Methodist

**Grace Church**, 96th street and 104th Avenue. The pastor, Rev. W. E. Galloway, will preach at both services which will be of a patriotic character. Sunday school at 2 p.m.

**Norwood Church**, 1548 95th street. Rev. Frederick W. Locke will conduct the services. Morning subject, "Sacrifice and Song." Evening subject, "The Jubilee of Confederation." Sunday school at 2 p.m. Midweek services: There will be no League on Monday. Prayer service on Wednesday evening at 8 o'clock.

**Metropolitan**. The Jubilee of Confederation will be the theme of the pastor, Rev. E. Val Tilton at Metropolitan Methodist church on Sunday. In the morning he will speak on the subject, "Is Our Government Christian?" At this service he will continue his story to the boys and girls on Jean Valjean. The subject for the evening, "Canada's Past, Present and Future." The Reserve Militia Band will be present at the evening service.

**Wesley**, corner of 117th street and 102nd Avenue. The pastor, Rev. J. H. Johnston, will preach for the League. At the morning service the address will be on "A Strange Answer to Prayer." The evening service will be patriotic in character and the address will be on the subject, "Fifty Years in a Nation's Life." There will also be a short address to the children at the morning service.

**Malborough**. The pastor, Rev. A. R. Tuttle, M.A., will preach at both services. Morning subject, "God's Care." Evening subject, "Canadian Resources and Ideals Past, Present and Future." At the morning service the anthem will be, "Still, Still With Thee (speaking) and a duet, "Anywhere With Jesus" will be sung by Mrs. Lecker and Miss Edna Chertman. The music at the evening service will be appropriate to the Jubilee of Confederation. The choir will render "O Canada" (Lange). The Rev. M. H. Shildrick will sing "Imperial Anthem" (Hawood). The organ numbers at this service will be "Carillon" (Edgar), "Hymn and Circumstances" (Edgar), and "Queen Victoria's Coronation March" (Cherry).

### Presbyterian

**Christian Church**, corner Norwood Boulevard and 96th St. Services as usual. Preaching at 11 p.m. Sunday school at 10 p.m. Sermon by the pastor, C. E. Evans. Subject, "Infallible Safe Business Proposition." Members and friends are especially requested to be present, so that matters pertaining to the annual convention, which convenes in Edmonton on Friday of next week, may be arranged.

**First Presbyterian Church**—A special patriotic service in celebration of the Jubilee of Confederation will be held in the First Presbyterian church on Sunday morning. Miss Beane will sing "Land of Hope and Glory." The Rev. M. H. Shildrick will preach. The subject of the service is "The Jubilee of Confederation." The service will be a scene depicting that event. The parts will be taken as follows: Canada, Miss Ella Taylor; Britain, Miss M. Dyer; the Red Man, Freddie Martin; Quebec, Miss Lucille Taylor; Ontario, Miss Katie McMillan; Nova Scotia, Miss Helen McLeod; New Brunswick, Miss Helen; Prince Edward Island, Miss Boyle; British Columbia, Miss Margaret McMillan; Manitoba, Miss Ethel Mackenzie; Alberta, Miss Helen Montgomery. Dr. McQueen will then speak on "National Ideals."

As the service is a joint one for congregation and Sunday school, both parents and children are invited to attend.

**Robinson Presbyterian Church**—11 a.m., regular quarterly Communion service; 4 p.m., sacrament of Holy Baptism will be administered; 7 p.m., anthem, "The Kindly Light" (Boyton Smith), solo, selected, Mr. A. W. Smellie. Subject of sermon, "The Individual's Gift to the Nation, or Practical Patriotism."

**Knob Presbyterian Church**—Main street, Edmonton South, Rev. E. McGowan, M.A., minister. The services on Sunday next will be of a patriotic nature, suitable to the celebration of the Dominion Jubilee. Capt. Duncan Cameron, a returned chaplain from France, will speak at both services. In the morning Sabbath school and service will be combined.

**Music at Knox Church**, Sunday, July 1st. Morning, solo, "The Recessional" (De Koven), Haden Morris; anthem, "Praise the Lord" (Mauder), A. S. McGowan and choir. Evening, solo, selected, Miss H. McLeod; anthem, "The Day Is Past and Over" (Mauder), Miss McLeod, Mr. McGowan and choir.

**Beverly, Grierison and McQueen Presbyterian**—Dominion Day will be suitably celebrated with a patriotic service at Beverly Presbyterian church at 11 a.m. Grierison Presbyterian church at 11 a.m. and McQueen Presbyterian church at 11 a.m. at 7:30 p.m. Principal N. D. Keith, of the United College, will conduct the service. The music will be of a special nature. A cordial invitation is extended to all.

**Westminster Church**—"The Nation's Need" will be the preacher's subject in Westminster church on Sunday morning. "Fifty Years in His Dominion" will be the subject in the evening. Rev. H. J. Keith will conduct both services. Morning, anthem, "Lord We Praise Thee" (Robertson). Music for the evening service, anthem, "Saviour, When Night Involves the Skies" (Shelley).

**Erskine Presbyterian Church**—corner 18th Avenue and 94th street. Services at 11 a.m. and 7:30 p.m. Jubilee services. Mr. Ely of Westminster church will address the children at the morning service. The pastor, Rev. W. K. Thomson, will preach at the evening service.

**Rupert Street Presbyterian Church**

## Heroes and "Slackers" and Why

The International Sunday School Lesson for July 1 is "Isaiah's Call To Heroic Service."—Isa. ch. 6.

By WILLIAM T. ELLIS

Like a burning hand thrust out of the far past of Palestine and Babylon, to throw light upon the living issue of courage versus cowardice, heroes or "slackers," comes this message for the millions of Sunday School members from the old book of Isaiah. It is pertinent and as timely as it kindled yesterday in the office of a great editor or prophet. Human, personal, vital, the summons is like a great recruiter's call.

Old Isaiah comes right down to date to help us clear up our foggy thinking. He fulfills the living prophet's office of helping men to see their present life in the light of eternal considerations. What every true preacher in Canada and the United States should be doing in the present crisis, this ancient Hebrew seer accomplishes. For there is no denying the fact that many persons are not seeing straight upon the tremendous issue raised by the war. They are still talking in terms of personal comfort and safety and profit. They argue as if enlistment were a matter of individual caprice or convenience. Whereas the whole problem is one of perception of a great spiritual truth, and a realization of the Eternal.

Formal religion helps little in a crisis like the present, though, as a Canadian leader said to me recently, "There are no slackers in the churches." Men of faith and courage have been kept so squarely up against ideals and duty that it is almost instinctive with them to answer the great call. A man's conduct in a crisis is usually determined by his habitual attitude toward God. Real greatness comes, as it came to Isaiah, by a vivid real and immediate sense of the Supreme Being. Getting a clear vision of God makes the hero; lack of it the "slacker."

**The Look That Made a Hero**  
In a troubled time, when self-interest was enervating the men in high places, who should have been the foremost patriots, this man Isaiah was given a glimpse of Jehovah, high and lifted up, amid all the glory of the train of heaven. The majesty of the Most High was unveiled to him for an instant. That which the seraphim could not behold with unveiled faces was permitted to Isaiah. For man is a coward, and bent on saving something not worth saving, his ignoble self. Whereas, could he but view things in due proportion, and acquire a sense of his insignificance except as he serves the will of God, he would at once possess that which cannot be lost, a heroic spirit.

Because this realization has taken possession of millions in our land and day, they freely give up their dearest at the call of patriotic duty. What parent would not rather give a son to death for a noble cause than to have the mere physical companionship of a coward? What mother would save the body at the cost of the soul? The touch of God upon the spirit makes the hero, even as it did of Isaiah. It was a negro poet, Paul Lawrence Dunbar, who wrote the day's message in verse:

"Long since, in sore distress, I heard one pray,  
"Lord, who prevailst, with resistless might,  
Ever from war and strife keep me away.  
My battles fight."

"I know not if I play the Pharisee,  
And if my brother after all is right;  
But mine shall be the warrior's plea  
To Thee—  
Strength for the fight!"

"I do not ask that Thou shalt front the fray,  
And drive the warring foe from my sight;  
I only ask, O Lord, by night, by day,  
Strength for the fight!"  
"When foes upon me press, let me not quail,  
Not think to turn me into coward flight,  
Only ask, to make my arms prevail,  
Strength for the fight!"

—On 106A St., near 70th Ave. Rev. C. H. McClellan, minister. Sabbath school at 3 p.m. Meeting for prayer and Bible study, Wednesday, 3 p.m. The public service on Sabbath, July 1st, will be of a specially patriotic nature, commemorative of the fiftieth anniversary of the Confederation of Canada. It is requested that as many as possible join in the worship of God. The minister will speak on "His Dominion."

**Westmont Presbyterian Church**—Owing to repairs and decorating being carried out, there will not be any services in the Westmont Presbyterian church on Sunday, July 1st. Special re-opening services will be held on Sunday, July 8th.

**Dundonald Presbyterian Church**—Forest Heights—Rev. J. T. Thomson, minister. Jubilee of Confederation services, 11 a.m. Sunday school and Bible class. Patriotic addresses morning and evening. Evening subject, "Canada's Fifty Years of Blessings." Show your patriotism by attending.

**The Welsh Church**: Services at Assembly Hall, Williamstown block, Morning, 11 a.m. Sunday school; evening, 7:30 p.m. public worship. Services will be conducted by Mr. Griffith Davies, Edmonton South.

**I.B.S.A.**: J. B. Williams, of the I.B.S.A., speaks next Sunday (Dominion Day) in the Bijou theatre at 3 o'clock on the subject, "The Dominion of God," or "The Keys of World Dominion."

**Miscellaneous**

**First Church of Christ, Scientist** (Christian Science), corner of 118th street and 102nd Avenue—Services on Sunday at 11 a.m. and 7:30 p.m.; Sunday school at 12 o'clock. Mid-week services Wednesday at 8 o'clock. Reading room, 107 Adams street, open to public every week day from 12:30 to 5 p.m. Public cordially invited.

## Does The Country Want Food-Control?

The wolf is at the door of the world, so Mr. Hoover reminds us, and he would meet it with the Food-Control Bill that aims to reduce the cost of living in the United States and to bring victory nearer by feeding her Allies.

"In the last five months," says Mr. Hoover, "\$250,000,000.00 has been extracted from the American consumer in excess of normal profits of manufacturers and distributors." As evidence that the unprecedentedly high prices of food are largely due to "rampant speculation," he points out that "the average prices to the consumers in countries where food administration is now in effect, are lower than those prevailing in the United States, although those countries are mainly dependent upon us for their supply."

In THE LITERARY DIGEST for June 30th, this most important subject to the American public is presented in all its ramifications. THE DIGEST telegraphed to newspaper editors in every section of the country asking for an expression of the local sentiment as to the Food-Control Bill, and the results of this investigation are shown. There is no other subject that more directly concerns the people of Canada and the United States today.

Other topics of unusual interest in the June 30th DIGEST, are:

## How the "Digest" Deals With Business—Big and Little

By no means, the least valuable service which THE DIGEST performs for busy men of affairs, is the way in which it treats business conditions, banking, investments, and other financial matters, each week.

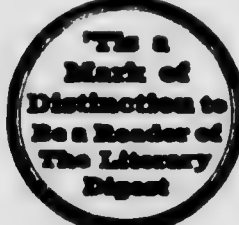

In an hour's reading, or less, the business man can get a grasp on the most important phases that have developed throughout the week. The consensus of the most highly skilled financial specialists, gleaned from the

newspaper and periodical press of the world, is freed from useless verbiage and is presented in concise, accurate form, for quick reading and assimilation. There is no line of industry, or finance, or banking, whose conditions are not reflected in THE DIGEST from week to week.

Get THE DIGEST this week, and see what a useful service this Department will perform for you.

# The Literary Digest

PUNK & WAGNALLS COMPANY (Publishers of the Famous NEW Standard Dictionary), NEW YORK

truth became personal, all duty, immediate. He was of the sort who ask, "What can I do about it?" Every cause of righteousness made its appeal to him. As a consequence of that vision and of that voice, Isaiah became the prophet who has been speaking to mankind through all the centuries since. When a choice spirit says "Here am I" to God, the consequences are to be vast beyond all prediction. God touches the lips of such men, and makes them His messengers to the whole world.

**When a Nation Goes "Soft"**  
Degrade Judah was like, some parts of our own land—"soft," enervated, fat, heavy-eyed, dull-colored and belly-full. As soon as Isaiah said "Here am I; send me," he was given a commission to try to awaken his nation. But the people would not hear. He could not make them understand the perils that confronted them. In a great day, the people were so engrossed with small and selfish things that they were blind and deaf to their opportunity.

Ask any present-day prophet, and he will freely admit that North America does not yet realize the meaning of the world war. Even Canada, despite the casualty lists in the daily papers, is not wholly awake. The crisis has not bitten into the soul of the nation. The people are too prosperous. In a day calling supremely for idealism, we are merely making money. "Good times" mean more millions than ever before; so what care they for the holy issues that are being decided in France?

That remnant should save the "Chosen People," was Isaiah's message. The soft selfishs should suffer, and suffer in the flesh they had pampered. But a

**The "Send Me" Men**  
This Hebrew in the long ago, after his glimpse of God, heard a voice. The other kind of men do not hear voices; that is their unrealized tragedy. In a time when God is calling, they do not even hear. Their ears are shut and their hearts are dead. There are many men in our land, physically fit for the day's supreme duty, who have not so much as felt an intimation in their small souls that this is God's great hour, and that it is calling all who are worthy to enlist under His banner for the fulfillment of heaven's great goals. That justice, honor, democracy, righteousness and peace are at stake is not even perceived by them; for they are of those whom Lowell classifies upon the left hand:

"Once to every man and nation comes  
A moment of decision;  
The time of truth has come, to decide  
For the good or evil side;  
Some great cause, God's new Messiahs,  
Offering each the bloom or blight,  
Parts their goods upon the left hand,  
And sleep upon the right;  
And the choice goes for by force, 'twixt  
That darkness and that light."

The voice heard by Isaiah—and how it still speaks as through the ages—cried, "Whom shall I send, and who will go for us?" That is God's call for men. He is self-initiated for the purpose of men to co-operate with Him. The thing He cannot work without, and that is men. Just as the prayers of stay-at-homes cannot assist win this war, so the divine mind of compassion and good will, and all the outpouring love of the Father in heaven for humanity, wait upon the willingness of men to work with Him. As for Isaiah, he was a volunteer, of the sort who make reply at the first call, "Here am I, send me." To him a

reels, Cal. and Pastor C. H. Thompson of Minneapolis, Minn. Besides the provision for urgent needs to meet provincial growth, there will be important and significant addresses upon questions connected with the war and the outcome of the present world situation.

**Burns**

# Military Gossip

## Fifty Men Were Recruited For Overseas Service in City of Edmonton in the Month June

Army Service Corps Takes The Lead With Fourteen Signed On—Engineers, Medical Corps and Naval Reserve Only Units With Offices Open Left—Strict Medical Examination Results In The Rejection Of Many Applicants.

Something over 40 men have already been recruited in Edmonton since the first of the month for overseas service in the engineers, army service corps and army medical corps. Those who have signed on for the Canadian Naval Reserve will bring the number up to a hundred by the first of July. All of which goes to show that although recruiting has slowed down materially from the time when a whole battalion was raised in a few weeks it has not stopped altogether.

### Medical Test Severe.

Probably three times as many men offered themselves in the various services but the number who passed down of the strict medical examination, and for every one who is signed and attested two are rejected. The recruiting officers grudge their teeth and with things under their breath which are contrary to the military regulations in such case made and provided, but the examining board severely goes its way, and work heartily with the result that the foot and other ailments do their work with deadly effect in weeding out the unfit. To be sure, they are, telling such stories as that of a certain recruit for the Rutherford forestry company, who was "turned down" by the doctors but who, when he had shaved his moustache and waited a week, and again and this time passed with flying colors. But this tale may be apocryphal. It is certainly an exception. Usually one rejected it is stay rejected. The judgment of the board is like unto the law of the Medes and Persians, which altereth not.

### Four Units Recruiting Here.

A few months ago there were a dozen units recruiting men in Edmonton. One by one they have been drawn and closed their offices until only four are left. The artillerymen, the inland water transport, the divisional ammunition column, the home defence force, the forestry, have all gone. The Canadian Engineers, the Canadian Army Medical Corps, the Army Medical Corps, and the Canadian Naval Reserve alone are carrying on business.

### C.A.S.C.'s Good Record.

The Army Service Corps has the best record as to the number of men taken on since the first of the month, with fourteen recruits. It is recruiting exclusively for the motor transport just now, and all the men signed on have been motor drivers. Special experience and qualifications are not required for a recruit as he has to go through the motor school at Shorncliffe before going on duty. He has the advantage of his comrades in other branches of the service in that he has learned a useful trade when he leaves the army.

The following are the men who have joined the C.A.S.C. since June 1st: Philip W. Blundell, W. A. Hall, Albert Cole, William Dupont, Harry Hodgkinson, J. M. Campbell, R. Shiller, J. LeDoux, E. J. Kelly, and A. P. Dea, of Edmonton; Paul R. Steele, Loughheed, E. W. Miller, T. Watnaw, R. M. Trickle, Grande Prairie, and F. Cowling, Clover Bar. Most of these will be made up in a draft and proceed overseas at once to begin their training.

### Engineers Popular.

A fair number of men from this district have chosen to sign up with the engineers, always one of the most popular branches of the service, notwithstanding that it means work and danger. One of the most notable of the month's recruits is W. McLaughlin, superintendent of the Yellowhead coal mine. Others are: William Scrimgeour, a blacksmith from the South Side; L. Storey, of the Imperial Bank; James Sangster, Dick West and Earnest Wolfe, all Edmonton auto drivers; Harold T. Berry, of Battleford, Sask., a carpenter in the C.N.R. shops; D. A. James, gas engineer; Wainwright; James Fleet, of Edmonton, farmer; and Ronald S. Comford, of Red Deer. A draft is now being made up which will leave in a few days for St. John, Quebec, where the Dominion training camp is located.

Other men who have already gone are: Ernest Mathews and J. H. Griffiths, both gas engineers; W. J. McElroy, Ottawa, chauffeur; R. M. Osborne, Hudson's Hope, telegraph operator; and E. J. Collins, Edmonton, train dispatcher. C.N.R. The three of whom have joined the signal service, divisional signal company; and G. G. McPhee, Vermilion, gas engineer. The Divisional Signal Company is now recruiting in Alberta and recruiting offices at Calgary and Edmonton. The class of men required being students, telegraph operators, telephone linemen, electricians, signallers, stenographers, cyclists, motor cyclists, motorcycle mechanics, despatch riders, drivers, saddlers, harness makers, wheelwrights, blacksmiths, carriage and shoeing smiths. It is the duty of the signal company to maintain communication between battalion and divisional headquarters. The lives of 20,000 men or more may be endangered by the inefficiency of this unit.

## FIRM BELIEF OF MEN IS THAT BOSCHE BEATEN

Major H. I. Miller, Ex-Manager Bank of Commerce, Wetskiwin, Writes Interestingly

Major H. I. Miller, formerly manager of the Canadian Bank of Commerce at Wetskiwin, writes a very interesting letter regarding activities at the front to the bank management who publish it in their list of letters from former employees.

"I suppose you are more or less covered up with letters from your 'old boys' at the front, but even one may not hurt," says Maj. Miller. "Our battalion, following the fate of practically all the others, was broken up in England in October last, and I came to the front in another Edmonton unit, as you are doubtless aware, and one which has made an enviable name for itself in many hot engagements and tight corners. It is simply remarkable how many of the old boys of C. men one runs across out here and in England. They seem to be everywhere and in every capacity; many a good old gossip I have enjoyed over old battles, but even one may not hurt. I have regretted never having been able to run across in Billy Gibson, although I have heard of him repeatedly.

"Winter weather in the front line trenches was not exactly as pleasant as a comfortable office, but, honestly, it is hard to find a grouse; and, no matter under what conditions, there is a perpetual smile on the faces of our splendid fellows. Everywhere is the firm belief that the Bosche is beaten on his own game, and it is only a matter of time until he is made to crawl. Our artillery is magnificent, and one of the most agreeable sights one can imagine is some of our 'heavies' pounding the very daylight out of the Bosche's trenches, and to see the air fairly crowded with mud bags, trench mats, earth, etc., etc., and occasionally other things that look more human.

"There is rather a good story told over here of a young chaplain who returned to England a short time ago and was asked to take part in the service of a large city church; incidentally, he had taken considerable interest in drill. The church was crowded and several ministers were expected to attend immediately in front of the reading desk. The lesson was the parable of the Prodigal Son, a certain passage of which the chaplain read as follows: 'And the young man said unto himself, I will arise and go to my father, and will say unto him: Father, I stand at ease.'"

## ELEVATOR FIRE NEAR LETHBRIDGE THIRD IN SERIES

Grain Storehouse at Carmangay Burned With Ten Thousand Bushels

Lethbridge, June 29.—The third elevator to be destroyed by fire along the Alderside line of the C.P.R. out of here was burned to the ground at Carmangay, this morning, with the loss of 10,000 bushels of wheat. Last week an elevator at Barons was burned and some weeks ago an elevator at Vulcan, on the same line.

## BRITISH FORCES IN MESOPOTAMIA WELL ORGANIZED

The Times' Military Expert Shows Contrast With Early Expeditions

London, June 29.—The military correspondent of the Times, gives a long detailed account of the present conditions of British forces in Mesopotamia showing a complete contrast with the revelations in the report on the Mesopotamian expedition made public Tuesday night in the blue book of the House of Commons. The writer says that there is no admirably organized army, but a great change has occurred in India, which is the result of the expedition, although control has been transferred to the war office at London. Bombay is the base depot and is most efficiently administered. Shipping and hospital arrangements are very good. Everything is efficiently organized. The Indian correspondent says, is now doing more than she is receiving credit for. Her government recognizes the fact that the past, determined to do all that is possible and an orderly new spirit has arisen. The writer says events in Russia considerably influenced the British position in Mesopotamia, and in consequence of the inaction of the Russian army the situation of the Caucasus has been improved. The Anglo-Indian army would now form the left of the Russian line. General Yudenich was removed and an offensive occurred. The situation required and presumably received the earnest attention of the British government, the writer concludes.

## TWO FRENCH BOATS SUNK

Paris, June 29.—Two French merchantmen of over 1,600 tons were sunk in the week ending June 24, according to the weekly announcement issued here today. The boats were sunk by German submarines in the week ending June 24, according to the weekly announcement issued here today. The boats were sunk by German submarines in the week ending June 24, according to the weekly announcement issued here today.

## KING AND QUEEN TO HONOR CANADA

London, June 29.—(C.A.P.)—The Canadian Confederation Jubilee services in Westminster Abbey on Monday next, when the King and Queen will be present, will be conducted by the dean of Westminster, who will give a commemorative discourse in the form of an account of the Abbey's great history. All canons and choir will be present and a Canadian band is to join with the organ in the music. The singing program includes "O Canada," "The Maple Leaf" and the National Anthem.

## MASON AND RISCH

Mason & Risch have been in the Piano Makers' business so long that it is only a fact to say that the Mason & Risch name is the best-known piano name in Canada.

But LENGTH of service is secondary to STRENGTH of service, and it is not years alone that have given us supremacy, but the fact that during all of our years of growth we have consistently elevated the business we are engaged in, and thus the Mason & Risch name is the best-known name PRIMARILY BECAUSE IT signifies THE BEST KNOWN PIANO.

If you are looking for the best made, and if you wish to buy a Mason & Risch Piano or Player-Piano on a convenient payment plan, it will be arranged to meet with your requirements.

We have a slightly used upright piano, at one half original price.

Five organs, reliable makers, in first class condition. Terms arranged.

MASON AND RISCH Limited

10156 JASPER AVE. Phone 2436. K. M. MacMillan, Local Manager.

## FEAR 23 DEATHS WHEN MONGOLIA WENT TO BOTTOM

P. and O. Liner Destroyed by a Mine With Storm Doing Its Worst

London, June 29.—The Peninsular & Oriental Steamship Company, announces that it fears that three passengers and six white and fourteen natives, members of the crew of the liner Mongolia, were killed by the mine explosion which sank the vessel off Bombay, June 28. The company announces that the remainder of the passengers and crew numbering about 450 were landed safely on the coast, notwithstanding the monsoon that was prevailing at the time.

## SERVICE BEGINS JULY 9

The C.P.R. Monday morning service from Alberta Beach will not commence until July 9th at 6:45 a.m. at Alberta Beach, arriving in Edmonton at 8:15 a.m.

## DUTCH WARSHIP IN U.S. PORT

An Atlantic Port, June 29.—A Dutch armored cruiser, the first warship flying the flag of Holland to come into this port for many years, arrived here today and will remain several days. It is reported she will act as convoy for a number of Holland passenger and freight vessels, and is ready to leave American ports.

## 1,000,000

Millions of people die every year from Consumption. Millions could have been saved if only common sense prevention had been used in the first stage. Asthma, Bronchitis, Pleurisy, Pneumonia, Weak Lungs, Catarrh, Cough, Colds and Diseases of the Respiratory Organs—all lead up to Consumption—Tuberculosis. Dr. Strandgard's T.B. Medicine is a most successful treatment for above-mentioned Diseases. Awarded Gold Medal for Medicines at the three International Exhibitions—London, 1910; Paris, 1911; Brussels, 1910; and in Rotterdam, 1909. Write for booklet. Correspondence invited.
